**Many Reasons Why Black Women Don't Wear Their Own Hair** , To respect and protect the privacy of the black women he interviewed the author chose not to disclose locations names and personal information in the book He hopes you understand The author saw something in black women from all over the world to include in Africa in Asia in America in Australia in Europe even in Antarctica that caught his attention No matter where black women resided on the planet no matter where they were from they wore the same hair the same fake hair So he decided to write a book about it He titled the book Many Reasons Why Black Women Don t Wear Their Own Hair He believes that it is not possibly what you think as it provides answers from black women themselves First he wanted to make it clear that he is not against black women wearing different hair that is not their own such as weaves extension braids wigs This book is born from his curiosity and ambition to explore and discover those reasons Second he has his own opinions about these reasons He could have just written this book and state what he believes those reasons are Moreover he could have released what his thoughts are Instead of doing so he decided that it would be wiser and smarter to not just write about what his own points of views were He said to himself Why not go and ask black women about their hair Why not go after the truth Such truths can only be told and provided by black women themselves He asserts that women who wear wigs extensions weaves and braids may not like their own hair Finally he decided to interview one hundred black women from different locations around the world to find out the reasons why they don t wear their natural God given hair In fact he received one hundred answers from one hundred black women he met and interviewed He then combined their answers into twenty three interviews in this book as many of the answers were the same He believes this book may not cover all of the reasons why black women wear different hair In contrast he believes the reader will be surprised to discover a variety of reasons why they don t wear their natural hair He welcomes you to sit back relax and enjoy his interactions with these women

**Islam and the Future of Tolerance** Sam Harris,Maajid Nawaz,2015-10-06 A civil but honest dialogue As illuminating as it is fascinating Ayaan Hirsi Ali Is Islam a religion of peace or war Is it amenable to reform Why do so many Muslims seem to be drawn to extremism And what do words like jihadism and fundamentalism really mean In a world riven by misunderstanding and violence Sam Harris a famous atheist and Maajid Nawaz a former radical demonstrate how two people with very different religious views can find common ground and invite you to join in an urgently needed conversation How refreshing to read an honest yet affectionate exchange between the Islamist turned liberal Muslim Maajid Nawaz and the neuroscientist who advocates mindful atheism Sam Harris Their back and forth clarifies multiple confusions that plague the public conversation about Islam Irshad Manji New York Times Book Review It is sadly uncommon in any era to find dialogue based on facts and reason but even more rarely are Muslim and non Muslim intellectuals able to maintain critical distance on broad questions about Islam Which makes Islam and the Future of Tolerance something of a unicorn Most conversations about religion are marked by the inability of either side to listen but here at last is a proper debate New Statesman

Maid to Queer Francisca Yuenki Lai, 2021-11-03 Maid to Queer is the first book about Asian female migrant workers who develop same sex relationships in a host city Based on participant observation and in depth interviews with Indonesian domestic workers in Hong Kong the book explores the meanings of same sex relationships to these migrant women Instead of searching for reasons to explain why they engage in a same sex relationship this book provides an ethnographic perspective by addressing their Sunday activities and considering how migration policies and the practices of Hong Kong people unintentionally produce alternative sexuality and desires for them The author contrasts the migrant experiences of same sex relationships with the Western discourse that individuals carry a strong sense of sexual identification prior to migration same sex desires among Indonesian domestic workers are often not realized until they leave home Addressing the changes from maid to queer this book documents the intersections of domestic work labor migration race and religion on the sexual subject formation specifically how Indonesian women negotiate heteronormativity and remake a space for their love sex and intimacy For those interested in lesbian studies Asian labor migration sexual citizenship and queer migration this ethnography fills an important gap in explaining how the feminization of international migration and the constraints imposed on live in domestic workers unintentionally become productive possibilities of queerness and normativity Maid to Queer combines insights from migration studies with those of LGBT studies contributing to both It examines the sexual subjectivities and shifting sexualities of these domestic workers in relation to both migrant labor policies and the anxieties and practices of their employers in Hong Kong Lai s book is very enticing to read Saskia Wieringa University of Amsterdam This is the first book I know of exploring sexuality among domestic workers Lai shows that sexuality is relative to both imagination and opportunity and that it can change over time Women may desire women or they may not context shapes this desire and how this desire plays out Sharyn Davies Monash University
