Online Dating Secrets - Adam Pearson 2017-07-13

Why You Should Read This Book I remember it like it was yesterday. My life was so boring and so pathetic. Until November 2012, I was a complete failure with women. I could not talk to women, approach women, or even message a woman. I was scared petrified. I'll give you a real life example: There was this girl. I knew her in real life. A friend of a friend had given me some information about a job, in the same market as she worked in, and she had recently lost her job, (a different friend told me), so I added her on Facebook after like an hour of contemplating, then typed a message, deleted it, and this went on for about 3 hours, and it was 10 lines. If that was completely innocent, just imagine how useless I would have been, if I had tried online dating back then... One day I read an article in a magazine about a guy who had slept with over a hundreds of women in less than two years!!! This article wasn't saying much about dating tips or secret technique, but I was fascinated and suddenly willing to face the fact that I need to learn something new to successfully date hot women. I asked myself one simple question that changed my way of thinking about dating & relationships... If we can learn how to start a business, how to repair a car or how to speak a new language, can we learn how to date, flirt, love and have success with women? What Do You Think? Of Course We Can... I'm pretty sure that with the help of a good teacher with good dating tips from a good dating guide, sky is the limit, no matter how you look, no matter your age, no matter your size, etc. This is why, five years ago, I took my credit card and bought all the Internet Dating Relationship Guides that were available on the market at that time... and it cost me \$247 exactly... nothing less... I still remember the bill on my credit card... If on one side I can tell you that it cost me a lot of money... on the other side I can also tell you that I learn a lot from it... Some of these dating books were just awesome, while some others were just a suite of words from experts who seem to know nothing about how to date women, or seem to live in a kind of imaginary world with imaginary women, where nobody else lived. I would even say that most of what's being taught in some "experts' dating advice books" isn't working at all... The bad thing is that all those bad experts are just fooling men into thinking that this "popular understanding" of how to relate with women actually works. They're somewhere trying to make you believe that if you keep using their online dating techniques (techniques they've probably never tried), that one day it will all work out... but believe me, it won't. For sure, now I know what works and what doesn't... Men who have success with women and have the opportunity to date beautiful hot young women are much happier in life than all others that can't. Success makes them proud and more confident in all aspects of their life. This is why you can't afford to ignore this book. There are a lot of advantages of being successful when dating women, but the biggest advantage is that it has a direct effect on all other aspects of your life. Just imagine the strong effect your new hot girlfriend can have on your friends, family, employer or associates... Believe me, the day you walk hands in hands with a dream girl, you feel more confident, and it completely changes the way others see you. You are suddenly seen as someone who deserves respect. Even your boss will be more likely to offer

you a promotion, a bonus or a pay raise...It's time! So regardless of where you live on this Earth, just as long as you can get on the internet, I will show you the [Online Dating Secrets](#) to get Hot Girls!

Discover The New Rules for Relationships and Dating Relationships are hard... especially for successful individuals. Achievers always want the best for themselves. But why is that harder to apply when it comes to relationships? Balancing your professional success with building a happy and fulfilling relationship is a real struggle. You deserve to have professional success and love at the same time. The good news is that you can have them both. The rules of dating have changed since the world has evolved. Both men and women can be successful and powerful, and that changed the dynamics of relationships. The rules of relationships have become more complex because people are looking for fulfillment beyond basic physical or material needs. And it doesn't help that social media is constantly promoting the negatives of being a successful individual when it comes to relationships. It's easy to look at the other person and point out what they do wrong. "Men are this way, and women are that way, and therefore love is impossible." The solution is found in [The Middle Ground](#). Part One of this three part book focuses on how we got here, who you are, what you qualify for and how to get what you qualify for. As an Executive and Commercial Leader, Glenn has spent the previous two decades developing relationships and controvogors in various industries. In his consultation, personal or relationship topics often arise. Glenn concluded there were some similarities with individuals that were experiencing professional success. The lack of relationship success is based on a lack of understanding between both parties. The when, why and how are discussed here: This is THE MIDDLE GROUND. Since meaningful relationships and human connection are more difficult to achieve, [The Middle Ground](#) focuses on helping you assess these essential aspects: • Identify what you really want. • Recognize what you qualify for. • Get crystal clear on what you want from others. • Find out how to get it. The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is

divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

How to Get Hot Girls Into Bed - Troy Francis 2017-06-12

This book has been over three years in the making. Three years of grinding it out in the trenches, approaching, dating, banging--and writing. This book is basically a download directly from my brain to yours of all my very most effective game, pickup and relationship techniques. Everything you need to know is in here, from how to approach her, to what to do on a date, to how to pull her home, to how to seduce her when she's there. If you want everything in one easy-to-read resource--red pill, day game, night game, Tinder and social circle game techniques, killer texting and dating advice, and laser-sharp insights into the current sexual marketplace plus how you can beat the system to bang the hottest girls--then this is the book for you. How To Pull Hot Girls is divided into three sections. The first is called 'Beginnings'. Here you can read all my freshest insights into the dating market. This is precisely the background you need--the red pill secrets that all the top players know that stop them getting eaten up and spat out by sexy girls. Why is dating so hard in the modern world? Is night game dead? Is Tinder worth it? What are the pitfalls of getting into a long-term relationship? What do girls these days want? Should you risk getting married, or commit to the life of a player. All of these questions and more are answered. The second section is all about 'Inner Game.' What exact personality traits and inner mental attitudes do you need to pull the hottest girls and what precisely to do you need to do to get them? It's all very well going out and approaching 1000 girls, but if you're not mentally prepared then it will be obvious to the women you interact with and you will get more blowouts than you do blowjobs. This section will give you all the tools that I use and that many of the best players in the world employ with great success. The third section, by far the longest, is all about 'Outer Game'. These are all the techniques that I use regularly when out and about picking up girls. In this section I really get down to the nitty-gritty in terms of what you should say, where you should take her, how to lead with confidence, and how to give off a sexual vibe without even opening your mouth. If you want an edge on the market then these are the insights you need. How To Get Hot Girls Into Bed is a compilation of essays on red pill, inner game and pickup. It is not a step-by-step guide. If you want that you should get my first book The 7 Laws of Seduction. How To Get Hot Girls takes my concepts to the next level with really in-depth reflections on what it is to be a player and how to be truly successful as a pick-up artist. A lot of the content on this book originally appeared on Return of Kings and / or realtroyfrancis.com , so you may recognise some parts. However, everything has been edited and reworked to make is super-fresh and actionable. Also, the material has been carefully arranged to take you on a journey that will teach you everything you need to know about game. Finally, the book brings into one place a lot of diverse material, meaning that it's easily accessible and you don't have to hunt all over the internet for it.
