**Singled Out** - Richard Schickel 1981

**Sex and Sensibility** - Chris Webster 2016-09-07

Jane Austen's *Sense and Sensibility* contains a great deal of sex under the surface of the narrative. This verse-novel alternative pulls back the boudoir curtain to find out what happened to Colonel Brandon when he was stationed in the exotic east, what happened when Willoughby seduced his ward, Eliza, and how far Marianne allowed Willoughby to go when they visited Allenham together.

**Sex and Sensibility** - Liza Donnelly 2008-04-02

A compendium of pictorial examinations of sex, love, and new cultural truths. *Sex and Sensibility* is a book of 150 cartoons, all by women cartoonists, that captures the zeitgeist of sex and love today. Many of these selections would never have been published ten years ago due to their being too risqué or tackling subject matter that hadn't been invented yet, like sex through texting. These women offer snapshots of ourselves in love and in bed.

**Sex & Sensibility** - Pan Macmillan 1981

Sex & Sensibility - Steve Ayers 1997

*Sex and Sensibility* - Jean H. Hagstrum 1982-01-01

Sex and Sensibility - Erotic Short Story - Beatrice Nielsen 2020-08-19

"Without saying anything, he obeys her, opening the top buttons of his shirt before slowly lifting it over his head and letting it fall onto the carpet underneath them. A muscular chest with dark hairs becomes visible in the dimly lit cabin." Catherine is looking forward to a quiet afternoon on her sofa, cosy under a blanket with a classic British romance novel for company. But soon she dozes off - and suddenly she finds herself in a dark forest, with a path leading up to a small cabin, where a tall and handsome man in a white canvas shirt opens the door and lets her enter... This short story is published in collaboration with the Swedish filmproducer Erika Lust. Her intention is to depict human nature and diversity through stories of passion, intimacy, lust and love in a fusion of powerful stories and erotica. Beatrice Nielsen is the pseudonym of an experienced Danish author and editor. She has written several erotic short stories under the same name.

**Sex and Sensibility in the Novels of Alan Hollinghurst** - Mark Mathuray 2017-05-26

Winner of the British Association for Contemporary Literary Studies (BACLS) 2017 Edited Collection Prize This book is a challenging and engaging collection of original essays on the novels of Alan Hollinghurst, Britain's foremost gay writer and the English novel's master stylist. The essays engage the precarious and shifting relationship between sex and literary sensibility in his novels and, thus, also attempt to establish the parameters of a new critical discourse for future research on Hollinghurst's novel, queer theory and the contemporary literary

representations of masculinity and sexuality. By coupling the consideration of Hollinghurst's aesthetics, his sensuously evocative style, to an interrogation of the social, political and sexual currents in his texts, the contributors of this collection provide distinctive interpretations of Hollinghurst's novels, from Hollinghurst's uncovering of a gay artistic heritage to his re-signification of earlier English literary styles, from his engagement with the Symbolist fin de siècle to his critique of aestheticism, etc., whilst paying close attention to the formally innovative qualities of his texts.

**Sex, Lies and Sensibility** - Nikki Payne 2024-02-13

"Nikki Payne skillfully spins the tale of a well-known Jane Austen classic and makes it entirely her own. Thoughtful, hilarious, and smolderingly steamy."—Kristina Forest, author of *The Partner Plot* Two sisters roll up their sleeves to run a dilapidated inn but must learn to work with the locals in this deliciously spicy novel inspired by *Sense and Sensibility*. There's never a good time to learn you are your father's secret child—especially not at the reading of his will. With their father's affairs laid bare and Nora's sensible reputation in tatters due to a viral video scandal, she and her free-spirited sister have nothing left but a rustic inn in the middle of nowhere and each other. What's more, they need to revamp the inn before Labor Day or they lose it all. Nora hasn't even knocked the traveling dust off last season's designer boots when she's confronted with three problems: 1. She really should have watched more HGTV. 2. She hasn't seen another Black person for miles. 3. A tall, dark stranger has already staked a claim on their property. Native Abenaki eco-tour guide Ennis "Bear" Freeman has seen hapless tourists come and go. When he spots two pampered city girls at his unofficial headquarters, he expects them to catch a flight out of the inhospitable coastal Maine backwoods within a week's time. But Nora, turns out, is made of sterner stuff. And as she rolls up her sleeves to breathe new life into the inn, she unwittingly reignites a flood of emotions inside of Bear that he had very intentionally suppressed. Their connection is electric, their desire palpable. But Bear's silence about his mysterious past might turn out to be the one thing that sends Nora packing.

