Sexual Health - Serena Gander-Howser
2012-07-15

Puberty is the time in life when a young person starts to become sexually mature. This [survival guide] describes the physical and emotional changes that boys and girls go through during puberty, the biological reasons for these changes, and the brand-new health and hygiene issues they will face as they grow. Tweens and teens are given solid information about what changes in the body are normal and expected, as well as how to identify health issues that might be a problem. A sense of competence and confidence about handling personal hygiene, and a sense of responsibility for protecting their own health and well-being, will be instilled in readers. Content fulfills National Health Education Standards.

Netter's Infectious Diseases E-Book - Elaine C. Jong 2011-09-09

Netter's Infectious Diseases provides a comprehensive yet concise overview of current global infectious disease concerns. Elaine Jong and Dennis Stevens cover the basics of the field using beautiful Netter illustrations and accessible "need to know" information on major conditions and problems— including multi-drug-resistance, Staph infections, Chagas disease, and the flu. In print and online, it's a great tool for quick review or for sharing with patients and staff. Review the basics of infectious disease through comprehensive coverage contained in a single volume reference. Apply "need to know" information from the uniformly concise text and instructive Netter paintings. View detailed Netter illustrations that provide a quick and memorable overview of microbiology, pathophysiology, and clinical presentation. Stay current on modern infectious disease concerns—such as multi-drug-resistant tuberculosis, Staph aureus, Chagas disease, and the flu—with new illustrations in the Netter tradition specifically created to address new topics. Access a companion website at www.netterreference.com featuring the complete searchable text, an Image Bank containing all of the book's illustrations...downloadable for your personal use, plus 25 printable patient education brochures.

[All about Eve and Other Things](#) - Adelle Bradford 2005-12

What would you do if you thought the Queen of England might drop in for tea? Have you ever whimsically capered? How many geese in a flock? Or is it a gaggle of geese? Or a giggle? From the serious to the ridiculous and the whimsical to the lyrical, tucked away in these pages you will find essays and poetry to enlighten and entertain, to make you chuckle or perhaps even weep. Happy songs and sad songs, here is an entertaining book to read again and again.
