Why Men Want Sex and Women Need Love -

Allan Pease 2009

Sex is like air: it's not important unless you aren't getting any. And the international bestselling authors Allan & Barbara Pease focus their insight and wit on this, the most important, yet often most frustrating and confusing part of any loving relationship. In this practical, humorous and easy-to-read guide Allan and Barbara help the reader discover the truth about their partner - or future partners. The Monogamy Gap - Eric Anderson 2012-03-21

Whether straight or gay, most men start their relationships desiring monogamy. This is rooted in the pervasive notion that monogamy exists as a sign of true love. Yet despite this deeply held cultural ideal, cheating remains rampant. In this accessible book, Eric Anderson investigates why 78% of men he interviewed have cheated despite their desire not to. Combining 120 interviews with research from the fields of sociology, biology, and psychology, Anderson identifies cheating as a product of wanting emotional passion for one's partner, along with a steadily growing desire for emotionally-detached recreational sex with others. Anderson coins the term "the monogamy gap" to describe this phenomenon. Anderson suggests that monogamy is an irrational ideal because it fails to fulfil a

lifetime of sexual desires. Cheating therefore becomes the rational response to an irrational situation. The Monogamy Gap draws on a range of concepts, theories, and disciplines to highlight the biological compulsion of our sexual urges, the social construction of the monogamous ideal, and the devastating chasm that lies between them. Whether single or married, monogamous or open, straight or gay, readers will find The Monogamy Gap to be an enlightening, intellectually compelling, and provocative book.

How To Make Love To A Man (safely) -

Alexandra Penney 2011-11-09

ASK ANY MAN. If you can get him to admit it, he'll probably tell you that he would like to be made love to almost as much as being a good lover. In the past, it is the man who has been responsible for not only the lovemaking, but the romance: candlelight, flowers, music, and tenderness. HOW TO MAKE LOVE TO A MAN, a classic best-seller, is the first book to focus on men's sexual and emotional needs, and to talk to today's woman who would like to be an active partner but doesn't quite know how. More than a manual for having sex (though it is that too), this is a guide to the art of making love. The author, after interviewing doctors, sex therapists, women, and most important, more than 200 men, has been able to understand men's deepest emotional needs. The author discusses what men find sexy in a woman; how to show a man that you are interested, how to get a man to share his emotional and sexual needs, how to enhance sex through a massage, touching, and improved timing, and much more. Whether married or single, the reader will gain new insight on making "whole" love—developing the attitude and the understanding that make the love act

Readers will discover why men cheat (and the secret to keeping them faithful for life), the five truths about his sexuality that a man will never reveal to his partner, the simple words that will help break a man's silence and get him talking about the relationship, and much, much more. Irreverent yet practical, *Men, Love & Sex* will answer all the questions every woman has ever had about men.

Men in Love - Nancy Friday 2003

"This is a book about men who love women. But it is not a collection of love stories. It is a study of the secret, erotic fantasies that men have always kept hidden, a taboo-shattering investigation that reveals the deepest, most conflicting feelings that men have about women, men and their own sexuality. *Men in Love* goes beyond the socio-sexual cliché of woman seen as either madonna or whore to reveal the conflict of love and rage at the centre of men's emotions and erotic desires. Based on thousands of candid responses from men ranging from their teens to their sixties, *Men in Love* - startling and shocking - will change men's deepest feelings about their sexuality and make the women who care about them understand them as never before."

The Rites of Man - Rosalind Miles 1991

Still Straight - Tony Silva 2021-03-23

Why some straight men have sex with other men
Why do some straight men in rural America have sex with other men? In *Still Straight*, Tony Silva convincingly argues that these men—many of whom enjoy hunting, fishing, and shooting

guns—are not gay, bisexual, or “just experimenting.” As he shows, these men can enjoy a range of relationships with other men, from hookups to sexual friendships to secretive loving partnerships, all while strongly identifying with straight culture. Drawing on riveting interviews with straight white men who live in rural America, Silva explores the fascinating, and unexpected, disconnect between sexual behavior and identity. Some use sex with men to bond with other men in an acceptably masculine way; some are not particularly attracted to men, but are wary of emotional attachment with women; and others view sex with men—as opposed to women—as a more acceptable form of extramarital sexual behavior. Taking us inside the lives of straight white men who have sex with other men, *Still Straight* shows us that heterosexuality in rural America is not always, in fact, what it seems.

Is There Still Sex in the City? - Candace Bushnell 2019-08-06

Twenty years after her sharp, seminal first book *Sex and the City* reshaped the landscape of pop culture and dating with its fly-on-the-wall look at the mating rituals of the Manhattan elite, the trailblazing Candace Bushnell delivers a new book on the highs and lows of sex and dating after fifty. Set between the Upper East Side of Manhattan and a country enclave known as The Village, *Is There Still Sex in the City?* gathers Bushnell's signature short, sharp, satirical

commentaries on the love and dating habits of middle-aged men and women as they continue to navigate the ever-modernizing world of relationships. Throughout, Bushnell documents twenty-first century dating phenomena, such as the "Unintended Cub Situation" in which a sensible older woman suddenly becomes the love interest of a much younger man, the "Mona Lisa" Treatment — a vaginal restorative surgery often recommended to middle-aged women — and what it's really like to go on Tinder dates as a fifty-something divorcée. Bushnell also updates one of her most celebrated stories from *Sex and the City*, about "Bicycle Boys," a breed of New York man who is always trying to bring his bike up to women's apartments. Once an anomaly, Bushnell charts their new ubiquitousness, in addition to where, and how, to do your own man stalking via bicycle (and whether or not it's worth it).