Sex, Sensibility, and the Gendered Body - British Sociological Association. Conference 1996

Contributes to debates on the relationship between the sexual and the social, and between gender and sexuality, focusing on women but always in relation to men and to the dominance of normative heterosexuality and gendered power relations. The 11 essays cover the family and gendered identities; bodies, medicalization, and control; and the construction of heterosexuality. One of three volumes derived from the March 1994 annual conference of the British Sociological Association, held at the University of Central Lancashire. Annotation copyright by Book News, Inc., Portland, OR

**Sex and Sensibility** - Arlene Stein 2023-04-28

In the first book to analyze shifts in lesbian identity, consciousness, and culture from the 1970s to the 1990s, Arlene Stein contributes an

important chapter to the study of the women's movement and offers a revealing portrait of the exchange between a radical generation of feminists and its successors. Tracing the evolution of the lesbian movement from the bar scene to the growth of alternative families, Stein illustrates how a generation of women transformed the woman-centered ideals of feminism into a culture and a lifestyle. *Sex and Sensibility* relates the development of a "queer" sensibility in the 1990s to the foundation laid by the gay rights and feminist movements a generation earlier. Beginning with the stories of thirty women who came of age at the climax of the 70s women's movement—many of whom defined lesbianism as a form of resistance to dominant gender and sexual norms—Stein explores the complex issues of identity that these women confronted as they discovered who they were and defined themselves in relation to their communities and to society at large. *Sex and Sensibility* ends with interviews of ten younger women, members of the post-feminist generation who have made it a fashion to dismiss lesbian feminism as overly idealistic and reductive. Enmeshed in Stein's compelling and personal narrative are coming-out experiences, questions of separatism, work, desire, children, and family. Stein considers the multiple identities of women of color and the experiences of intermittent and "ex" lesbians. Was the lesbian feminist experiment a success? What has become of these ideas and the women who held them? In answering these questions, Stein illustrates the lasting and profound effect that the lesbian feminist movement had, and continues to have, on contemporary women's definitions of sexual identity.

*Sex & Sensibility* - Marcia Pally 1994

With the continuing heated debate in the U.S. over censorship and the freedom of speech and expression, Pally examines the growing impulse to blame images for society's deeply-rooted ills. An evocative and extensively researched text that asks important questions.

**Sex And Sensibility** - Deborah Roffman 2001-12-20

With a rare directness and clarity about sex and reproduction, sexual values, and cultural influences on sexuality, Deborah Roffman challenges and teaches readers how to develop a blueprint for opening the lines of communication with children of all ages. *Sex and Sensibility* introduces the five core parenting skills that parents need to confidently interpret and comfortably respond to virtually any question a child might pose or any situation that arises. Powerfully instructive and thought provoking, it should be required reading for parents; it will inspire honest talk about sex and sexuality, helping all of us be better parents for the effort.

**Sex and Sensibility** - Genevieve Field 2005-02-01

It's all about you. Your apartment. Your job. Your dates. Your sex life. Your time off. Your exercise. Your food. Your music. Your future. What are you waiting for? Who will you love? What is it, really, that you want? The life of a single woman in the twenty-first century is full of new connections, new sex, new love, and new loss. It's about letting the laundry pile up, sipping strong drinks with near strangers, and dishing to girlfriends on those foggy-headed, flushed morning-afters. But it isn't all heightened connections and steamy dates. The single girl is no stranger to the scramble for a Saturday night plan, the oh-so-promising guy who took her number at a party and then -- poof! -- disappeared, the ever narrowing circle of unattached girlfriends.... In *Sex and Sensibility* twenty-nine of today's most acclaimed -- and often bestselling -- female authors write about the push-pull between independence and vulnerability, fearlessness and self-doubt that defines single life. Jennifer Weiner, Pam Houston, Laurie Notaro, Amy Sohn, and Julianna Baggott are just a few of the real-life heroines whose stories about long-distance dating, twenty-something divorce, online crushes, and thrilling one-night stands make up this funny, frank, and unabashedly erotic celebration of singlehood and sisterhood -- a quintessential handbook for today's independent woman.

