Think Again Adam Grant 2021-02-04 Instant #1 New York Times Bestseller Listed as a Times Self-Help Book of the Year Discover the critical art of

rethinking: how questioning your opinions can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, the most crucial skill may be the ability to rethink and unlearn. Recent global and political changes have forced many of us to re-evaluate our opinions and decisions. Yet we often still favour the comfort of conviction over the discomfort of doubt, and prefer opinions that make us feel good, instead of ideas that make us think hard. Intelligence is no cure, and can even be a curse. The brighter we are, the blinder we can become to our own limitations. Adam Grant - Wharton's top-rated professor and #1 bestselling author - offers bold ideas and rigorous evidence to show how we can embrace the joy of being wrong, encourage others to rethink topics as wide-ranging as abortion and climate change, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, and how a vaccine whisperer convinces anti-vaxxers to immunize their children. Think Again is an invitation to let go of stale opinions and prize mental flexibility, humility, and curiosity over foolish consistency. If knowledge is power, knowing what you don't know is wisdom.

Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove's mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. Confessions of a Prairie Bitch Alison Arngrim 2011-06-14 For seven years, Alison Arngrim played a wretched, scheming, selfish, lying, manipulative brat on one of TV history's most beloved series. Though millions of *Little House on the Prairie* viewers hated Nellie Oleson and her evil antics, Arngrim grew to love her character—and the freedom and confidence Nellie inspired in her. In *Confessions of a Prairie Bitch*, Arngrim describes growing up in Hollywood with her eccentric parents: Thor Arngrim, a talent manager to Liberace and others, whose appetite for publicity was insatiable, and legendary voice actress Norma MacMillan, who played both Gumby and Casper the Friendly Ghost. She recalls her most cherished and often wickedly funny moments behind the scenes of *Little House*: Michael Landon's "unsaintly" habit of not wearing underwear; how she and Melissa Gilbert (who played her TV nemesis, Laura Ingalls) became best friends and accidentally got drunk on rum cakes at 7-Eleven; and the only time she and Katherine MacGregor (who played Nellie's mom) appeared in public in costume, provoking a posse of elementary schoolgirls to attack them. Arngrim relays all this and more with biting wit, but she also bravely recounts her life's challenges: her struggle to survive a history of traumatic abuse, depression, and paralyzing shyness; the "secret" her father kept from her for twenty years; and the devastating loss of her "Little House husband" and best friend, Steve Tracy, to AIDS, which inspired her second career in social and political activism. Arngrim describes how Nellie Oleson taught her to be bold, daring, and determined, and how she is eternally grateful to have had the biggest little bitch on the prairie to show her the way.

target insight and brazen wit to tackling the old-fashioned mentalities that keep women from living their lives to the fullest.

Viper Rum Mary Karr 2001-09-01 In her third collection of poetry, *Viper Rum*, Mary Karr delves into autobiographical subject matter; various beloveds are birthed and buried in these touching lyrics, some of which, as the title suggests, deal with drink: I cast back to those last years I drank, alone nights at the kitchen sink, bathrobed, my head hatching snakes, while my baby slept in his upstairs cage and my marriage choked to death. Precise and surprising, Karr's poems "take on the bedevilmings of fate and grief with a diabolical edge of their own" (Poetry). Also included is Karr's controversial and prize-winning essay "Against Decoration," in which she took aim against the verbal ornaments that too often pass for poetry these days--the "new formalism" that elevates form to an end itself.

Eating My Feelings Mark Brennan Rosenberg 2013 New from the author of Blackouts and Breakdowns--and in the tradition of Josh Kilmer-Purcell and Chelsea Handler--a collection of funny essays skewering the author's struggles with weight and body image, both as a kid in the 1980s and as a gay man in the 2000s. Mark Rosenberg has had more ups and downs with his weight than Oprah--but unlike Oprah, no one gives a sh*t. Coming of age very outrageously as an overweight, soon-to-be gay kid, he learns to relate to others by way of his beloved Melrose Place and Clueless--which serves him well when exiled to fat camp and faced with an opportunity to bribe an adulterous counselor or poison his stepmother by birthday cake--and thinks nothing of dressing as Homey the Clown (in blackface) for Halloween. This sets him up for adulthood in the image-obsessed world of gay men in New York City, where he hires personal trainers he wants to sleep with, applies an X-rated twist to Julie & Julia in an attempt to reach blogger stardom, and has an imaginary relationship with the man on the P90X workout infomercials that becomes a little bit too real. Hilarious, heartwarming (as if), and especially scandalous, Eating My Feelings leaves no stone unturned and no piece of red velvet cake uneaten.

