Vinyl Freak - John Corbett 2017-05-12

From scouring flea markets and eBay to maxing out their credit cards, record collectors will do just about anything to score a long-sought-after album. In *Vinyl Freak*, music writer, curator, and collector John Corbett burrows deep inside the record fiend's mind, documenting and reflecting on his decades-long love affair with vinyl. Discussing more than 200 rare and out-of-print LPs, *Vinyl Freak* is composed in part of Corbett's long-running *DownBeat* magazine column of the same name, which was devoted to records that had not appeared on CD. In other essays where he combines memoir and criticism, Corbett considers the current vinyl boom, explains why vinyl is his preferred medium, profiles collector subcultures, and recounts his adventures assembling the Alton Abraham Sun Ra Archive, an event so all-consuming that he claims it cured his record-collecting addiction. Perfect for vinyl newbies and veteran crate diggers alike, *Vinyl Freak* plumbs the motivations that drive Corbett and collectors everywhere.

Fifties Jazz Talk - Gordon Jack 2004

More than 25 musicians who first came to prominence during the 1950s are the subject of this collection of interviews. The author's purpose has been to help preserve the oral history of a great American artform, and this book reveals that jazz musicians who can 'tell a story' with their horn when improvising can be just as articulate in conversation.

Jamey Aebersold's Jazz Ear Training: Book & 2 CDs - Jamey Aebersold 2015-02

Jamey Aebersold's *Jazz Ear Training* is a no-nonsense approach consisting of two hours of recorded ear training exercises with aural instructions before each. It starts very simply, with intervals and gradually increases in difficulty until you are hearing chord changes and

progressions. All answers are listed in the book, and contains transposed parts for C, B-flat, and E-flat instruments to allow playing along.

Beginning to advanced levels.

Cool (from West Side Story) - Leonard Bernstein 2018-06-04

(Band). By far the jazziest tune from Bernstein's *West Side Story* is the iconic *Cool*. Combining a medium swing style with angular riffs and a cocky attitude, here is a great sounding version for flexible instrumentation.

My First Beethoven - Ludwig van Beethoven 2018-03-13

Ludwig van Beethoven wrote numerous piano pieces to teach to his pupils. Still, today, his works are an integral part of piano lessons. My first Beethoven is perfect for pianists of every age to become acquainted with these works. This volume contains Beethoven's most popular and easiest piano pieces - from the frequently played Sonatinas in G and F major to *Für Elise* and the famous *Moonlight Sonata*. Ideal for music lessons and music-making at home! Great works for little masters!

Hundred Block Rock - Bud Osborn 1999

Bud Osborn's point of reference is the street of the disenfranchised - literally, the street corners bordered by Main and Hastings on Vancouver's notorious East Side, known as "Hundred Block Rock"--the poorest neighbourhood in Canada. While this area is well-known for its drug users, criminals, and prostitutes, it is also home to recovering addicts, single mothers, and those whom society has cast aside. As a poet who has known the nightmare of addiction and poverty himself, Bud Osborn sheds light on the unforgiving darkness of *Hundred Block Rock*, putting faces and names to those who somehow find ways and means to

survive there. These poems are direct confessionals that speak valiantly and movingly of the community of the street: from detox centres and the wail of ambulance sirens to the poignant instances of junkies dancing in alleys, or the sound of jazz after midnight. They bring to life the squalid intensity of Hundred Block Rock, while at the same time articulating the redemptive spirit of survival that nurtures and sustains its habitués. Many of the poems in Hundred Block Rock are also featured on a CD available from Festival Distribution.

Jazz Dance - Marshall Stearns 1994-03-22

"The phrase jazz dance has a special meaning for professionals who dance to jazz music (they use it to describe non-tap body movement); and another meaning for studios coast to coast teaching 'Modern Jazz Dance' (a blend of Euro-American styles that owes little to jazz and less to jazz rhythms). However, we are dealing here with what may eventually be referred to as jazz dance, and we could not think of a more suitable title. "The characteristic that distinguishes American vernacular dance--as does jazz music--is swing, which can be heard, felt, and seen, but defined only with great difficulty. . . ." --from the Introduction

Gee, Officer Krupke (from West Side Story) - Paul Murtha 2015-08 (Band). Sung by the Jets gang in Bernstein's West Side Story, this familiar song is filled with energy and rambunctious humor. With the melodic phrases being bounced from section to section, this clever adaptation by Paul Murtha is a great way to liven up the concert stage.

The Word Rhythm Dictionary - Timothy Polashek 2014-04-18
