The Wordsworth Dictionary of Drink - Ned Halley 2005

What is a slack-ma-girdle? Or a submarino? How did White Horse whisky get its name? Or Old Bawdy barley wine? How do you make a really dry martini? Or beer? Or champagne? The answers to these enquiries and thousands of others are revealed in this unique guide to every kind of alcohol, compiled by dedicated drinker and collector of little histories, Ned Halley, who is an award-winning writer on beer, a nationally syndicated wine columnist and author of numerous books on drink. In a straightforward A to Z format, 'The Wordsworth Dictionary of Drink' identifies thousands of individual brewers, distillers and winemakers, as well as the names of their products. The dictionary aims to be of real, practical help in locating beers and ciders, wines and spirits of every hue to their maker and place of origin. Here, too, are descriptive terms used on labels, along with the less-formal words used by producers and purveyors to promote their products in the market place. Origins, from village breweries to entire wine-producing regions, are located by nation, province and district. In many cases, there is a mention of when a producer or product was established, perhaps a word about the founder or a brief explanation of a curious-sounding brand name. The book is laced with historical anecdotes, a thousand cocktail recipes, essays on topics from the Guinness dynasty to the principles of brewing, from the discovery of distilling to the history of excise duty - and illustrated with hundreds of drink labels from all around the world.

A Shooter's Moon - D.J. Power 2018-05-10

This is the continuation of Jim Coleman's inner battle with his morals to decide what is right and wrong. Jim had spent most of his teen years in parochial schools, and he can't get out of his mind what the nuns taught him. The worst commandment to break is "Thou Shall Not Kill." He has been sent on "temporary duty" to a top secret unit of the CIA, which only the most powerful and influential men in Washington know about. Jim has been designated as the number one assassin, and this takes him to the most difficult assignments in Southeast Asia. As his unit progresses, each mission becomes more difficult and dangerous with Jim, and his unit of five is in North Vietnam more than most. As time comes closer to the United States getting into the war, Jim's unit, along with all the other

units, is assigned to rescue to down pilots on the border of North Vietnam and China. This mission, as dangerous as it is, could be the end of all the assassins assigned to the CIA.