There might even be one inside you right now, draining nutrients from your system via a tube growing from its midsection. Or maybe you've already got one around the house, somewhere, and you're responsible for its continued survival. You're saddled with a helpless being whom you've agreed to house and feed and love with all your heart for the rest of your life, more or less. Either way, you're confused, you're frightened, and 911 won't take your calls anymore. But don't despair! *Let's Panic About Babies!* is here to hold your hand and answer some important, age-old baby-related questions, including: - How can I be sure I'm pregnant? (Torso swells gradually until baby falls into underpants.) - Did I just pee myself? (Yes.) - What happens if I have sex during my pregnancy? (Your baby will be born with a full, lush beard.) - How can I tell if I've chosen the wrong pediatrician? (He/she can't pronounce "stethoscope.") - How do I make sure my baby loves me back? (Voodoo.) From the moment they're created until the day they steal our cars, our babies demand center stage in our lives. So join Alice and Eden as they tell you (and your lucky partner!) exactly what to think and feel and do, from morning sickness to baby's first steps. They know everything!

Slim to None Jenny Gardiner 2011-07-28 Abbie Jennings is Manhattan's top food critic until her expanding waistline makes staying incognito at restaurants impossible. Her cover blown on Page Six of the *NEW YORK POST*, her editor has no choice but to bench her—and suggest she use the time off to bench-press her way back to anonymity. Abbie's life has been built around her career, and therefore around celebrating food. Forced to drop the pounds if she wants her primo gig back, Abbie must peel back the layers of her past and confront the fears that have led to her current life. **It's All Relative** Wade Rouse 2011-02-01 How come the only thing my family tree ever grows is nuts? Wade Rouse attempts to answer that question in his blisteringly funny new memoir by looking at the yearly celebrations that unite us all and bring out the very best and worst in our nearest and

dearest. Family is truly the only gift that keeps on giving—namely, the gifts of dysfunction and eccentricity—and Wade Rouse’s family has been especially charitable: His chatty yet loving mother dresses her son as a Ubangi tribesman, in blackface, for Halloween in the rural Ozarks; his unconventional engineer of a father buries his children’s Easter eggs; his marvelously Martha Stewart-esque partner believes Barbie is his baby; his garage-sale obsessed set of in-laws are convinced they can earn more than Warren Buffett by selling their broken lamps and Nehru jackets; his mutt Marge speaks her own language; and his oddball collection of relatives includes a tipsy Santa Claus with an affinity for showing off his jingle balls. In the end, though, the Rouse House gifted Wade with love, laughter, understanding, superb comic timing, and a humbling appreciation for humiliation. Whether Wade dates a mime on his birthday to overcome his phobia of clowns or outruns a chubchasing boss on Secretary’s Day, he captures our holidays with his trademark self-deprecating humor and acerbic wit. He paints a funny, sad, poignant, and outlandish portrait of an an all-too-typical family that will have you appreciating—or bemoaning—your own and shrieking in laughter. Praise for It’s All Relative “[Filled with] sparkling humor . . . Listen to Wade Rouse—which you most assuredly should, especially if you value laughter and wisdom.”—Chicago Tribune “[Wade Rouse’s] stories are not only laugh-inducing, but also truly revealing of what it means to be a family through all stages of life, and show that no matter how kooky his family might be, love is what brings them together and defines them.”—St. Louis Magazine “Filled with uproarious one-liners and enough soul to truly satisfy, readers are going to clamor for a seat at Rouse’s holiday table! I can’t tell you how much I loved this book.”—Jen Lancaster, New York Times bestselling author of My Fair Lazy

Women Who Run with the Wolves Clarissa Pinkola Estés Phd 1995-08-22 NEW YORK TIMES BESTSELLER • One million copies sold! “A deeply spiritual book [that] honors what is tough, smart and untamed in women.”—The Washington Post Book World Book club pick for Emma Watson’s Our Shared Shelf Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society’s attempt to “civilize” us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

The Things They Carried Tim O’Brien 2015-09-24 The million-copy bestseller, which is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling.
