### **Traveling Heritages** - Saskia Wieringa 2008

In the context of our increasingly globalized and digitalized world, libraries and archives are experiencing major changes. The methods used internationally to collect cultural heritage and other historical material are shifting, as new media have added important innovative tools for gathering, preserving, and sharing information around the globe. In light of our increasingly multicultural societies and the expanding "digital divide," we need new and more inclusive approaches to the collection of cultural heritage. This means that critical reflection on both the contents of collections and methods of acquisition is crucial. The International Information Center and Archives for the Women's Movement (IIAV) in Amsterdam provides a case study in how to approach these issues. It considered such questions as how to make optimal use of new media, and whose histories should be represented in its archives. In *Traveling Heritages*, international and national heritage experts from academic, library, and archival professions reflect upon these questions, offering new perspectives on documenting women's histories.

### **Not Again...Please Come Home** - Susan Capurso 2001-06

It's a fact of life! Millions of women are loving millions of men all over the world and struggling with so many of the same issues. When you met your knight in shining armor, who knew he would like his space so much that he would forget to come home some nights. You're not alone. For the woman who chooses to love and stay with her man regardless of his weekly disruptions, this is the book for you! *Not Again...Please Come Home*, is intended to help you live with the love of your life, while finding ways to bring more peace and light into your own self. Keeping your self respect and approaching your situation at hand in a different way, will help you feel more confident and help you find the friend in yourself you always knew you had. Stop bending over backwards to improve the relationship as it is, and instead throw all of the focus on you. It's about time. A definite night time companion for women to reach for when their man stays out late again. Look at your relationship in a whole new light, to get the love and the passion back you so deserve.

### **A Passion for Print** - Kristine Mahood 2006-03-30

Get teens excited about reading by using your own love of books along with a good dose of market savvy. This simple, upbeat guide is packed with practical guidelines and a wealth of exciting ideas for promoting books and reading through everything you do—from collection building, designing the space, and creating a Web site, to booktalking, readers' advisory, and special events. A practical, step-by-step approach. Promoting books and reading is one of your most important roles, but reaching teens and inspiring them to read can be a challenge, especially now, when teens have so many other commitments and interests. This guide will inspire you to build your book knowledge and combine it with marketing savvy to bring teens together with books and reading. Drawing upon recent research on teens and libraries, the author offers practical guidelines and a wealth of exciting ideas for environmental reading promotions (collection building, designing the space, creating publicity materials and developing the web site), as well as interactive

promotions (communication with teens, readers advisory, booktalking, partnering with other organizations, and book-related activities and events). Based on the author's experience and the experience of others who work with teens, the book provides librarians and other educators with a simple, handy, and upbeat guide. Grades 6-12.

### **I Liked You Until . . .** - Beverly Green 2016-01-26

There is a popular saying: "You need to kiss a lot of toads before you meet your prince." Most movies and books tell the story of the prince. Not mine. This is a story about the toads. This book is about my failed relationships and dating stories so awful, you have to laugh. This book is for women, as we go through the same breakups, makeups, heartaches, and overall relationship roller-coaster rides. And this book is for men, to educate the male population on what not to do when you actually like a girl. Now, able to smile at my single status approaching thirty, I share the stories and toast the men who have impacted my life for better . . . and worse.

### **Lighten Up!** - Hayley Roper 2013-12-01

There are many books on the shelves today providing information on weight loss through exercise and dietary guidelines. In *Lighten Up* Hayley acknowledges that while most females understand the fundamentals of weight loss, it is their mental or emotional state that prevents them from actually doing so. Once *Lighten Up* has you in the right headspace it provides a simple and common sense approach to eating and exercise that will see your body transform. It also leaves you with sample eating plans and 20 training programs. Read this book and the process of physical transformation will become easier than you ever thought possible. That's my promise to you, Lots of love Hayley x About the Author Hayley Roper is the director/owner of Love My Body a female only business which runs bootcamps (Melbourne) and Health retreats (in different locations - Victoria, Byron Bay and Bali). Love my body empowers women to look and feel their best through mentoring, providing dietary guidelines, the right forms of exercise for our bodies and through constant support. We are committed to delivering real sustainable results to our clients. We see that each of our clients learn to love themselves and become grounded- enabling the physical transformation to become an easy task. Hayley has an extensive sporting background and has competed in surfing, dancing and running events throughout her life. She has 14 years of experience in the fitness

industry and is a leader in her field. She started her business Love My Body 5 years ago after gaining experience in the fitness industry and sales/marketing in the corporate world. She now runs Love My Body as a successful fitness business, with staff both in Melbourne and Interstate. She also specialises in weight loss coaching, teaching, lecturing. Hayley has a wide range of experience working with athletes, large groups, models, weight loss clients and rehab clients. She is extremely passionate about the industry, her clients achieving their goals, and her own health and fitness- practising what she preaches every day. Over the years of trial and error and dealing with hundreds of clients she has mastered the art of helping people achieve their ideal physique. She has the ability to motivate and inspire anyone and everyone who comes her way.

