

Getting Over Crush Rejection

Rejection Free For Authors Scott Allan 2022-07-25 Rejection Free For Authors is a practical, no-holds-barred book written to empower authors to break through fear, eliminate perfection, and write the books they love. *Rejected* Jon Friedman 2009-01-27 Besides being born and dying, the most common human experience is being rejected-dissed, dumped on, or downsized-by lovers, parents, and employers. Now here's a hilarious collection of rejection stories-and rejected works-by some of today's most accomplished comic writers and performers (some world famous) sharing their pieces that were ripped to pieces and their own experiences of being handed their hats, heads, and hearts on a platter. • Bob Witfong recalls being hired as a correspondent by The Daily Show but never called in to work; then being fired by mistake; then going on air and called "creepy" by bloggers; and then actually being fired. • Meredith Hoffa has her pubescent crush destroyed by a new haircut modeled on Mary Stuart Masterson's in Some Kind of Wonderful just when "the size of my face and body had caught up to the gigantic size of my teeth." • Joel Stein (celebrity interviewer for Time) receives an earful from Buddy Hackett who, before slamming down the phone, says: "You're being kind of, what do you call it, I don't know, those wise-guy papers? Tabloids." • Dave Hill offers his piece for a British "lad" mag in which he went undercover with a police vice squad, an article killed because he didn't go "far enough" with a transvestite prostitute. • Jackie Cohen fails her audition for the synagogue choir-at age five. And many more too painful to mention. Featuring essays, jokes, sketches, cartoons, and articles passed on by venues as varied as Saturday Night Live and Reader's Digest, Rejected is a priceless compilation that reminds us it's a-okay to be a big loser.

Top Ten Reasons Your Novel is Rejected Lois Winston 2012-11 Over the years Lois Winston has given workshops and talks to several thousand aspiring writers. As a literary agent, she's listened to hundreds of pitches and read through tens of thousands of query letters and manuscript submissions. Being both a published author and a literary agent gives her a unique perspective on publishing. She knows what it's like to be the writer whose only desire is to sell a novel, and she knows what it's like to have to crush someone's hopes with a rejection letter. It wasn't until she started sending out those rejection letters that she began to have a better understanding of why so many writers receive them. What she's come to realize is that most manuscripts are rejected by agents and editors for one or more of ten basic reasons. Writers have control over some of

these reasons but not all of them. This book will discuss these ten reasons and how writers can control more of their destiny by not falling prey to them. Whether your goal is to be published by a legacy publishing house or you plan to self-publish, this book contains invaluable information about self-editing, grammar, punctuation, point of view, telling vs. showing, passive vs. active writing, dialogue, narrative, voice, style, hooks, query letters, and synopsis writing. Key words: writing research, authorship, grammar & punctuation, editing & proofreading, composition & creative writing, publishing & books, writing skills

Rejection Proof Jia Jiang 2015-04-14 An entertaining and inspiring account of conquering the fear of rejection, offering a completely new perspective on how to turn a no into a yes. Jia Jiang came to the United States with the dream of being the next Bill Gates. But despite early success in the corporate world, his first attempt to pursue his entrepreneurial dream ended in rejection. Jia was crushed, and spiraled into a period of deep self doubt. But he realized that his fear of rejection was a bigger obstacle than any single rejection would ever be, and he needed to find a way to cope with being told no without letting it destroy him. Thus was born his "100 days of rejection" experiment, during which he willfully sought rejection on a daily basis--from requesting a lesson in sales from a car salesman (no) to asking a flight attendant if he could make an announcement on the loud speaker (yes) to his famous request to get Krispy Kreme doughnuts in the shape of Olympic rings (yes, with a viral video to prove it). Jia learned that even the most preposterous wish may be granted if you ask in the right way, and shares the secret of successful asking, how to pick targets, and how to tell when an initial no can be converted into something positive. But more important, he learned techniques for steeling

himself against rejection and ways to develop his own confidence--a plan that can't be derailed by a single setback. Filled with great stories and valuable insight, Rejection Proof is a fun and thoughtful examination of how to overcome fear and dare to live more boldly.

The 48 Laws of Power Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Bouncing Back from Rejection Leslie Becker-Phelps 2019-12-01 Go beyond your fear of rejection to develop confidence, compassionate self-awareness, and resilience! Do you have a fear of rejection? If so, you aren't alone. But if you have difficulty bouncing back after rejection, experience intense pain as a result, or if the fear of rejection is so crippling that it interferes with your everyday life, it's time to make a change. This groundbreaking guide can help. With this book, you'll learn why you fear rejection by gaining an understanding of your unique attachment style. Secure attachment is defined as a feeling of being protected and well-cared for. People who experience secure attachment as young children are more likely to be happy, healthy, and resilient adults. On the other hand, insecurely attached people are less likely to cope well with rejection, and may have trouble "bouncing back" after difficult experiences. Once you understand how your attachment style has informed your fears, you can begin the work needed to overcome them! Using the theory of attachment, and the five domains of awareness: Sensations, Thoughts, Emotions, Actions, and Mentalizing (STEAM), you'll learn to relate to yourself and to others in more positive ways, even when difficult situations arise. So, whether you experience rejection in a romantic relationship, at work, or with friends, you'll have the resilience needed to recover quickly and focus on what makes you special and unique. This isn't a book that promises to protect you from future rejection. Unfortunately, rejection happens to everyone and is a normal part of life. But you will learn skills to handle this rejection and come to see it as less scary. With this view, you'll gain confidence, self-awareness, and the resilience needed to bounce back, even when life throws you a curveball.
