Attraction Explained - Viren Swami
2015-12-22

How much does appearance matter in the formation of romantic relationships? Do nice guys always finish last? Does playing hard-to-get ever work? What really makes for a good chat-up line? When it comes to relationships, there's no shortage of advice from self-help 'experts', pick-up artists, and glossy magazines. But modern-day myths of attraction often have no basis in fact or - worse - are rooted in little more than misogyny. In *Attraction Explained*, psychologist Viren Swami debunks these myths and draws on cutting-edge research to provide a groundbreaking and evidence-based account of relationship formation. At the core of this book is a very simple idea: there are no 'laws of

attraction', no foolproof methods or strategies for getting someone to date you. But this isn't to say that there's nothing to be gained from studying attraction. Based on science rather than self-help clichés, *Attraction Explained* looks at how factors such as geography, appearance, personality, and similarity affect who we fall for and why.

Sexual Attraction - Mark Cook 2016-06-03

Sexual Attraction is a very interesting and creative study on how humans get attracted to their opposite sex, presenting scientific basis of sexual attraction among humans. This book begins by elaborating on sexual arousal in humans, which is followed by a discussion on what is sexually desirable for a person. This discussion examines physical appearance of humans that contributes to sexual attraction. The two subsequent chapters are devoted to examining sexual behaviors, particularly the interesting topic of "love at first sight and the concept of love. This book then explains how attraction can lead to marriage, explaining how two persons sexually attracted to each other successfully prolong the attraction and have a lasting relationship. This book ends by explaining the responses of other people who believe their unattractive appearance is the cause of their dull social and sexual lives. This book will surely be of interest to anyone interested in exploring sexual attraction. Because this book is science-based, it is helpful as well to those in the field of psychology and counseling.

I want to teach you how to be a true gentleman - both highly-respected and attractive to others.

Money, and the Law of Attraction - Esther Hicks 2008-08-12

This Leading Edge work by Esther and Jerry Hicks, who present the teachings of the Non-Physical consciousness Abraham, explains that the two subjects most chronically affected by the powerful Law of Attraction are financial and physical well-being. This book will shine a spotlight on each of the most significant aspects of your life experience and then guide you to the conscious creative control of every aspect of your life, and also goes right to the heart of what most of you are probably troubled by: money and physical health. Not having enough money or not having good health puts you in the perfect position for creating more of that which you do not have. This book has been written to deliberately align you with the most powerful law in the universe - the Law of Attraction - so that you can make it work specifically for you.

Law Of Attraction - Zachariah Albert

2019-07-26

Are you ready to manifest anything you want into your life? Looking closely at our everyday life, you will realize that the law of attraction is present all the time. Most people do not notice the connection because of the time lag between their thoughts and the manifestation of their thoughts. However, there are some things that happen to us that we feel happened as a result of a coincidence, not knowing it is the law of attraction that is at work. For instance, have you ever thought of calling a friend, and the friend calls you around that time? Or have you ever thought of picking up your phone, and your phone rings at that instance? These experiences are not coincidences; they are a result of the law of attraction. We get more of what we focus on in life. That is why you need to get more creative with your thoughts. In this book, I am going to show you how you can consciously and deliberately attract good things into your life by aligning your thoughts in the right way.

Focusing more on things that make you happy increases your chances of attracting things that make you happy. The other side of this is the negative side which is when you focus on things you are not happy about, you tend to attract things that will make you sad. For instance, if you focus on wealth and good health, you attract wealth and good health. However, if you focus on poverty, you will attract a situation that will rob you of the little things you have gathered. Here's a sneak preview of what you'll learn from this book: □What the Law of Attraction is □The Science behind it □How to attract Love using the LOA □How to attract Money using the LOA □How to attract Happiness using the LOA □How to attract Health using the LOA □How to be more Positive using the LOA □How to Integrate the LOA into Your Daily Life □and much much more! "Why Understanding All The Ins And Outs Of This Is Crucial!" This is one area you must pay attention to... If you are experiencing hard times in your life, it is very important that you become familiar with the term "law of attraction," or LOA. The law of attraction states that you are basically responsible for all the circumstances of your life, whether good or bad. You draw everything into your life that exists. You have the power to create positive circumstances in your life, you just have to know how to harness the power of the law of attraction. Let me explain... The law of attraction has to do with every part of your being. Everything from your thoughts, to your emotion to your actions either adds to this power or takes away from it. Would you believe me if I told you that it is possible for you to accomplish all of your dreams and be truly happy in life? Well it is true and it is much simpler than you probably think. All you have to do is believe and trust in the universe and use the power of the law of attraction and you will surely be rewarded for your efforts. And the worst part? The more you don't know the less you will succeed! Make no mistake about it... The Costs of NOT Getting All The Info You Need Are Just Too High! Your lack of knowledge in this area may not be your fault, but that doesn't mean that you shouldn't -- or can't -- do anything to find out everything you need to know to finally be a success! The costs of continuing to repeat this pattern are just too steep... I mean, think about all of the money you're wasting because of

how continuing to try things that don't work costs you money... the time you're losing due to going around in circles is also time-consuming... and that's not to mention the toll it's taking on your personal life, like the way the failed attempts over and over can impact personal life/relationships. So today -- in the next FEW MINUTES, in fact -- we're going to help you GET ON TRACK!
