A Different Germany - Claude Desmarais

2015-01-12

A Different Germany looks at German film, popular literature, theatre, garden culture, and popular music as examples of how people of German-Turkish descent, women and culture writ large are thriving in a Germany that is, for all of the struggles this entails, already a country of great diversity. Germany, the authors argue in their own particular contexts, is much more than the few tropes that circulate through the Cold War lens in much of the English-speaking world.

Misbehaving - Tiffany Reisz 2022-07-26

A red-hot retelling of Much Ado About Nothing for people who love Shakespeare but thought his plays could use a few more sex scenes. Wanted:

Adventurous, open-minded man willing to try anything... As a popular sex blogger, Beatriz gets paid to have orgasms. So being on deadline the week of her sister's wedding isn't as rough as it sounds. There's just one hitch: Bea's assignment is to write a review of a sex position manual, but she doesn't have a plus one to play with. The good news: Ben, the one who got away back in college, is also attending stag--and he's as temptingly gorgeous as ever. The bad news: Ben turned down Bea's offer of graduation night sex five years ago. The best news: He's not planning on making the same mistake twice.

Gay Shame - David M. Halperin 2009

Asking if the political requirements of gay pride have repressed discussion of the more

uncomfortable or undignified aspects of homosexuality, 'Gay Shame' seeks to lift this unofficial ban on the investigation of homosexuality and shame by presenting critical work from the most vibrant frontier in contemporary queer studies.

Cosmo's Aqua Kama Sutra - Cosmopolitan
2006

This spring, Cosmo will make another big splash with the follow-up to the blockbuster bestseller The Cosmo Kama Sutra!

A Bride Without a Blessing - David Brodsky
2006

David Brodsky uses form and source criticism to date Massekhet Kallah and the first two chapters of Kallah Rabbati - which form a commentary on Massekhet Kallah - to the mid-amoraic period (circa late third and early fifth centuries CE respectively), and to locate their redaction in Babylonia. This makes these two sources the only known rabbinic texts whose final redaction took place in Babylonia during the amoraic

period, and establishes them as the closest extant relatives of the Babylonian Talmud. Parallels between these two sources and the Babylonian Talmud elucidate the nature of oral transmission and of the redactional processes of Babylonian rabbinic material during this critical period, and, thereby, of the Babylonian Talmud itself. In addition, the author deciphers Massekhet Kallah's peculiar asceticism: a concern with men's inappropriate use of or interactions with their wives, charity, vows, and even with the group's own transmitted traditions. Massekhet Kallah fears the physical and at times cosmic effects of such inappropriate behavior. Brodsky finds that these items were all deemed consecrated, removed from the realm of normal interaction. To have mundane interaction with them was a powerful and dangerous act. Brodsky explores the fascinating gender and theological implications of this unique asceticism.

Adding to the fun are at least 2-3 alternate position-illustrations for each 'pop', special tips, and specifically selected backdrops (which span the world and a variety of sexual settings). The tour de force cover illustration depicts an intricate, fantastical world densely populated with interlinked, ecstatic, and, of course, tastefully rendered people in the throes of delight (with apologies to Heironymous Bosch):

The intersection of public washrooms and gender has become increasingly politicized in recent years: queer and trans folk have been harassed for allegedly using the 'wrong' washroom, while widespread campaigns have advocated for more gender-neutral facilities. In [Queering Bathrooms](#), Sheila L. Cavanagh explores how public toilets demarcate the masculine and the feminine and condition ideas of gender and sexuality. Based on 100 interviews with GLBT and/or intersex peoples in major North American cities, Cavanagh delves into the ways that queer and trans communities challenge the rigid gendering and heteronormative composition of public washrooms. Incorporating theories from queer studies, trans studies, psychoanalysis, and the work of Michel Foucault, Cavanagh argues that the cultural politics of excretion is intimately

related to the regulation of gender and sexuality. Public toilets house the illicit and act as repositories for the social unconscious. Also offering suggestions for imagining a more inclusive public washroom, Queering Bathrooms asserts that although toilets are not typically considered within traditional scholarly bounds, they form a crucial part of our modern understanding of sex and gender.
