

# The Woman From Prague

*Lost and Found in Prague* - Kelly Jones 2015-01-06

The author of *The Woman Who Heard Color* transports readers to a dreary Good Friday in Prague in an "intriguing thriller"\* as the mysterious death of a nun sets off a tangled chain of events that inexorably draws three strangers together—and forever changes their lives... Just after the fall of the Berlin Wall, aspiring journalist Dana Pierson joined the hordes of young people traveling to Eastern Europe to be a part of history. There, she and her best friend were swept up in the excitement of the Velvet Revolution. Twenty years later, Dana returns to the city of her youthful rebellion to reconnect with her old confidant, who never left the city. But the visit that was reserved for healing intimacies and giddy reminiscences is marred by a strange death in one of Prague's most famous Catholic churches—and an even more peculiar mystery surrounding it... In a city where the past is never far from the present, Dana must work with a conflicted Italian priest and a world-weary Czech investigator to unlock dark secrets hidden in Prague's twisted streets. But the key to solving the puzzle may lie in memories of Dana's long-ago visit, even as she is forced to face the reality of a more recent loss... \*Publisher Weekly

**The Prague Sonata** - Bradford Morrow 2018-02-01

Pages of a weathered original sonata manuscript - the gift of a Czech immigrant living in Queens - come into the hands of Meta Taverner, a young musicologist whose concert piano career was cut short by an injury. The gift comes with the request that Meta find the manuscript's true owner - a Prague friend the old woman has not heard from since the Second World War forced them apart - and to make the three-part sonata whole again. Leaving New York behind for the land of Dvorák and Kafka, Meta sets out on an unforgettable search to locate the remaining movements of the sonata and uncover a story that has influenced the course of many lives, even as it becomes clear that she isn't the only one seeking the music's secrets.

*I Am Snowing* - Pavel Kohout 1995

This picaresque story, set in modern-day Prague, is an "invariably lively, often funny" (Washington Post) portrait of a nation in transition, a stylish combination of political allegory and whodunit. Translated by Neil Bermel. Harvest in Translation series

**Women of Prague** - Wilma Abeles Iggers 1994

This text introduces 16 women spanning the period between the late 18th century to the present. It attempts to reconstruct the social, cultural and familial conditions of Prague for a variety of women. A historical introduction is followed by individual chapters on each woman.

*The Countess of Prague* - Stephen Weeks 2017-09-05

The Countess of Prague is the wonderfully exciting introduction to Beatrice von Falkenburg, known to her intimates as Trixie, who will lead us from Prague through Europe and occasionally beyond on a ten-book set of investigations that begins in 1904 and finishes in 1914. The assassination of the Archduke in Sarajevo that summer effectively ended the Old Europe into which she was born to a noble Czech father and an English mother. Through the lens of Trixie, whose own journey from pampered aristocrat (albeit in a polite and impoverished marriage) to a degree of emancipation has an exciting yet humorous and sympathetic dynamic, we witness stirring events and societal shifts. Trixie begins her new career at 28. She's leading a society life and growing apart from her husband although she is as yet too conventional to take a lover. When the brutalized body of an old man once under the command of her military uncle is fished from the Vltava, she takes to the role of a detective and finds solace in it, mixing with ease with kings and princes, but never losing touch with ordinary men and women with whom her new role often puts her in contact. Investigating alters the formality of her relations with her servants and with public officials as we see when she encounters her butler in an unexpected role (and place) and then goes undercover (as a young man) on a train journey to Paris and London. Eventually, liaising with various officials, she arrives at Marienbad, the

famous Czech spa, where Edward VII of England and his nephew Kaiser Wilhelm have staged a surprising May meeting....and it is here that the mystery unfolds.

