

A Marriage Manual A Practical Aguide To Sex And Marriage

Teaching America about Sex - M. E. Melody
1999-05

This witty and provocative study of sex and marriage manuals reveals the patterns of permissiveness and prohibition, and, tellingly, the mechanisms of suasion and enforcement - from sermons and hellfire to mutilation and electroshock - that have informed popular sex education over the past hundred and twenty years. From the roaring '20s to the 1960s sexual revolution and after, *Teaching America about Sex* reveals that, even as sexual behavior changed during periods of upheaval, the prescriptive literature on sex has remained traditional at its core, promoting primarily sex within marriage for the purpose of reproduction.

A Marriage Manual - A Practical Guide to Sex and Marriage - H. Stone 2008-11-01

Originally published in the early 1930s this learned work on Sex and Marriage presents in a realistic and practical manner the essential facts of mating and reproduction whilst also dealing with common sexual and marital problems which confront the average couple. Contents Include: Fitness for Marriage The Biology of Marriage The Male Sex Organs The Female Sex Organs Reproduction Problems of Reproduction Prevention of Conception The Art of Marriage Sex Technique and Orgasm Sexual Disharmonies Health in Marriage etc. Illustrated. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Home Farm Books are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Relate Guide to Sex and Intimacy - Cate Campbell 2015-08-06

Sex and intimacy are what make couple relationships special and different. We may even measure the quality of the relationship by how intimate we feel or how good the sex is. This can be wonderfully reassuring when it goes well, but

we all have times in our lives and relationships when we don't feel so close. When sex isn't working well or isn't happening, confidence in the relationship can ebb away too. Yet there is plenty you can do to turn things around and recapture the fading intimacy. In *The Relate Guide to Sex and Intimacy*, Cate Campbell takes a realistic look at modern relationships, steering you through practical exercises, examples, quizzes and talking points to help give your sexual self and your relationship an intimacy makeover. Comprehensively tackling the issues that challenge sex and intimacy, this book will both equip you to understand and manage problems when they arise and to make a good sex life even better.

I Don't Want a Divorce - Dr. David Clarke
2009-09-01

What could be good about a bad marriage? The good news is, you can get beyond that old marriage and its destructive habits, and build a brand-new one with the same spouse. And you can do it in just 90 days, even if only one spouse is committed to change. Thousands of couples in marriages that are on the brink will never enter a therapist's office, and for others it's too late by the time they do agree to come. But for more than 20 years, David Clarke has seen marriages turn around in just 12 weeks. Here he takes his 90-day plan and presents it using humor, Scripture, and personal stories to help couples turn difficult marriages into great ones. Whether the issue is communication, the kids, negative attitudes, or even serious sin, Clarke's personalized approach will put readers on the road to a great marriage.

A Marriage Manual - Hannah Stone 1961

A Marriage Manual - Hannah Mayer Stone
1939

Marriage Rules - Harriet Lerner 2012-01-05
Following a unique format perfect for today's

world, the renowned author of *The Dance of Anger* gives us just over 100 rules that cover all the hot spots in long-term relationships. *Marriage Rules* offers new solutions to age-old problems ("He won't talk"/"She doesn't want sex") as well as modern ones (your partner's relationship to technology.) You'll also learn how to: Calm things down and warm them up Talk straight and fight fair Listen well as a spiritual practice Connect with a distant partner Survive the unique challenges of children, stepchildren and difficult- laws Follow a 12-step program to overcome defensiveness Know how and when to draw the line Take back your marriage when things fall apart *Marriage Rules* is a treasure chest of lively, practical advice to help you navigate your couple relationship with clarity, courage, and joyous conviction. If one person in a couple follows ten rules of his or her choice, it will generate a major, positive change. All that's required is a genuine wish for a better relationship and a willingness to practice.

Making Marriage Modern - Christina Simmons 2009-04-10

The nineteenth-century middle-class ideal of the married woman was of a chaste and diligent wife focused on being a loving mother, with few needs or rights of her own. The modern woman, by contrast, was partner to a new model of marriage, one in which she and her husband formed a relationship based on greater sexual and psychological equality. In *Making Marriage Modern*, Christina Simmons narrates the development of this new companionate marriage ideal, which took hold in the early twentieth century and prevailed in American society by the 1940s. The first challenges to public reticence to discuss sexual relations between husbands and wives came from social hygiene reformers, who advocated for a scientific but conservative sex education to combat prostitution and venereal disease. A more radical group of feminists, anarchists, and bohemians opposed the Victorian model of marriage and even the institution of marriage. Birth control advocates such as Emma Goldman and Margaret Sanger

openly championed women's rights to acquire and use effective contraception. The "companionate marriage" emerged from these efforts. This marital ideal was characterized by greater emotional and sexuality intimacy for both men and women, use of birth control to create smaller families, and destigmatization of divorce in cases of failed unions. Simmons examines what she calls the "flapper" marriage, in which free-spirited young wives enjoyed the early years of marriage, postponing children and domesticity. She looks at the feminist marriage in which women imagined greater equality between the sexes in domestic and paid work and sex. And she explores the African American "partnership marriage," which often included wives' employment and drew more heavily on the involvement of the community and extended family. Finally, she traces how these modern ideals of marriage were promoted in sexual advice literature and marriage manuals of the period. Though male dominance persisted in companionate marriages, Christina Simmons shows how they called for greater independence and satisfaction for women and a new female heterosexuality. By raising women's expectations of marriage, the companionate ideal also contained within it the seeds of second-wave feminists' demands for transforming the institution into one of true equality between the sexes.

