Crossing Hearts Sandra Alex 2020-12-05 The wrong husband. The right lie. The serendipitous attack. The second chance that's always been there. I love my job. Being a teacher fills my heart each day. Especially when I meet great people in unexpected places, like the pickup door when parents come to get their kids. That's where I met Tyler. He's the one who saw it happen, a year ago, but neither of us knows it...yet. He's also the one who saves my life, but neither of us knows that yet, either. If only I'd met him sooner. If only I knew the right choices to make, then. Will his voice bring me back before it's too late? *** Sleep? What's that? Sure, my job and my business keep me busy, but I always make time for family. Then I meet Ripley, a teacher with a busted car and an a-hole husband, and I find myself lying to her, so I don't make the same mistake twice. But it comes back to bite me at the worst time, and I can't take it back. That's when I find out the truth about Ripley. That's when I find out things that I can't un-find out. And now I'm stuck. Until that knock at the door comes. And I wish like hell that I knew the truth sooner. Because now it may be too late. The Limits of Sexuality Education Ketaki Chowkhani 2023-12-19 This book explores different strands of thinking about sexuality education in contemporary urban India. It interrogates the limits of sexuality education as we know it today by rethinking adolescent masculinities in middle-class urban India. This book contributes to the wide gap in theorising sexuality education and adolescent masculinities in urban India. It presents an adolescent perspective on sexuality education, looks at adolescent love from the school teachers' perspective, and tries to understand a teacher's negotiations with student romance. It unravels the sexual and romantic lives of adolescents and examines the circulation of sexual knowledge and sources of information on sex that adolescent boys in India have access to. This book uncovers the limits of sexuality education by examining State, feminist, Christian, and sexological materials on sexuality education in Mumbai and Delhi. Based on detailed research and narratives from teachers, young men, and women, the book explores adolescent male romance and its affective registers, adolescent male sexual knowledge, and the regulation of romance in school spaces. This book will be of interest to students and researchers of education, sexuality and gender studies, masculinity studies, sex education as well as those interested in education policy, education politics, educational research, and inclusion and special education. Located at the intersection of sexuality studies, education, masculinity studies, and cultural studies, it will also appeal to those working in sexuality education in urban India within the complex web of the middle classes, consumerism, post-feminism, romance, adolescent masculinities,

Teaching and Learning in the Secondary School Ann Shelton Mayes 2013-06-17 Research and writing on secondary education is often a specialised treatment of isolated themes. This reader draws together the most significant work of recent years across a whole range of themes to give students and new teachers an overview of some of the most important issues and challenges that faced secondary teachers in the 1990s. It looks at the central players - the children and the teachers - at the classrooms in which they work together; at the curriculum, both implicit and overt; and at the wider community and political context of secondary education. Divided into sections to allow easy access to material of interest, the book covers: * learners * teachers * classrooms * curriculum * schools. Throughout, the reader addresses the crucial issues of effectiveness, quality and achievement and how these will influence the work of the secondary teacher in the coming years.

Modern Romance Aziz Ansari 2015-06-16 The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of Master of None and one of this generation’s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it’s wildly different from what people did even just

decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. “Why did this guy just text me an emoji of a pizza?” “Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!” “My girlfriend just got a message from some dude named Nathan. Who’s Nathan? Did he just send her a photo of his penis? Should I check just to be sure?” But the transformation of our romantic lives can’t be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world’s leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we’ve seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

The Girl in the Text Ann Smith 2019-07-16 How are girls represented in written and graphic texts, and how do these representations inform our understanding of girlhood? In this volume, contributors examine the girl in the text in order to explore a range of perspectives on girlhood across borders and in relation to their positionality. In literary and transactional texts, girls are presented as heroes who empower themselves and others with lasting effect, as figures of liberating pedagogical practice and educational activism, and as catalysts for discussions of the relationship between desire and ethics. In these varied chapters, a new notion of transnationalism emerges, one rooted not only in the process through which borders between nation-states become more porous, but through which cultural and ethnic imperatives become permeable.

Real Men Don't Text Ruthie Dean 2013-09-03 Late-night texts. Mixed signals. Dead-end relationships. This doesn't have to be your love life. Welcome to dating in the digital world—where phone conversations followed by dinner and a movie have been replaced by last-minute texts, ambiguous relationships, and vague group hangouts. While technology makes it faster and easier to connect than ever before, it has also created confusion . . . And heartbreak. Ruthie and Michael Dean have heard the same story from thousands of women: the disappearing men, the cryptic messages, the disappointing relationships, and the false intimacy of on-screen connection. In a no-holds-barred narrative style, the husband-and-wife team chronicles their dating mishaps, hilarious attempts to find love, and many mistakes—helping women understand just what men are thinking and how to attract Mr. Right. *Real Men Don't Text* offers game-changing perspectives, bringing a fresh approach to love, sex, and dating. You don't need to spend one more night staring at a phone screen. It's time to take back your love life!

improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well

as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Attraction Explained Viren Swami 2015-12-22 How much does appearance matter in the formation of romantic relationships? Do nice guys always finish last? Does playing hard-to-get ever work? What really makes for a good chat-up line? When it comes to relationships, there's no shortage of advice from self-help experts, pick-up artists, and glossy magazines. But modern-day myths of attraction often have no basis in fact or worse are rooted in little more than misogyny. In 'Attraction Explained', psychologist Viren Swami debunks these myths and draws on cutting-edge research to provide a ground-breaking and evidence-based account of relationship formation. At the core of this book is a very simple idea: there are no laws of attraction, no foolproof methods or strategies for getting someone to date you. But this isn't to say that there's nothing to be gained from studying attraction. Based on science rather than self-help clichés, Attraction Explained looks at how factors such as geography, appearance, personality, and similarity affect who we fall for and why.

Sex, Violence and Crime Adrian Howe 2009-01-21 What happens when you see violent crimes? More specifically, what happens when you make men's violence against women the subject of a conversation or the focus of scholarly attention? The short answer is: all hell breaks loose. Adrian Howe explores some of the ways in which this persistent and pervasive form of violence has been named and unnamed as a significant social problem in western countries over the past four decades. Addressing what she calls the 'Man' question—so named because it pays attention to the discursive

place occupied, or more usually vacated, by men in accounts of their violence against women—she explores what happens when that violence is placed on the criminological and political agenda. Written in a theoretically-informed yet accessible style, *Sex, Violence and Crime—Foucault and the 'Man' Question* provides a novel and highly original approach to questions of sex and violence in contemporary western society. Directed at criminologists, students and, more widely, at anyone interested in these issues, it challenges readers to come to grips with postmodern feminist reconceptualisations of the fraught relationship between sex, violence and crime in order to better combat men's violence against women and children.

Sex at Dawn Christopher Ryan 2021-01-05 The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.