*The Widow Killer* - Pavel Kohout 2007-04-01

In the downward spiral of the Third Reich's final days, a sadistic serial killer is stalking the streets of Prague. The unlikely pair of Jan Morava, a rookie Czech police detective, and Erwin Buback, a Gestapo agent questioning his own loyalty to the Nazi's, set out to stop the murderer. Weaving a delicate tale of human struggle underneath the surface of a thrilling murder story, Kohout has created a memorable work of fiction

**Povídky** - Nancy Hawker 2012-11-01

Young women drift through Prague wondering about unplanned pregnancies, a child's reflections on the Christian concept of sinfulness lead to resolve to sin only 'just a little bit', drunken men banter over interminable card games, and a woman's salvation comes in the unexpected form of pickled buttocks. Bringing together authors of different generations, styles and backgrounds - including for the first time in English translation, two stories by Czech Roma - this collection expresses women's multiple perspectives on social and intimate issues with by turns caustic and sensitive insight into human nature. 'Full of humour, acuity and inventiveness' -- Maya Jaggi, Guardian 'Wonderfully diverse, energetic and entertaining.' -- Bernie Higgins, One Eye Open

*Women of Prague* - Wilma Iggers 1995

"The richness of the material and its skillful assembly make this a very readable volume ... revealing a wonderful range of perspective, from personal, intimate reflections to timely comments on the politics and society of both Prague and the Czech Republic of the era under study." - Journal of the Society for the Anthropology of Europe "Wilma Iggers offers English-reading audiences fascinating new perspectives ... in a sensitive introduction to the city's modern experience and translated sections from the writings of twelve women ... This volume is particularly welcome since the work of most of these writers has not been readily available in English before." - Gary B. Cohen, University of Oklahoma For many centuries Prague has exerted a particular fascination because of its beauty and the richness of its culture and history. Its famous group of German and Czech writers of mostly Jewish extraction in the earlier part of this century has deeply influenced Western culture. However, little attention has so far been paid to the roles of women in the history of this ethnically diverse area in around Prague. Based on largely autobiographical writings and letters by women and enhanced by extensive historical introduction, this book redresses a serious imbalance. The vivid and often moving portraits, which emerge from the varied material used by the author, offer fascinating and new insights into the social and cultural history of this region.

*The Weeping Woman on Streets of Prague* - Sylvie Germain 2010-05-20

a haunting classic Madeleine Kingsley in She Magazine An intricate, finely crafted and polished tale, *The Weeping Woman on the Streets of Prague* brings magic-realism to the dimly lit streets of Prague. Through the squares and alleys a woman walks, the embodiment of human pity, sorrow, death. Everyone she passes is touched by her, and Germain skilfully creates an intense mood and feel in her attempt to produce a spiritual map of Prague. The Observer

*Een Doremi-boek* - 1995

*The Lights of Prague* - Nicole Jarvis 2021-05-18

For readers of *VE Schwab* and *The Witcher*, science and magic clash in atmospheric gaslight-era Prague. In the quiet streets of Prague all manner of otherworldly creatures lurk in the shadows. Unbeknownst to its citizens, their only hope against the tide of predators are the dauntless lamplighters - a secret elite of monster hunters whose light staves off the darkness each night. Domek Myska leads a life teeming with

fraught encounters with the worst kind of evil: pijavica, bloodthirsty and soulless vampiric creatures. Despite this, Domek find solace in his moments spent in the company of his friend, the clever and beautiful Lady Ora Fischer - a widow with secrets of her own. When Domek finds himself stalked by the spirit of the White Lady - a ghost who haunts the baroque halls of Prague castle - he stumbles across the sentient essence of a will-o'-the-wisp captured in a mysterious container. Now, as it's bearer, Domek wields its power, but the wisp, known for leading travellers to their deaths, will not be so easily controlled. After discovering a conspiracy amongst the pijavice that could see them unleash terror on the daylight world, Domek finds himself in a race against those who aim to twist alchemical science for their own dangerous gain.

