The Delight Makers Catherine L. Albanese 2023-01-17 "Can you draw a clear line through American history from the Puritans to the "Nones" of today? On the surface, there is not much connective tissue between the former, who often serve as shorthand for a persistent religious fanaticism in the United States, and the almost one quarter of the population who now regularly check the "None" or "None of the above" box when responding to surveys of religious preference. But instead of seeing a disconnect between these two groups separated by time, historian Catherine Albanese insists there is a deep connection that spans the centuries. With a targeted romp through American history from the seventeenth century to the present, Albanese ties together these seemingly disparate groups through a shared and distinctively American preoccupation with delight and desire. Albanese begins our journey with the role of delight and desire in the brand of Calvinism championed by renowned Puritan minister Cotton Mather and later Jonathan Edwards. She then traces the development of these themes up through the present, treating the reader to revelatory readings of Ralph Waldo Emerson, Horace Bushnell, Andrew Jackson Davis, William James, Emma Curtis Hopkins, Elizabeth Towne, and others, revealing the contours of an evolving theology of desire. The result is an original and entertaining take on an underexamined through line in American history"--

Abraham reminds us that we are truly Source Energy focused into our physical bodies, and that a conscious Connection to that Broader Non-Physical part of us is necessary if we are to be the joyful Beings that we were born to be. Abraham calls that wonderful alignment Getting into the Vortex. They have let us know that our natural state of Being is inside our Vortex of Creation in complete alignment with Source Energy—and that every aspect of our physical experience reflects our alignment with, or resistance to, that Connection. Everything—from the physical well-being of our bodies, the clarity of our minds, and the abundance we allow to flow, to the satisfaction in every relationship we experience—is impacted by our all-important relationship with our Vortex. Abraham has helped us to understand that our dominant intent in every day is to get into the Vortex! And now, they have lovingly and specifically guided Jerry and Esther Hicks in the creation of an innovative and valuable tool that promises to get us into the Vortex right now . . . and that tool is enclosed in the Getting into the Vortex User Guide in the form of a 70-minute audio download. Letting Go David R. Hawkins, M.D., Ph.D. 2014-01-15 Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.
