

# Women And Bisexuality

**Other Women** - Beverly Burch  
1997

In this book, the author reconceives fundamental psychoanalytic ideas in order to embrace women's diverse sexualities.

Dual Attraction - Martin S.

Weinberg 1995-06-01

For the past two generations, extensive research has been conducted on the determinants of homosexuality. But, until now, scant attention has been paid to what is perhaps the most mysterious--and potentially illuminating--variation of human sexual expression, bisexuality. Today, as ignorance and fear of AIDS makes greater awareness of all forms of sexual behavior an urgent matter of private and public consequence, leading sex researchers Martin Weinberg, Colin Williams, and Douglas Pryor provide us with the first major study of

bisexuality. Weinberg, Williams, and Pryor explore the riddle of dual attraction in their study of 800 residents of San Francisco. Fieldwork, intensive interviews, and surveys provided a wealth of data about the nature of bisexual attraction, the steps that lead people to become bisexual, and how sexual preference can change over time. They found that heterosexuals, more often than homosexuals, become bisexual; that bisexual men and women differ markedly in their sexual behavior and romantic feelings; that most bisexuals ultimately settle into long-term relationships while continuing sexual activity outside those relationships; and they also explain why transsexuals often become bisexual. Moreover, the authors discovered that as the AIDS crisis unfolded, many bisexual men entered into monogamous relationships with

women, and bisexual women into more lesbian relationships. Recent media accounts attest that a growing number of researchers and writers are narrowing the fundamental cause of sexual preference to a single factor, biology. But if, as this study shows, learning plays a significant part in helping people traverse the boundaries of gender, if past and present intimate relationships influence their changing preferences, and if bisexual activity is inseparable from a social environment which provides distinctive sexual opportunities, then a mosaic of factors far more complex than those previously considered must be entertained in explaining the fuller spectrum of sexual preferences. *Dual Attraction* is one of the most significant contributions to our understanding of sexuality since the original Kinsey reports and Bell and Weinberg's 1978 international bestseller, *Homosexualities*. It is must reading for all those interested in the study of

sexual behavior--especially now, since the onset of AIDS.

[Married Women Who Love Women](#) - Carren Strock  
2020-05-01

This accessible book offers support and advice for women in heterosexual marriages who discover, or are coming to terms with, their lesbianism or bisexuality. It also offers guidance for the single lovers of married women. In sharing the author's personal story, as well as the descriptive experiences of others, this book provides validation and empowerment to multitudes of women in their search for their true identities. In this third edition of *Married Women Who Love Women*, the author gives women ways in which to structure and restructure their lives and their families after they realize their same-gender sexuality. Chapters consider questions such as how women make this discovery, reactions from loved ones, and the outcomes for marriages and families. Updated throughout with contemporary understandings of sexuality

lesbian and bisexual women. This essential guide for clinicians and researchers presents new empirical research on lesbian/bisexual women's mental health. It explores specific challenges that face various lesbian and bisexual female populations, with research on: dysthymia depression and anxiety—including a chapter on depressive distress among African-American women the way that community size and religiosity impact lesbian/bisexual women's psychosexual development the relationship between shame and a client's attachment style the mental health implications of same-sex marriage mental health in Taiwan's T-Po lesbian community—with a focus on community members' sexual orientation, gender roles, and gender identity the interconnectedness of sexual fantasies, psychological adjustment, and close relationship functioning in lesbian/bisexual women body image and eating issues As the diversity of this population

becomes progressively more evident, so does the necessity for deeper exploration of the mental health problems facing lesbians and bisexuals.

Whether you are a student, an educator, or an experienced clinician, *Lesbian and Bisexual Women's Mental Health* is an essential resource for relevant and meaningful information that focuses much-needed attention on the mental health of lesbian and bisexual women. *Young Bisexual Women's Experiences in Secondary Schools* - Mary-Anne McAllum 2019-12-10

**Young Bisexual Women's Experiences in Secondary Schools** - Mary-Anne McAllum 2017-09-11

Emerging from a case study in secondary schools, this book explores young bisexual women's notions of bisexuality through their own sense of self-identification and how they express their personal beliefs. McAllum sheds light on the presence and practices of "bisexual misrecognition" and "bi-misogyny" in school

**Women and Bisexuality** - Sue George 1993

How do bisexual women lead their lives? Are they monogamous, celibate, involved in multiple relationships? Are they young, old, black, white, married, single, living as lesbians? How their partners feel about their sexuality? How open can they be with their children, colleagues, friends and families? And what has led them to identify in this way? In Sue George's pioneering study - the first full-length book on bisexual women to have appeared in the UK - 150 women from a range of backgrounds and age groups tell what it's like to be bisexual. Their experiences, including seven long and frank interviews, are placed against an examination of the theories developed about bisexuality

Downloaded from

on 2020-04-25 by guest

from the late nineteenth century to the present day, a discussion of the often fraught relationship between bisexuality and feminism, and an analysis of why it has suited society to ignore bisexuality and to pigeonhole everyone into the categories of heterosexual or homosexual. A valuable contribution to our knowledge about sexuality, *Women and Bisexuality* paints a vivid picture of how bisexual women live today and asks how bisexuality as a political and social identity might be constructed in the future.

