Ghost Sex Trilogy - C. Edwards 2017-05-04

Great value trilogy of the first three books in this hot erotica series: **Books: Violated by the Ghost:** The entity had slept for some ninety years and recognised nothing of his old stamping ground in the London Docklands. He hungered for what he had sought all his life: female flesh. Inside a block of flats he found plenty to satisfy his need. **Possessed for Sex:** He was awake again and hankered after the female flash that had driven him; both before and after his death. But this time he was focused on just one: divorcee Felicity. The creature sensed her repressed desire and was about to bring that sharply into focus for her. Her disturbing dreams were about to manifest into something a lot more real and satisfying. **Ghostly Gangbang:** Three years had passed with the ghost and divorcee Flis had no need for any other lover. He gave her all she needed and more. In fact too much! Whenever he arrived back, he seemed to have so much pent up frustration, she was hardly enough for him. Her solution was simple. She invited a few friends around for a little orgy. Unfortunately, they didn't believe in ghosts. But they would!

Paranormal Sex - G. Michael Vasey 2018-01-09

PARANORMAL SEX - RIDING THE OLD HAG -

An exploration of the bizarre and terrifyingly erotic side of the paranormal by G. Michael Vasey The news has been full of stories of women having sex with ghosts recently - from pop stars to those who seek the erotic pleasure of their own personal succubus or incubus, paranormal sex is on the rise. One woman recently claimed on UK TV to have given up men in favor of her ghost lovers! Best-selling paranormal and occult author, G. Michael Vasey investigates these and other accounts of sex with ghosts and other entities using real encounter stories, personal experiences, and historical accounts. Sleep paralysis is the scientific explanation for these 'hallucinations' that occur on awakening when the mind is awake but the body still asleep. Yet, too many encounters with these night terrors leave marks, are observed by others, or the experiencer themselves - even when wide awake. Are they night watchers waiting for their opportunity to gain energy from your fear or from your sexual energy? Among the topics covered are, The old hag - a terrifying, rotting, old female witch or hag that throughout history, has menaced humanity with paralysis, fear and strangulation. Succubi/Incubi - demons that force themselves upon sleeping humans and engage in sex with unwilling human participants? Terrifying shadow people that appear at the bedside or in the bedroom of an awakening person. For some, the old hag transitions into a sexual experience with an entity, for others the shadow that watches them at night from a wardrobe or the corner of their bedroom is what keeps them awake and unable to sleep. A product of sleep paralysis? Or something more sinister? **Paranormal Sex - Riding the Old Hag** by G. Michael Vasey.... go on, terrify yourself

Sex and the Paranormal - Paul Deane
2003-04-17

You thought sex was a 'had to be there', physical experience? And that it takes, well, living beings to make the walls shake? Think again! This book peers for the first time into the dark corners of those places where a basic human physical desire and natural activity meets with an equally fervent and longstanding fascination with the unknown, mysterious and supernatural. From sex and witchcraft to demon lovers, all forms of

human sexual encounter with the supernatural - real, fabled or imagined - are presented and thoroughly turned over in this thought-provoking and revelatory book. Sensational, it most certainly is. The book's central focus is on the thousands of reports of human sexual encounters with supernatural beings that have occurred over the years (irresistible chapter titles include 'Satanism in the suburbs' and 'Aliens stole my virginity!'). The encounters are startlingly common, with people claiming to have had sex with ghosts, aliens, demons, poltergeists, old hags and angels. Then there are the strange examples of penissnatching epidemics, outbreaks of suburban sexual mass hysteria and the belief in secret supernatural orgies. The wealth of stories is amazing and the experiences and phenomena they purport to describe are almost beyond belief. The author has the truly unique talent of entertaining and providing a serious account of the strange phenomena. This is a book everyone will want to read (even if they pretend they don't...).

When Charlotte moves into an apartment in an old Victorian building, she figures her new home is bound to have some quirks. What Charlotte didn't expect was to be sharing her bedroom

with a very horny ghost! WARNING: This 3300 word erotic short story contains: ghostly fondling, levitating vibrators, and explosive orgasms that will leave you gasping and begging for more... Here's a little taste: The moment I took my hand off of the knob, the drawer flew back open. I stared at it dumbly, my mouth hanging open. And there was my vibrator again, unwrapped, in plain view, right in the middle of the drawer. What the hell? I began to lean over to close the drawer again, but I felt something brush against my shoulder. I let out a gasp. There was nothing there but the air around me, but I was sure that I was being touched. I sat completely still, except for my heavy breathing. There it was again! I was positive that there was something at my shoulder. The sensation was cool and almost a little tingly, sending a shiver down my spine. The silence of the room was absolutely deafening, and I could hear my heart pounding in my chest. There was definitely something weird, something unnatural, happening. The sensation continued to play at my shoulder, and it almost felt as if icy cold fingers were caressing me. My mind went back to my conversation with Annie from this afternoon, when we were joking about the apartment being haunted. But that was ridiculous. A ghost couldn't be here, opening my drawer, moving my vibrator, touching my shoulder... Could it? "No, of course not." I answered my own question, speaking out loud to break the deafening quiet. I shook my head at myself, hardly believing that I was being so silly, and moved to go close the drawer again. This time, I was pushed back, flat against my mattress, by an invisible force. I hit the bed with a thud, my breath catching in my throat. I was too stunned to try to move, but the feeling of icy tendrils on my wrists told me that I wouldn't be able to, even if I did make an attempt...

Sex and the Single Vampire (Dark Ones Book Two) - Katie MacAlister 2009-12-15

It's not the ideal career. But Allegra Telford, confirmed singleton, has somehow found herself in a haunted hotel in London, trying unsuccessfully to summon spirits (and not even the alcoholic kind). So, obviously, she's thrilled

when she discovers the ghost of a stunningly gorgeous, albeit horribly wounded man, even if he does bear an uncanny resemblance to the tall, dark, handsome man of her fantasies. Her frustration quickly returns, however, when she realises that he is not actually a spirit. In fact, he may be something much more bloodthirsty indeed. And, contrary to Allie's own desires (ok, not her desires - perhaps her reason), he has arrogantly made some sort of alpha-male decision that she's his 'beloved', whatever that means...
