of every possible relationship between star signs, both straight and gay, from the authors' unique sextrological perspective. With rich knowledge, expert wordsmithing, and signature wry humor, celebrity cosmic consultants Stella Starsky + Quinn Cox delve into the specific rules of attraction inherent in each bond and the perks and pitfalls particular to each partnership. *Soul Mates - the Formula* - Vincent Sylvan  
2013-02-12

Vincent Sylvan has created a formula using astrological influences as a guidepost for finding one's soul mate. This formula gives the readers action steps on how to narrow their search along the way, to identify this mystical person that Vincent believes we all have. These are methods the author has tested and applied himself on his own quest in finding his soul mate. After many years of research, his first marriage for seventeen years, not being able to succeed, he experienced divorce and failure. This triggered him to find the answers more than ever before, and past the prime of his life, Sylvan had an awakening and developed the formula to find his other half of his soul, the only person who can inspire him to be a better person and take him to greater heights than he could have ever dreamt of by himself or with any other woman. Putting

into practice the secret to his revelation, he finds her on the Internet, the hardest place to find his soul mate, to put his formula to the test. The results surpassed his expectations. Vincent realized once more the importance for everyone to find their soul mate, to live a life of wonders. That is why he created this book. For more information on Sylvan, visit his blogs to find more about his philosophy and poetry at [www.vincentsylvan.com](http://www.vincentsylvan.com).

**SignMates** - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a

"rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.
