

Sexuality Now Embracing Diversity 4th Edition

Sexuality Now: Embracing Diversity 2 - Janell Carroll, 2006-02-28
2023-02-22

Sexuality Now: Embracing Diversity 2 - Janell Carroll, 2006-02-28
This second edition of this highly praised human sexuality text continues to be a product of author Janell Carroll's partnership with her students to answer the questions and concerns that they have about themselves and their sexuality with scientific fact, sensitivity, humor and unmatched candor. Janell Carroll clearly conveys foundational biological and health issues, extensively cites both current and classic research, and addresses all material in a fresh and fun way; her book helps teach students what they need, and want, to know about sexuality. Her focus takes into account the social, religious, ethnic, racial, and cultural contexts of today's students. Dr. Carroll has used feedback from the first edition to add even further value to this popular title-streamlining student pedagogy and providing dynamic learning opportunities through Active Summaries at the end of chapters, a new online student tutorial, new video components, and content for Classroom Response Systems. This continues to be the text most representative of today's students, incorporating new sexual position art, a new pronunciation guide, and (for instructors) a new cross-cultural Slang Guide. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Contemporary Love Studies in the Arts and Humanities - Madalena Grobbelaar 2023-05-02

This edited book demonstrates how love both unites and separates academic thinking across the arts and humanities, and beyond: from popular romance studies to border criminology, from sexology to peace studies, and into the fields of health, medicine, and engineering. This book is both a reflection and a call for a greater

understanding of the complexity and importance of love in our lives, and in our world.

Sexuality Now: Embracing Diversity - Janell Carroll 2006-02-28

Book Review Index - 2005

Every 3rd issue is a quarterly cumulation.

The Power of BDSM - Simula 2023-05-05

"Pleasure, Power, and Pain: Understanding BDSM Practices, Identities, and Communities" features cutting-edge empirical research by scholars working from a wide range of disciplinary approaches and in diverse national contexts, along with personal reflections from community educators, activists, and

practitioners. Designed to be of interest to scholars working in sexuality studies and related fields, teachers of graduate courses focused on sexualities, identities, communities, inequalities, and a broader, non-specialist audience interested in sexualities, society, and identity, *Pleasure, Power, and Pain* engages persistent questions about the relationships among sexualities, identities, and communities: What role do communities play in shaping BDSM identities? How are BDSM communities similar to and different from other kinds of sexuality and identity-based communities? What are the ethics involved in researching marginalized and stigmatized communities? How do cultural representations shape lived experiences? What are the relationships between structural and personal power?"--

The Dynamics of Managing Diversity - Gill Kirton
2007-03-30

This text takes the view that the study of equality needs to consider not only issues of discrimination, but also the needs of people in relation to their diverse cultures and identities. It therefore takes a different approach to the issues of quality and diversity in the world of employment. *The Dynamics of Managing Diversity* discusses diversity as recognition of the differences and similarities between and among social groups, and how resulting policies must reflect these. This new edition has been extensively revised and up-dated to incorporate new conceptual, theoretical and empirical work now available in this growing subject area.

Sexuality Counseling - Christine Murray
2016-01-12

"*Sexuality Counseling: Theory, Research, and Practice* is an important resource for mental health practitioners. Sexuality is complex and rather than attempting to simplify, this book works within that complexity in a well-organized and comprehensive way." - Alexandra H. Solomon, Northwestern University Providing a comprehensive, research- and theory-based approach to sexuality counseling, this accessible and engaging book is grounded in an integrative, multi-level conceptual framework that addresses the various levels at which individuals experience sexuality. At each level (physiological, developmental, psychological, gender identity and sexual orientation,

relational, cultural/contextual, and positive sexuality), the authors emphasize practical strategies for assessment and intervention. Interactive features, including case studies, application exercises, ethics discussions, and guided reflection questions, help readers apply and integrate the information as they develop the professional competency needed for effective practice.