**Sexual Fluidity** - Lisa M. Diamond 2008

Calls for new categories in sexual identity for women based on research that concludes that they tend to be attracted to the individual rather than gender and their sexuality fluctuates more than men, which stays fixed once established.

*Bisexual Women in the Twenty-first Century* - Dawn Atkins 2002

*Bisexual Women in the Twenty-First Century* reflects the

"brave new world" of bisexual women's lives through an eclectic collection of articles that typifies an ongoing feminist process of theory grounded in life experience. The book's broad scope addresses a "world" created in response to lesbian-feminism, homophobia within the mainstream women's movement, and sexism within the gay rights movement. The book includes Carol Queen's memoirs of the swinging lesbian scene in the 1970s, a critical examination of Alice Walker's novel *The Temple of My Familiar*, and a look back at the controversy surrounding bisexual inclusion in the Northampton Lesbian and Gay Pride March in Massachusetts in the early 90s. Previous groundbreaking work on bisexuality had to focus on breaking the silence around bisexual invisibility. This collection works from that foundation to explore the complexities and histories of bisexual women's lives. *Bisexual Women in the Twenty-First Century* examines:

tensions between lesbians and bisexual women the shifting place of bisexual women in society the use of skin color as a charged metaphor the inclusion of bisexuality into queer theory groundbreaking new work on bisexual youth the creative use of the "sacred whore" archetype *Bisexual Women in the Twenty-First Century* is an essential source of social and political critique, and a vital resource for anyone interested in the complex dynamics of human sexuality, regardless of sexual orientation.

[Bi Lives](#) - Kata Orndorff  
2012-01-01

A collection of 18 in-depth interviews with a wide range of bisexual women of different races, ages, and economic classes involved in a very wide variety of lifestyles.

**Women in Relationships with Bisexual Men** - Maria Pallotta-Chiarolli 2016-03-08  
Framed by a comprehensive review of international research, literature, and film, this book is an intimate journey into the experiences and

insights of 79 Australian women in relationships with bisexual men. It takes us into the daily lives, sexual intimacies, and families of MOREs (mixed-orientation relationships) that span the gamut from extremely oppressive experiences with bi-misogynist men to extremely liberating with bi-profeminist men. Aged 19 to 65, the women are in monogamous, open, and polyamorous relationships with bisexual-identifying and/or bisexual-behaving men. The women themselves are bisexual, lesbian, heterosexual, while others refuse to categorize their own sexualities. The book addresses the discovery or disclosure of the man's bisexuality, how the relationships work and where they flounder, how the partners negotiate and establish 'new rules' and boundaries to maintain their relationship, and the impact of class, rural/urban setting, ethnicity, indigeneity, race, religion, and education on these relationships. But this book isn't only about MOREs.

The research, revelations and

reflections in this book tell us much about current and shifting global constructions and understandings of intimate relationships, sexual desires and love, and the socio-cultural representations and labeling of genders and sexualities.

*Lesbian, Queer, and Bisexual Women in Heterosexual Relationships* - Ahoo Tabatabai  
2015-10-29

Using narrative analysis, this book draws on interviews with women who left relationships with other women to begin relationships with men in order to understand how these women make sense of their sexual identities.

*Bisexuality as an Identity* - S. Mireshi 1998

*Women and Bisexuality* - Serena Anderlini-D'Onofrio  
2013-09-13

Get a global perspective on bisexuality from a women's viewpoint! *Women and Bisexuality: A Global Perspective* reflects the growing contribution bisexuals, and especially bisexual women, make to queer culture on an

international level. This unique book presents a collection of thoughtful essays, studies, and reviews that combine to help develop a language that reflects the reality of bisexuality from a feminine/feminist viewpoint. Authors map the inroads made by bisexual studies into conventional disciplines, including anthropology, sociology, health, literature, film, history, and biography, and analyze the situations of bisexual women in areas as diverse as France, North America, Germany, Australia, and Africa. The rich and varied contributions to *Women and Bisexuality: A Global Perspective* track the spread of bisexuality from the urban and metropolitan centers of gay culture to more peripheral areas as the movement becomes more and more hospitable to transnational and transcultural people. The book's main themes—bisexuality's ability to disrupt categories and the resulting feeling of alienation many bisexuals

on 2020-04-25 by guest

experience—are manifested in approaches that include critical theory, deconstruction, textual analysis, cognitive psychology, personal essay, review essay, reportage, and qualitative study. Topics addressed include: the impact of feminism and women's communities on the appearance of bisexual women multi-sexual relationships as border existence in Australia a South African perspective on

bisexuality understanding bisexuality's invisibility Lillian Hellmann's bisexual fantasies and much more! *Women and Bisexuality: A Global Perspective* follows bisexuality to the crossroads of academics and activism, presenting a wide scope of refreshing and insightful thought that reflects more than an identity or practice. The diverse mix of ideas is an essential read for anyone interested in literature on sexuality.
