No Cure for the Travel Bug - Michael SN Godfrey
2018-09-13
Experience some of the dangers, and the humour, found when traveling to parts that are often well off the

beaten track followed by most tourists. The reader can thus feel that they have shared and participated in each of our travels, all from the safety of their armchair. No Cure for the Travel Bug follows on the success of the first book, Catch the Travel Bug. The journeys include trips to the Arctic (Baffin Island to find the narwhal and polar bears), China (provinces of Sichuan, Gansu, Hubei, and Yunnan), India (Himachal Pradesh for lessons with the Dalai Lama and to Rajasthan with its

Financial and Strategic Management for Nonprofit Organizations, Fourth Edition - Herrington J. Bryce
2017-01-23

The highly acclaimed *Financial and Strategic Management for Nonprofit Organizations* provides an encyclopedic account of all the key financial, legal, and managerial issues facing nonprofit executives. This is today's definitive single-source text and reference for managing any nonprofit organization. Designed for both professional and graduate student readers, this work thoroughly addresses all key aspects of building managerial skill and promoting imagination and innovation in organizations across the nonprofit spectrum. Herrington J. Bryce presents every technique and concept in the context of today's public policies, leading practices, laws, norms, and expectations. Herrington J. Bryce was a

senior economist at the Urban Institute, a Brookings Economic Policy Fellow, a Fellow at the Institute of Politics at Harvard and a visiting professor in regional economics and planning at the Massachusetts Institute of Technology. He taught micro economic theory and public finance at Clark University in Worcester, Massachusetts, and was director of the program in legal and budget studies at the University College at the University of Maryland. He currently teaches courses at the College of William & Mary in nonprofits but mostly in corporate financial strategy and cost management—heavily reflected in this text. He has published extensively and has served on many state, local and federal government advisory committees. He has a PhD in economics from the Maxwell School at Syracuse University, and a CLU and ChFC from the American College.

Dictionary of Museology - François Mairesse 2023-04-05
The internationally focused *Dictionary of Museology*

reflects the diversity of cultural and disciplinary approaches to theory and practice in the museum field today. The museum world is changing rapidly, and the characteristics and social roles of the world's approximately 100,000 existing museums are constantly evolving. In addition to their traditional functions of preservation, research and communication, museums are increasingly addressing issues related to social inclusion, human rights, sustainable development and finances, all of which are explored in this dictionary. Drawing on the support of an international editorial committee, including influential figures from the US, Canada, Brazil, Japan, Spain, Germany, France and the UK, this collaborative work produced by over 100 researchers from around the world provides an overview of this unique field by defining over 1,000 terms relating to museology. The Dictionary of Museology is intended for a broad spectrum of museum professionals, academics,

researchers and students. The book will be especially useful to those working with international partners, since a common lexicon that conveys the complex reality of current social and cultural values is particularly vital for those working across borders.

Sex Museums - Jennifer Tyburczy 2016-01-11

Museums have lengthy history, going back to the Renaissance Cabinets of Curiosity, and they are indices of changing fashions of perception insofar as the categories museum curators use to classify objects change over time. The major focus of Tyburczy's study is sexuality on display, which sets up, in turn, her investigation of the effects of museum display on the history of sexuality. Historical context for the museum is one of her themes (and how categories of normativity and perversity change over time), with another theme being the work of sex museums in redefining what sex means in the modern public sphere; she also folds in consideration of the pleasures

and dangers of exhibiting marginalized sexual subjects (women, nonwhite races, LGBT individuals, and the like); last, she explores the paradox of asserting (as she does) that all museums are sex museums bodies move around and toward objects on display, they reshape the typical dances of museum-goers along with their preconscious motivations in visiting a museum. She proposes that explicit display or restagings of sexual artifacts provides new ways for approaching and understanding issues of desire, sexual identity, and sexual practices as they intersect with the history of the modern museum and with sexual history during the past two centuries. Her fieldwork sites are: the Leather Archives & Museum in Chicago, the Museum of Sex in New York, the World Erotic Art Museum in Miami Beach, and El Museo del Sexo in Mexico City. Such institutions allow Tyburczy to show how alternative sexuality (inclusive of kink, fetish, and sadomasochistic cultures) and

slavery dangerously crisscross on the surface of objects. There are plenty of cases here, in short, to keep the casual reader titillated and the erudite reader surprised."