Shame-Less Lives, Grace-Full Congregations
- Karen A. McClintock 2011-12-30

In *Shame-Less Lives, Grace-Full Congregations*, author Karen McClintock invites readers to become shame-less, so they can assist others in a congregational system to find a life of joy and grace. McClintock explores shame as a theological and psychological emotion, defining it as "a feeling of unworthiness in the sight of God or significant others." While guilt says, "I made a mistake," shame says, "I am a mistake," she explains. With skilled storytelling and gentle humor, McClintock takes readers on a journey in which we learn to recognize the many forms shame takes and explore and heal the shame of our own upbringing, particularly the shame-laden messages within our own religious teachings and practices. She illustrates the ways shame-laden leaders interact with congregations and ways congregational shame influences clergy and laity within the system. She shows us how to recognize shame in the behavior of other leaders and clergy around us, to reduce shame-reinforcing theology, and to provide alternative messages of hope and healing. She also guides us in liberating others from their shame, be they friends, colleagues, or people in a congregation where we worship and serve. McClintock advises readers that eradicating shame may take a few weeks, months, years, or a lifetime. This book is not written so that we can be free of all shame. It is written so we can become shame-less by acknowledging old patterns and consciously changing them, because shame-less leaders create shame-less congregations.

Critical Theory Today - Lois Tyson 2012-09-10
Critical Theory Today is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any

theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

Sexuality Now - Janell L. Carroll 2016

With its fresh, fun, and hip approach, *SEXUALITY NOW: EMBRACING DIVERSITY*, 5E, helps teach readers what they need and want to know about sexuality while clearly conveying foundational biological and health issues and citing current and classic research. The new edition continues answering the questions and concerns that readers have about themselves and their sexuality with scientific fact, sensitivity, humor, and unmatched candor. Carroll presents the range of sexual orientations and behaviors and takes into account the current social, religious, ethnic, racial, and cultural contexts. This edition includes even more examples and research on sexual diversity both within and across cultures.

All Equally Real: Femininities and Masculinities Today - Anna Pilińska 2019-01-04

Organizational Culture and Leadership - Edgar H. Schein 2010-07-16

Regarded as one of the most influential management books of all time, this fourth edition of *Leadership and Organizational Culture* transforms the abstract concept of culture into a tool that can be used to better shape the dynamics of organization and change. This updated edition focuses on today's business realities. Edgar Schein draws on a wide range of contemporary research to redefine culture and demonstrate the crucial role leaders play in

successfully applying the principles of culture to achieve their organizational goals.

Abnormal Psychology and Life: A Dimensional Approach - Christopher A. Kearney 2011-01-01

Chris Kearney and Tim Trull's *ABNORMAL PSYCHOLOGY AND LIFE: A DIMENSIONAL APPROACH* provides students with a concise, contemporary, science-based view of psychopathology that emphasizes the individual first. Through consistent pedagogy featuring clinical cases and real first-person narratives, the text illuminates our understanding that abnormal behavior can be viewed along a continuum. By highlighting this widely accepted dimensional view which places the behavior of an individual at the forefront of clinical definition, assessment, and treatment the text's goal is to foster personal relevance for students and encourage them to become intelligent consumers of mental health information. The book also gives students a comprehensive understanding of the features and epidemiologies, risk factors and prevention, assessment and treatment, and long term prognosis and associated stigma of mental disorders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Discovery Series: Human Sexuality - Janell L. Carroll 2012-01-27

The Cengage Learning *DISCOVERY SERIES: HUMAN SEXUALITY* is designed to deliver traditional course content in an innovative hybrid learning format instruction presented in a printed handbook paired with integrated online applications and assessments. The program promotes measurable mastery of core course learning objectives by guiding students' active engagement with content delivered through the book, images, video, simulations, and assessments. This contemporary approach to learning seamlessly integrates text and technology, enabling students to easily move from the book's instruction to its online applications for a deeper, lasting understanding of the core psychological concepts, and for assessments (all assignable) that reliably track students' progress and performance. Important Notice: Media content referenced within the

product description or the product text may not be available in the ebook version.

The World Book Encyclopedia - 2002

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Reimagining our futures together -

International Commission on the Futures of Education 2021-11-06

The interwoven futures of humanity and our planet are under threat. Urgent action, taken together, is needed to change course and reimagine our futures.