**The Pick-Up Game** - Robert King 2014-02-21

A tried-and-tested programme to help men become confident and skilled at approaching and talking to any woman. Imagine having the confidence to approach any woman. Imagine knowing exactly what to say to her. Imagine looking forward to a date, rather than it filling you with dread. With Robert King's methods all of this can become a reality. Robert King is an ordinary guy, who has become a master of picking up and dating attractive women and has brought dating success to thousands of men. In *The Pick-Up Game* he shares his methods. Learn what to say to a woman you like, how to interact socially and how to handle the logistics of approaching and spending time with women. Then learn the Zen way of letting go, especially when under pressure socially, and how not to try too hard to make something work - simply let it all unfold naturally. With Robert's techniques you will gain total confidence in yourself, learn to read and understand women and maximize every date you go on. Whatever your goal - whether it's to have more fun, more sex or a serious relationship - look no further than this invaluable book. You really can become a success with women. Robert King read his first self-help book, *How to Win Friends and Influence People*, at the age of 19 and this sparked his desire for personal transformation. Naturally shy and reserved, after university Robert discovered the pick-up artist community and soon cultivated a natural style with women. After teaching at other pick-up companies and becoming "wings" with the best pick-up artists in the community he set up his own company [www.puamethod.com](http://www.puamethod.com), which has featured in *The Sunday Times* and *The Sun* newspapers and on various television programmes. He has taught close to 1,000 students natural pick up.

**Catalysts for Change** - Gisela M. Von Dran 1993

Learn more about innovative management techniques library administrators can use to adapt to the rapidly changing information environment. *Catalysts for Change* features the perspectives of library practitioners as well as other higher education professionals on using innovative management techniques. The book includes practical discussions of Total Quality Management, team management, the impact of gender differences, managing an older work force, and educational needs for the 1990s. Librarians will find these techniques and solutions helpful for dealing with change. They will benefit from the case studies and practical overview from professionals who have already experienced change in their own libraries. Through this valuable book, library administrators will find the best methods for adapting management strategies to the major political upheaval, economic reprioritizing, and organizational restructuring that has been characteristic of this decade. Some of the important topics covered by the contributors include: fostering the democratization of the workplace and the development of the staff through empowerment proactive, assertive, and collaborative roles of libraries in the scholarly communication process library management education that prepares professionals both to anticipate change and to bring about change in their institutions in response to societal needs and shifts managing the academic library through teamwork the possible impacts and implications of female leadership on the library profession organizational change in research libraries older workers in technical services the role of the collection development librarian in the 1990s and beyond using the budget as a planning tool *Catalysts for Change* demonstrates how to approach library services in ways that are a result of a "revenue diet," technological advances, and changing philosophies of library constituents. Practitioners in the library field, middle managers and administrators in libraries, and beginning level management classes in library schools will find essential information in this book to help them create library management strategies to adapt to the turbulent changes in the library profession. *The Approaching Storm* - Nora Waln 1988

**No Change** - Wendy Cooper 1996

For years, women approaching middle age were told by their doctors that they would simply have to put up with the discomfort - or misery - of the change of life. This updated edition of a book first published in 1975, which contains new material on HRT and osteoporosis, aims to show how women can minimize or even avoid the ill-effects of the menopause and lead normal, busy and healthy lives.

**Date the Women of Your Dreams** - Matthew Buschbacher 2006-02-01

Would you like to learn the secrets of meeting and dating women that will give you more opportunity with women than you can handle? *Date the Women of Your Dreams* tells you how to find the women you are looking for and how to go out there and get them. This book isn't written by theorists or people who just studied how to win women's approval. It is written by a man who actually goes out, meets, dates and creates attraction with women on a daily basis. *Date the Women of Your Dreams* will take you from whatever level you are at now to having the power to make any woman attracted to you. *Date the Women of Your Dreams* is a roadmap. It's a guide to getting you the success with women that you want and deserve. We'll tell you what to say, how to say it, where to go and how to develop yourself into a man who can instantly create attraction in women. You will not only be able to walk into any social environment and make every woman attracted to you but you'll also have the admiration and respect from all of the other men there. You will start to notice a change and amazing things will start happening to you. Women will start using you as the benchmark of how they grade all other men. You'll start becoming excited about approaching women. And your confidence and self esteem will skyrocket. You'll start to notice other areas of your life will improve just because of your success with women. For the price of buying a couple drinks at the bar for women that you're trying to get with, you'll learn the secrets to attracting women that will put you light years ahead of most men. Get this area of your life taken care of, get your self esteem and confidence to skyrocket, give yourself the options so that you never feel like you have to settle for women you don't want and deserve. Read this book, it will be one of the best decisions you will ever make.

**Planning Additions to Academic Library Buildings** - Pat Hawthorne 1995

The "seamless approach" is the best strategy for planning additions to existing academic library buildings. Additions to existing library buildings are becoming a fact of life at many colleges and universities. Space considerations, the need for proximity to existing space, and the desire for a unified appearance usually preclude designing a totally new structure in many cases. So adding on to existing space is not only the best option for many academic libraries; it's the only one. The Catch-22 is that there is usually little to be gained by attempting to impose a too-modern structure on existing buildings. The solution is a seamless approach that incorporates and enhances the features of existing structures. The result is usually a functional and appealing addition, rather than a design that meets space needs but looks like an afterthought. Using case studies, *Planning Additions to Academic Library Buildings* profiles three academic libraries that went through expansion. The editors and authors clearly describe both the challenges and the opportunities for planning seamless and successful additions to existing buildings. Photos and architectural plans and layouts effectively illustrate how the challenges of adding on to existing structures were met in three different situations. Planning library additions can be a daunting proposition for many librarians, who are forced to become space planners and architects. This readable and well-illustrated book clearly and cleverly outlines the steps and the success stories of those who have lived the experience of designing a seamless library addition.

**Gender Issues and the Library** - Carol Smallwood 2017-11-02

With the legalization of same-sex marriage and the explosion of LGBTQ news coverage in recent years, gender studies is a subject of intense interest in popular media and a part of the curriculum at many colleges. Libraries realize the importance of supporting the field yet many have difficulty finding resources and programming ideas. This book provides

case studies and a range of innovative solutions for better meeting patron needs. Twenty-seven chapters are arranged into sections covering Research and Library Instruction, History and Herstory, Programming, Collections and Beyond, and Resources.
