What was the Sin of Sodom: Homosexuality, Inhospitality, or Something Else? Brian Neil Peterson 2016-10-19 Virtually every scholar on both sides of the same-sex discussion eventually addresses the account of Sodom found in Genesis 19. However, in recent years, scholars have tended to downplay the importance of this chapter in relation to this debate. This book challenges this trend and seeks to demonstrate how the account of Sodom plays a key role in our understanding of a God-ordained sexual ethic, especially in light of Genesis as Torah--instruction for both ancient Israel and for the Church.

History of the Episcopal Church - Revised Edition Robert W. Prichard 1999-09-01 This insightful, all-encompassing chronicle spanning 400 years traces the fascinating rise of the Episcopal Church, founded in an age of fragmentation and molded by the powerful movements of American history: the Great Awakening; the American Revolution; the Civil War; two World Wars and the Depression; and the social upheavals of the post World War II years. This revised edition of the now-classic text on the Episcopal Church brings the story up-to-date with a new chapter on the 1990's. This new chapter pays special attention to the Church's renewal efforts, Presiding Bishop Browning's time in office, the issue of homosexuality, changing leadership dynamics, liturgical change, and Lambeth 1998.

A Bishop's Ministry David Tustin 2013-09 Few books on episcopacy deal with the inner life or practical problems of being a bishop, but this volume gives an inside view. It describes the initial challenge of adjusting to a new role with little preparation, and indicates the main ongoing pressures. This account combines personal experience with theological reflection. Convinced that being comes before doing, David Tustin first considers vital elements in the bishop's personal way of life: inner life, outer lifestyle, home and hospitality, and careful use of time. The rationale of what bishops actually do is then examined in seven key areas, together with suggestions about translating ideals into reality: teamwork; caring for people within and beyond the church; conducting worship; spreading the Christian message; sending new ministers; building bridges in society and within the church; fostering visible Christian unity. Emphasis is laid on bishops sharing their ministry with others, and reaching out beyond the church. This book offers examples of good practice. It draws together resources useful for new bishops, including excerpts from classic writers (Gregory the Great and Bernard of Clairvaux) and pointers to an ecumenical range of contemporary material unlikely to be in the hands of most readers. It is relevant to all who share in senior church leadership. A bibliography and index are included. 'The closing section argues that bishops, no less than other ministers, need good initial training, periodic review and continuing professional development. It also looks at how bishops can adjust to active retirement.'

Unchanging Witness S. Donald Fortson 2016-02-01 The church is going through a time of severe fracture over the issue of homosexuality. This book addresses the arguments from the gay Christian movement and revisionist theologians and exegetes on a single point: Can they withstand the evidence of the primary sources? In *Unchanging Witness*, Donald Fortson and Rollin Grams articulate the consistent orthodox view on homosexuality by presenting primary sources throughout Christian history and

by interpreting the biblical texts in their cultural contexts. The first part of the book examines church history from the patristic period to the present day, and the second part engages biblical texts in light of Ancient Near Eastern, Jewish, Greek, and Roman primary sources. Throughout, the authors survey the conflicting and changing arguments of revisionist readings and contend that, in light of the overwhelming evidence of the relevant texts, the real issue is not one of interpretation but of biblical authority and Christian orthodoxy.

The Nature of Salvation Robert W. Prichard 1997 Robert Prichard examines both high-church and evangelical theology in the nineteenth-century Episcopal church, claiming a commonality between the two that has been neglected in the study of Anglican history. Parting company with the interpretation dominant among historians of the Episcopal church for more than sixty years, he focuses on shared theological assumptions rather than on liturgical divisions. By focusing on these shared theological assumptions, he sheds new light on the Episcopal church, helping the reader to see the evangelical and high-church parties as concerned with theological as well as liturgical topics. Prichard's approach avoids overemphasis on division and opens the way for a broader comparison of the Episcopal church's relationship to other Protestant churches.

Can a Bishop Be Wrong? Peter C. Moore 1998-03 An eminent group of Episcopal scholars and bishops addresses the core issues raised in Bishop Spong's books and teachings on the Virgin birth, resurrection, sexuality, scripture, sin, Jesus, culture, and God. These essays are incisive responses to an articulate and charismatic public figure whose provocative writings have stirred traditional and non-traditional thinkers alike. While acknowledging that Spong's writing strikes a chord with lay people in the churches and the general public, the book's authors believe a balanced response is needed. They accomplish this by commending the bishop for having the courage of his convictions while challenging his teachings on the cornerstone beliefs of Christian tradition.

Avery Dulles Cardinal Avery Dulles S.J. 2019-11-08 Winner of a 2020 Catholic Press Association book award (first place, anthology). Cardinal Avery Dulles, S.J. (1918–2008), was one of the leading American Catholic theologians of the twentieth century. Published in partnership with America Media, this collection of Dulles's essential work from America magazine includes more than five decades of writing that showcases his wide-ranging interests in ecclesiology, salvation history, pastoral theology, and contemporary literature and reflects the Jesuit's warm personality and astute insights on the Church in an era of great change. Avery Dulles: The Essential Writings from America Magazine includes occasional and formal writing, book reviews, reflections, and extended essays from America. Known as a synthesizer of Catholic thought from disparate traditions and theological positions, Dulles is perhaps best known for his book *Models of the Church*, one of a number of important academic works he wrote. Dulles was the author of twenty-five books and produced hundreds of articles for America and other journals. In

these selections from America, Dulles reflects on theological questions such as the relationship between faith and reason, as well as events like the Second Vatican Council that affected average Catholics. Avery Dulles also includes the late cardinal's exploration of the teachings of John Paul II and the authority of the episcopacy—solidifying our understanding of Dulles as both a towering figure and a mediating voice in American Catholicism.

