The Easiest Way to Meet and Pick Up Girls-Ever!! - Dusty White 2006-07-27

As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of

the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight-without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you-and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of

getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

But... She Has a Boyfriend! -

Rohit Mane 2021-06-11

Have you ever met the right person... but at the wrong time? Do you wish to go back in time and meet that person again... or not meet them at all? *But... She Has a Boyfriend!* is a nostalgic "college love" story of two teenage students - Rohan, a boy of simple taste and mediocre sense of humour and Aditi, a girl who has everything: beauty, brains, compassion, sense of humour and also a BOYFRIEND! Aditi is blindly in love with her boyfriend who, according to Rohan, doesn't deserve her, of

course! Rohan, on the other hand, is determined to prove his love for Aditi and show her that she is not loved the way she deserves to be loved. The paths of these two intertwine in the most unpredictable of ways and what entails is a turbulent yet light-hearted journey of falling in love, the ups and downs of being in love with someone you can't have, the pains and the heartbreaks, the cute chats and talks, and of course, the memorable college days that would make anyone revisit that golden time of their lives. This is not a love story... this is a story about love!

Would you like to know exactly how to get a girlfriend who is amazing and beautiful without resorting to cheesy pickup lines? Then this book is for you. Written by international men's coach Jake D. Ryan *Dating Advice for Men: Unlike PUA books, Charm her Pants Off, line isn't about tricks, lies, or manipulation. Whether you want to get your ex back, attract women to date regularly, or learn exactly how to get a girlfriend who makes heads turn, the lessons in this book can help you stand out in any room. You'll never have to hesitate or feel like you've run out of things to say. You'll bleed confidence in any social situation, captivate the room, and know how to attract women that you most desire. Whether you want to know how to get a girlfriend or just date around, The Charm her Pants*

off has the answers that have worked for tons of men. The girl of your dreams is out there...will you get her? Charm her Pants Off is the ultimate and only guide to getting girls and to understand women once and for all. This is why guys that read it don't read or recommend anything else. Because the few men who "get it" spend the rest of their lives enjoying sexy girls in abundance - and so can you. You can learn to get ANY girl you want, the same way that all men who are naturally good with women have. The only difference is that you may learn it much FASTER, instead of wasting tons of time and money on fruitless dates or a new car/haircut/shirt that you BELIEVE will make you more attractive - but really doesn't. You see; men LACK success with women because they either don't understand what women are attracted to, or because they THINK that they do know, but have the wrong ideas and hence waste a lot of time - sometimes their entire life - chasing things they

don't need. You know you have to get this book if you believe women want men with money, cars, or anything else that is man-made, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented? The approach you'll learn in The Manual is very different from conventional dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporates men's and women's socialization and explains phenomena's such as why men think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-known phrase which amusingly reveals that women ARE easy but only pretend not to be). This is why the beginning of the

book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words. You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family, you should be able to talk to a hot girl without making a fool out of yourself. Your the man, prove it to her!!!

enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a

seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how

to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen

before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. Discover the art of instant attraction and become the type of man girls beg for! One rejection after another...Trust me, I know the feeling. Most of my teenage years I've been the weird guy who always chocked

and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself.... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything.