The Marriage Book - Nicky Lee 2018-05-03
How can we be happily married to one person for the whole of our lives? How do we resolve conflict? How can we discover and rediscover sexual intimacy? Nicky and Sila Lee have been married for over 40 years, and this book distils all the wisdom and advice they have gleaned from their own experience, and the experience of others they have counselled. Based on the solid foundations of the Christian faith, Nicky and Sila demonstrate the value, importance and potential of any marriage. They suggest how we can not only stay married, but also make the most of our married lives together, covering topics such as: - Effective communication - Parents and in-laws - Conflict and forgiveness - Sex and expressions of love *The Marriage Book* provides practical advice for any married or engaged couple who want to build a strong and lasting marriage, while also offering insights for

single people who are interested in getting married in the future.

The Classification of Sex - Donna J. Drucker
2014-07-18

Alfred C. Kinsey's revolutionary studies of human sexual behavior are world-renowned. His meticulous methods of data collection, from comprehensive entomological assemblies to personal sex history interviews, raised the bar for empirical evidence to an entirely new level. In *The Classification of Sex*, Donna J. Drucker presents an original analysis of Kinsey's scientific career in order to uncover the roots of his research methods. She describes how his enduring interest as an entomologist and biologist in the compilation and organization of mass data sets structured each of his classification projects. As Drucker shows, Kinsey's lifelong mission was to find scientific truth in numbers and through observation—and to record without prejudice in the spirit of a true taxonomist. Kinsey's doctoral work included extensive research of the gall wasp, where he gathered and recorded variations in over six million specimens. His classification and reclassification of Cynips led to the speciation of the genus that remains today. During his graduate training, Kinsey developed a strong interest in evolution and the links between entomological and human behavior studies. In 1920, he joined Indiana University as a professor in zoology, and soon published an introductory text on biology, followed by a coauthored field guide to edible wild plants. In 1938, Kinsey began teaching a noncredit course on marriage, where he openly discussed sexual behavior and espoused equal opportunity for orgasmic satisfaction in marital relationships. Soon after, he began gathering case histories of sexual behavior. As a pioneer in the nascent field of sexology, Kinsey saw that the key to its cogency was grounded in observation combined with the collection and classification of mass data. To support the institutionalization of his work, he cofounded the Institute for Sex Research at Indiana University in 1947. He and his staff eventually conducted over eighteen thousand personal interviews about sexual behavior, and in 1948 he published *Sexual Behavior in the Human Male*, to be followed in 1953 by *Sexual Behavior in the Human Female*. As Drucker's

study shows, Kinsey's scientific rigor and his early use of data recording methods and observational studies were unparalleled in his field. Those practices shaped his entire career and produced a wellspring of new information, whether he was studying gall wasp wings, writing biology textbooks, tracing patterns of evolution, or developing a universal theory of human sexuality.

A Marriage Manual. A Practical Guide-Book to Sex and Marriage. English edition edited, and with Introduction by Michael Fielding - Hannah M. Stone 1936

A Marriage Manual - Dr. Hannah Mayer Stone 1959

Friends and Lovers - Joel R. Beeke 2012-02
Not a comprehensive marriage manual, and not a complete exploration of the theological significance of marriage, this book focuses on two key ingredients in a vital marriage: friendship and sexual intimacy. Drawing from the wisdom of the Bible, especially Proverbs, CBeeke shows you how to grow closer to your spouse, emotionally and physically.

[Prescription for Heterosexuality](#) - Carolyn Herbst Lewis 2010-10-18

In *Prescription for Heterosexuality*, Carolyn Herbst Lewis explores how medical practitioners, especially family physicians, situated themselves as the guardians of Americans' sexual well-being during the early Cold War years. She argues that many doctors believed that a satisfying sexual relationship with very specific attributes and boundaries was the foundation of a successful marriage, a source of happiness in the American family, and a crucial building block of a secure nation. Drawing on hundreds of articles and editorials in both medical journals and popular and professional literature, Lewis traces how medical professionals affirmed certain heterosexual desires and acts while labeling others as unhealthy or deviant.

Married Love - Marie Stopes 2022-06-03

In this short book Dr Marie Stopes aims to discuss frankly, and in plain speech, the issues that may arise between men and women in the area of their sex lives. In its time the book was thought quite shocking by some, as the idea of

discussing sex openly was unusual.