*The Culture of Sensibility* - G. J. Barker-Benfield 1992

During the eighteenth century, "sensibility," which once denoted merely the receptivity of the senses, came to mean a particular kind of acute and well-developed consciousness invested with spiritual and moral values and largely identified with women. How this change occurred and what it meant for society is the subject of G.J. Barker-Benfield's argument in favor of a "culture" of sensibility, in addition to the more familiar "cult." Barker-Benfield's expansive account traces the development of sensibility as a defining concept in literature, religion, politics, economics,

education, domestic life, and the social world. He demonstrates that the "cult of sensibility" was at the heart of the culture of middle-class women that emerged in eighteenth-century Britain. The essence of this culture, Barker-Benfield reveals, was its articulation of women's consciousness in a world being transformed by the rise of consumerism that preceded the industrial revolution. The new commercial capitalism, while fostering the development of sensibility in men, helped many women to assert their own wishes for more power in the home and for pleasure in "the world" beyond. Barker-Benfield documents the emergence of the culture of sensibility from struggles over self-definition within individuals and, above all, between men and women as increasingly self-conscious groups. He discusses many writers, from Rochester through Hannah More, but pays particular attention to Mary Wollstonecraft as the century's most articulate analyst of the feminized culture of sensibility. Barker-Benfield's book shows how the cultivation of sensibility, while laying foundations for humanitarian reforms generally had as its primary concern the improvement of men's treatment of women. In the eighteenth-century identification of women with "virtue in distress" the author finds the roots of feminism, to the extent that it has expressed women's common sense of their victimization by men. Drawing on literature, philosophical psychology, social and economic thought, and a richly developed cultural background, *The Culture of Sensibility* offers an innovative and compelling way to understand the transformation of British culture in the eighteenth century.

**Sex and Sensibility for Seniors** - George Kagawa 2019-11-04

Sensible sex for seniors is often difficult and many trade in sex for a hobby because they can't figure out how to change with their medical conditions and age. George identifies common myths and outlines realistic sexual options for seniors.

**Sex and Sensibility** - Peter Robb 2011-09-15

Richard Blechynden was a surveyor, architect, and builder in early colonial Bengal. This volume and its companion (*Sentiment and Self*) use 80 volumes of his diaries and other archival material along with anecdotes, extracts, and stories to recreate histories of everyday life. While *Sentiment and Self* explores issues like interactions between Europeans and Indians, race and tolerance, this volume focuses on the position of women, especially concubines, or bibis and their sexual and emotional relationships; the social milieu of the early empire; dynamics of household; contexts for cross-cultural contact and misunderstanding; the complexities of class, culture, and race; and the overlapping public and private life. It examines the domestic life, personal sensibilities, and private and public persona of the main diarist, Richard Blechynden. This book will interest scholars and students of modern Indian history, gender studies, cultural studies, and British Imperialism, as well as those interested in biographies.

*Sex & Sensibility (Mills & Boon Blaze)* - Shannon Hollis 2013-11-28

They were polar opposites... Few people take Tessa Nichols seriously. Sure, she has visions and uses tarot cards to make a lot of her decisions, but so far they haven't steered her wrong. When she has a vision of a young woman tied to a bed, Tessa's not sure what to think...until she finds out the girl is missing.

**Sex and Sensibility** - Liza Donnelly 2009-10-01

*Sex and Sensibility* is a book of 150 cartoons, all by female cartoonists, that captures the zeitgeist of sex and love today. Many of these selections would never have been published ten years ago due to their being too risqué or tackling subject matter that were not in existence, like sex through texting. These women offer snapshots of ourselves in love and in bed.

**Sex, Sensibility and the Gendered Body** - Lisa Adkins 2016-07-27

The study of sexuality is moving from margin to centre stage in sociology, as the 1994 British Sociological Association annual conference on 'Sexualities in Social Context' demonstrated. Drawn from that conference, the papers in this volume contribute to the debates which have developed on the relationship between the sexual and the social, and between gender and sexuality. The focus is on women, and from different perspectives the authors explore the themes of gendered identity, the construction of sexuality, embodiment and control. The social contexts in which these themes are elaborated include the family, the law, the education system, medical practice and discourse, and cultural representations and texts.