**The Silent Woman** - Monika Zgustova 2014-03-31

This "exhilarating novel" of love, longing, and exile "captures the passion of a century in turmoil" (Rahna Reiko Rizzuto, author of Hiroshima in the Morning). From the "outstanding" Czech writer Monika Zgustova, The Silent Woman depicts a twentieth-century woman's life against a backdrop of war and political turmoil (Vaclav Havel). Sylva, half Czech and half German, is born into an aristocratic family and lives in a castle outside Prague. She marries a man she doesn't love and is seduced by the joyful madness of Paris in the 1920s as an ambassador's wife. When the Nazis force her to state her loyalty, she capitulates, not realizing how this decision will inform and haunt the rest of her life. Sylva's story is interwoven with that of her son Jan, a world-renowned mathematician and Russian emigre living in the United States, who exudes the restlessness of a man without a country. With insight and candor, Zgustova weaves a multigenerational narrative of the consequences of moral choices and how individuals come to terms with their own forms of exile.

*The Woman From Prague* - Rob Hart 2017-07-11

Named one of the Best Books of the Summer by Publishers Weekly Named a Hot Summer Read by the Boston Globe Amateur private investigator Ash McKenna's time is about to expire—on his visa, that is. Having fled the demons that haunted him in the U.S., Ash has been laying low in Prague for nearly three months. Now, it's time to move on. But as he contemplates his next stop, a man named Roman appears, claiming to work for the U.S. government, and possessing intimate knowledge of Ash's many sins. Sins nobody should know. Roman offers to protect him...in exchange for a favor. It sounds simple: a bank employee named Samantha Sobolik is set to receive a package containing covert information in a handoff on the Charles Bridge. Ash must intercept the package, and deliver the contents to Roman. Ash refuses—until Roman threatens to kill his mother. Out of options and too far away to protect her, Ash agrees. But when Ash gets to the bridge, he discovers that the handoff is actually a hit. Ash ends up battling a mysterious and deadly assassin in a fight he barely survives. As it turns out, the job is far more complicated and dangerous than anyone thought. Ash finds himself in a strange city, outmatched, hunted, and trapped in a dangerous game where nobody is what they seem—including Samantha. The Woman From

Prague is a riveting novel of international suspense from one of the very best crime writers working today.

**The Witch of Prague** - F. Marion Crawford 2004-01-01

This is a book about a witch who is not old and ugly as you would normally think a witch would be. She uses her powers for herself and makes slaves by hypnotizing them with her multi-colored eyes. She is not an evil person, but she does use her powers unethically. Her need for love pushes her to have dealings with a wizard that she comes to regret. This is not unlike the play the Phantom of the Opera. Please Note: This book is easy to read in true text, not scanned images that can sometimes be difficult to decipher. This eBook has bookmarks at chapter headings and is printable up to two full copies per year.

**Me, Myself and Prague** - Rachael Weiss 2017-01-01

Funny, flippant and fabulous travel writing, this is the story of Rachael's year in Prague. Armed only with a romantic soul, a need to get away from her overbearing family and a 1973 guide to communist Czechoslovakia, Rachael heads off in search of adventure, love and her Bohemian roots. This hilarious and surprising memoir of hope, courage and friendship is a delightful unreliable guide to Bohemia.

Remembering - Kateřina Bíglová 1994

In 1991-92, Bíglová conducted interviews with 36 Jewish women who were living in Prague, born between 1900-36, concerning their prewar lives and Holocaust experiences. Many of the interviewees survived internment in Theresienstadt and Auschwitz. Discusses, inter alia, traumas that were experienced by the women in the ghetto and in camps, including loss of close relatives, rape and abortion. Matějček and Dytrych apparently helped with the data collection and preparing the book for publication.

**Young Women of Prague** - Alena Heitlinger 2016-07-27

This book is about the lives of young 'ordinary' Czech women who came of age in the aftermath of the 1989 Velvet Revolution. It is a collection of interviews with fourteen women of similar age and education, but varying work, marital and childbearing experiences. Three additional chapters outline the design of the study, the social and historical forces that have shaped these women's lives, and the common themes emerging out of the interviews, linking them to both legacies of communism and the current postcommunist transition.

Women of Prague - Wilma Iggers 1995

Each of the 12 chapters presents a first-person account, based on letters and autobiography, of a woman who contributed significantly to the cultural life of Prague from the late 18th century to the present. Excellent historical notes accompany each account as well as fascinating but fuzzy bandw photos.