issues today cause more public - and private - debate than the interaction of homosexuality and religion. From the question of gay marriage to the place of gays and lesbians within faith communities, religious leaders and lay members must deal with these issues for now and for years to come. What is the historical position of the major denominations? How are people of faith balancing their beliefs? This encyclopedia provides an overview of the various attitudes and responses that religions have had to the presence of gay, lesbian, bisexual, and transgendered persons within their communities. The Witness 1996

Mission, Race, and Empire 2023-08 The history of the Episcopal Church is intimately bound up with the history of empire. The two grew in tandem in the modern era, and as they grew they developed particular ideologies and practices around race. As slavery was carried over into the new political formations of the United States, so too were racially based exclusions carried over in the Episcopal Church. *Mission, Race, and Empire* presents a new history of the Episcopal Church from its origins in the early British Empire up to the present, told through the lenses of empire and race. The book demonstrates the dramatic shifts within the Episcopal Church, from initial colonial violence to reflective self-critique. Jennifer Snow centers the stories of groups and individuals that have often been sidelined, including Native Americans, Black Americans, Asian Americans, women, and LGBTQ people, as well as the institutional leaders who sought to create, or fought against, a church that desired to be a house of prayer for all people.

[Sex, Moral Teaching, and the Unity of the Church](#) Timothy F.

Sedgwick 2014-10 Respected Episcopal ethicist Timothy F. Sedgwick provides an alternative viewpoint on the homosexuality debate, on the proposed Anglican Covenant, and on mission and ministry. He deals insightfully with what he thinks is a mistaken

assumption in the Church and advances a cogent argument that the church needs to be clear in forming its moral teaching--whether liberal or conservative. The right question, Sedgwick maintains, is how do we teach morals and order our life accordingly? This book evolved from his work over the last decade addressing same-sex issues in the national church. Chapters include: - Homosexuality, Teaching, and Governance in the Episcopal Church - The Anglican Covenant: What are Bishops for? - Anglican-Roman Catholic Dialogue: The Unity We Seek - Moral Teaching, Formation, and the Mission of the Church A timely and lucid treatment of the single most controversial topic in the Episcopal Church Written by a preeminent Episcopal ethicist

Timothy F. Sedgwick 1992 The contributors to this book of timely essays have come to believe that the ability of the Episcopal Church to offer moral guidance is in jeopardy. Although their outlooks are different, they all share a common understanding of the discipline of Christian ethics.

Lutheran World Federation 2000 This volume presents in English the official Joint Declaration on the Doctrine of Justification, confirmed by the Lutheran World Federation and the Roman Catholic Church in Augsburg, Germany, in October 1999. The result of decades of Lutheran-Roman Catholic dialogue, this primary document represents an ecumenical event of historical significance. Included in the volume are the Joint Declaration on the Doctrine of Justification and the Official Common Statement

with its Annex. These texts are recommended for careful study in seminaries and parishes and for reading by individual Christians. It is hoped that the Joint Declaration will deepen understanding of the biblical message of justification and also serve to further reflection within the wider ecumenical movement.

The Circus Age Janet M. Davis 2003-10-15 A century ago, daily life ground to a halt when the circus rolled into town. Across America, banks closed, schools canceled classes, farmers left their fields, and factories shut down so that everyone could go to the show. In this entertaining and provocative book, Janet Davis links the flowering of the early-twentieth-century American railroad circus to such broader historical developments as the rise of big business, the breakdown of separate spheres for men and women, and the genesis of the United States' overseas empire. In the process, she casts the circus as a powerful force in consolidating the nation's identity as a modern industrial society and world power. Davis explores the multiple "shows" that took place under the big top, from scripted performances to exhibitions of laborers assembling and tearing down tents to impromptu spectacles of audiences brawling, acrobats falling, and animals rampaging. Turning Victorian notions of gender, race, and nationhood topsy-turvy, the circus brought its vision of a rapidly changing world to spectators--rural as well as urban--across the nation. Even today, Davis contends, the influence of the circus continues to resonate in popular representations of gender, race, and the wider world.

Peter Akinola: Who Blinks First? Gbenga Gbesan 2020-03-30

To the astonishment and dismay of Anglican leadership in the Global North, Nigeria's Archbishop Peter Akinola led the Global South's revolt against the campaign to normalize homosexuality within the global Anglican communion. For this, he was twice recognized by Time magazine as one of the "100 Most Influential People" on earth. As shepherd of an immense Nigerian flock, he joined arms with like-minded archbishops in Africa, Asia, and South America to insist that the church be guided by the Bible rather than culture. Here is the remarkable story of this conflict, from its social beginnings in nineteenth-century Germany, through the renegade behavior of national churches in Canada, the United States, and the United Kingdom, on to gatherings addressing the issues—from Dromantine, Northern Ireland, to Kuala Lumpur, Malaysia. At one point, Archbishop of Canterbury Rowan Williams, who had been enabling the "progressives," challenged Archbishop Akinola, "We shall see who blinks first!" Since that day, it is clear that neither Akinola nor his colleagues have blinked. Indeed, through the formation of GAFCON (Global Anglican Future Conference) and union with biblically faithful Anglicans in the Global North, they are pressing their cause with an eye toward the next decennial assembly of bishops at Lambeth.