Museums, Children and Social Action - Sharon E. Shaffer

Museums, Children and Social

*Downloaded from
legacy.opendemocracy.net
on 2019-04-09 by guest*

Action examines the role that museums play in reaching, teaching and inspiring children as global citizens of the world and, looking to the future, argues that the sustainability of museums will come from strengthening relationships with young visitors. Presenting a diverse range of programs, exhibitions and outreach from museums across five continents, Shaffer highlights how museums are already serving children and making a difference in their lives. Arguing that museums have a unique responsibility to connect this audience with relevant social issues and challenges, such as social injustice, racism, climate change and poverty, Shaffer simultaneously acknowledges that a large number of children are still on the margins of the institution and its mission. Recognizing the ways in which museums are currently serving children, the book also considers what museums could and should be doing as they plan for the future, raising critical questions about core

values, community partners and social agendas. *Museums, Children and Social Action* is essential reading for academics and students engaged in the study of museums, social justice and childhood. It encourages museums to make it their mission to educate and serve this audience and their families for the good of children, as well as museums, while also considering what their institutions can do to make a lasting impact on children and their families.

Vivian's Window - Jason Dennis 2012-12-05

After earning their master's degrees, Carwyn Hillis and his recently engaged friend, Bret Hightower, decide to celebrate their accomplishments and Bret's last few months of bachelorhood with a ten-day trip to Europe. As the friends move from country to country, Carwyn begins to realize that Bret is not exactly the person he thought he knew. In Amsterdam Carwyn meets Vivian, a beautiful and captivating woman who, despite her personal history

and baggage, might just be Carwyn's unexpected soul mate. As Carwyn contemplates whether this serendipitous romance could be the beginning of something more, he is unaware that back home in New England a ruthless criminal organization has made the decision to eliminate Bret—a decision that will also put Carwyn's life in danger. All too soon Carwyn must return home and leave Vivian behind in Amsterdam. When he leaves, Carwyn has no way of knowing that a sophisticated sociopath will set his sights on Vivian. But then Carwyn receives a chilling phone call that raises the stakes and changes everything. In this compelling mystery, expect the unexpected as one young man suddenly finds himself tangled in a dangerous web of organized crime, kidnapping, and murder. He must come to grips with his life, decide whether or not to stick by his best friend, choose whether to risk everything for a woman he barely knows—or to simply save himself instead—and

determine, for the first time in his life, what he is truly made of.

Sex and the Sexual during People's Leisure and Tourism

Experiences - Neil Carr
2010-05-11

Sex and the sexual have for far too long been consigned to the dark corners by social scientists in general and tourism and leisure scholars in particular. *Sex and the Sexual During People's Leisure and Tourism Experiences* seeks to begin to rectify this situation by bringing the position and nature of sex and the sexual into the light of academic debate. As such, this book is designed to highlight cross-disciplinary emerging work on sex and the sexual in leisure and tourism and provide the readers with insights into this social realm. It encompasses a broad array of sex-related issues and tourism and leisure

environments from across a variety of countries. The book should appeal to researchers and students across the humanities and social sciences both for the value of the research in its own right and the ability of it to be used as a lens through which to view the position of sex and the sexual as well as tourism and leisure in today's world. Overall, it is argued that sex and the sexual should play a part in the academic discourse, especially if we wish to describe what is actually happening out there as far as tourism and leisure are concerned.

The Sex Oracle and the sacred wisdom - Anup Henrikki
Takarautio 2022-09-09

The Sex Oracle is both an erotic and spiritual saga. The novel is set on a global map of the world. The narrative is an intuitive stream of thought in which dreams and reality merge into one orgasmic entity. Welcome to accompany a world of expressions and senses. As we read this upcoming story, it is all about stretching our minds, seeing

the prejudices and belief systems in oneself, and embracing the differences in us, the people. Whether you are an atheist, a believer, a sex addict or a spiritual pathfinder, you will inevitably encounter the limitations and also the challenges of your own mind on the pages of *The Sex Oracle*. After all, the book is a portrayal of human development as a holistic entity, in which the protagonist leaves no stone unturned in his search for the meaning in life. 'Who am I?' is, in fact, the thread of the book with which the reader can identify.

Sweet and Sour July - E G Barbuto 2007-09

What happens when thirteen tourists from all over the world head out together on a monthlong tour of China? Twisting and turning through the Chinese landscape with Lisa's eating disorder, Ben and Habiba's interesting relationship, and Maria and

Enrique's honeymoon troubles, *Sweet and Sour July* is a sparkling, dialogue-filled comedy packed with fascinating characters and the mystique and madness of foreign travel. After dealing with a range of momentous life changes, the thirteen guests all set out on the tour to celebrate, recover, or just have a good time. But as the weeks go by, the Chinese tour becomes more than just a vacation-it becomes a true journey toward resolving long-standing issues and creating new life paths. From figuring out foreign toilets to trying to agree on an afternoon meal, each traveler on the humorous journey comes alive with a unique personality and tales of vanity, marriage, eating disorders, war, religion, and sex. And just when the tourists think it can't get any crazier, they learn that they may have even more in common than they thought .