Research Methods in Psychology - Glynis M Breakwell 2012-04-20

Research Methods in Psychology has been substantially revised in its fourth edition. Continuing to offer enviable coverage of the research methods that psychology students at intermediate levels need to cover in their course, the textbook has now been broadened to cover the full suite of beginner level research methods too. The result is extensive coverage of psychological methods, both quantitative and qualitative, and a textbook that will serve students perfectly from day one in their course at university. Research Methods in Psychology in its fourth edition includes: • Extended statistical coverage, including new chapters on Descriptive Statistics, Inferential Statistics, ANOVA, Regression and Correlation, and Latent Variable Models • Further New Chapters on Content Analysis and Writing up your Research • New introductory sections placing each method in context and showing students how they relate to the bigger 'real world' picture. • Intuitive structure and visual layout makes the book easy to navigate so you can quickly find the content you need. This textbook is ideal for beginner and intermediate level psychological research methods students worldwide. Visit the Research Methods in Psychology companion website www.sagepub.co.uk/breakwell4e to take advantage of additional resources for students and lecturers.

American Book Publishing Record - 2003

Abuse in Society - Alan R. Kemp 2016-11-11

Today's headlines are filled with increasingly alarming accounts of abuse by coaches, religious leaders, institutional caregivers, family

members, and others. Abuse in Society provides an illuminating and timely introduction to the physical, emotional/psychological, and sexual faces of abuse. The text presents a much-needed, in-depth assessment of child maltreatment, intimate partner violence, abuse by clergy, abuse of the elderly and disabled, and abuse in sports. Among the specific problems covered are bullying and sibling abuse, courtship violence and date rape, and abuse in the relationships of sexual minorities. The author explores these complex issues using an ecological approach, examining interacting explanations from a variety of perspectives and levels of analysis: societal and cultural, family, and individual. The author's down-to-earth, conversational style is easy to understand, and his work is exceptionally well researched and thoroughly documented. Those who are pursuing careers in the fields of sociology, psychology, psychiatry, and human-service professions such as social work, pastoral counseling, mental health counseling, marriage and family therapy, and psychiatric nursing will find this text valuable. End-of-chapter resources include a Review Guide, Critical Thinking Questions, Recommended Reading, Internet Resources, and Suggested Activities.

Parent-child Relations - Phyllis Heath 2017-01-04

Note: This is the bound book only and does not include access to the Enhanced Pearson eText. To order the Enhanced Pearson eText packaged with a bound book, use ISBN 0134290054. This life-span approach to parent-child relations gives students a comprehensive, contemporary look at theories, research, and techniques within historical and cultural contexts. It covers every stage of development, including older parents and their adult children, and uses an inclusive approach that looks at a variety of different family contexts, such as foster families, military families, and families with an LGBTQ member, as well as the influence of culture and ethnicity on family beliefs and behaviors. The first chapter focuses on the history of theoretical and research influences of childrearing to help students understand why parents today hold certain beliefs regarding how to raise children. Theory and research are then interwoven through the book. An early chapter on strategies

and techniques also sets the stage for upcoming discussions of parent-child relations. Written with the student in mind, the book presents numerous examples. Critical thinking questions in every chapter encourage students to stop and consider their views regarding the material, and Spotlight features throughout provide examples of the influence of technology, diversity, and poverty on families. The Enhanced Pearson eText version includes embedded video examples and Test Your Knowledge quizzes with feedback that enable students to check their understanding of the material. Improve mastery and retention with the Enhanced Pearson eText* The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. The

Enhanced Pearson eText is: Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience. Convenient. Enjoy instant online access from your computer or download the Pearson eText App to read on or offline on your iPad(R) and Android(R) tablet.* Affordable. Experience the advantages of the Enhanced Pearson eText along with all the benefits of print for 40% to 50% less than a print bound book. *The Enhanced eText features are only available in the Pearson eText format. They are not available in third-party eTexts or downloads. *The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later.
