

# Cross Dressing Sex And Gender

## **Transgender History & Geography: Crossdressing in Context** - Bolich 2007-11

The third in a landmark five volume study of transgender realities, with a focus on crossdressing, this fascinating volume offers a tour through history and around the world. Within these pages are found the most famous crossdressers of history and information as to what it means to be a transgender person in the various countries of the world today.

[Fantastic Women](#) - Annie Woodhouse 1989

Based on original research in clubs, bars and private homes, this study explores the reasons why some men want to dress as women arguing that only by considering sexual politics can we reach any realistic assessment of transvestism.

## **Parting with my Sex** - Lucy Chesser 2018-08-30

Exploring the recurrence of cross-dressing and gender inversion within Australian cultural life this book compares and contrasts sustained life-long impersonations where women lived, worked and even married as men, with other forms of cross-dressing such as cross-dressing for stage and the prosecution of men seeking sexual encounters disguised as women.

## **The Tradition Of Female Cross-Dressing In Early Modern Europe** - Rudolf M Dekker 1989-02-08

In 17th and 18th century Europe, especially in Holland, England and Germany, so many women chose to dress and live as men, that an underground tradition of female cross-dressing within the popular

culture can be detected.

Blending Genders - Richard Ekins 2002-03-11

First published in 1995, the book describes personal experiences of those who cross-dress and sex change, how they organise themselves socially - in both 'outsider' and 'respectable' communities. The contributors consider the dominant medical framework through which gender blending is so often seen and look at the treatment afforded gender blending in literature, the press and the recently emerged telephone sex lines. The book concludes with a discussion of the lively debates that have taken place concerning the politics of transgenderism in recent years, and examines its prominence in recent contributions to contemporary cultural theory and queer theory.

*Gender, Sex and Sexuality* - Gerda Siann 2013-05-24

For some time sex has been defined as the biological difference between men and women, and gender as the manner in which culture

defines and constrains these differences.

Feminine/masculine, male/female, women/men, boy/girl - terms of sexual and gender division like these permeate the way we think and talk about ourselves and each other. On most occasions we find their use non-problematic and people employ them easily, at other times, however, particularly if we are interested in psychology, we may wonder whether this ease is illusory.; One may speculate whether being a woman necessarily implies being "feminine". One may question why young women are often referred to as girls, while men are seldom referred to as boys. Is dressing in a stereotypically feminine manner a reliable indication that a woman is heterosexual? What about cross dressing? Why do these topics hold so much fascination for the media?; "Gender, Sex and Sexuality" examines the effects that the inequalities experienced between men and women have had on the psychologies of both sexes, and

on 2020-09-07 by guest

the battle to remove them. It aims to introduce the reader to current research and theories, drawing on novels, theatre, soap operas, as well as research for case histories.

*Unzipping Gender* - Charlotte Suthrell 2004-04

This work compares transvestism across cultures, in particular it compares transvestites in Britain with the Hijras of India. It considers how emotion, mythology, imagery, and beliefs influence ideas about sex and gender. The author challenges the straightforward binary divide that dominates Western theories of gender. She argues that sex and gender are really so closely connected that we need a more sophisticated response to the complex practice of transvestism. In order to gain a deeper understanding of sex and gender issues, it is imperative to examine underlying social and symbolic structures.

### **The Transgender**

**Phenomenon** - Richard Ekins 2006-10-23

"Dave King and Richard Ekins

are the leading world sociologists in this field. The book brings together a brilliant synthesis of history, case studies, ideas and positions as they have emerged over the past thirty years, and brings together a rich but always grounded account of this field, providing a state of the art of critical concepts and ideas to take this field further during the twenty first century." - Ken Plummer, University of Essex  
"An outstanding survey of the evolution of trans phenomena, splendidly written, highly informative, scholarly at its best, yet easy to read even for those neither trans nor sociologist. Ekins and King, experts in the field, unroll the panoramas of sex, gender, and transgenering that have evolved during the last decades. For everyone wanting to understand the interaction of women and men and of those who cannot or will not identify with either of these two categories, reading this book is a must, and a real pleasure." - Friedmann Pfaefflin, University of ULM

on 2020-09-07 by guest

This groundbreaking study sets out a framework for exploring transgender diversity for the new millennium. It sets forth an original and comprehensive research and provides a wealth of vivid illustrative material. Based on two decades of fieldwork, life history work, qualitative analysis, archival work and contact with several thousand cross-dressers and sex-changers around the world, the authors distinguish a number of contemporary transgendering 'stories' to illustrate: The binary male/female divide The interrelations between sex, sexuality and gender The interrelations between the main sub-processes of transgendering. Wonderfully insightful, The Transgender Phenomenon develops an original and innovative conceptual framework for understanding the full range of the transgender experience.

### **Dress & Gender:**

#### **Crossdressing in Context -**

Gregory G. Bolich 2007-11-01  
The first in a five volume set, this book reestablishes dress as

a foundational context for crossdressing. This major study demonstrates the interplay between sex, gender, and clothes, especially as these relate to transgender behaviors, of which crossdressing is the best-known.

Head Over Heels - Virginia Erhardt 2014-01-14

Candid, first-hand accounts of couples who stay together despite highly emotional gender issues. Head Over Heels gives voice to thirty ordinary women who live extraordinary lives as partners to crossdressers, transgenderists, and male-to-female transsexuals. These unique women discuss, with honesty and great candor, how they first learned of their partners' gender issues, how they've coped with the emotions that followed, how they've dealt with concerns about privacy/secretcy, and how they've handled disclosure to children, friends, and family members. Far from a collection of "happily ever after" stories, these narratives are filled with

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2020-09-07 by guest*

pain, courage, curiosity, and joy as each woman struggles to redefine a relationship that includes intimacy, social acceptance, dignity, and respect. The women whose stories are featured in *Head Over Heels* didn't know their partners were gender-variant when they first met. Some found out early on; others learned of their husbands' gender variance after decades of marriage. Some were told by their husbands—men they considered “regular guys;” others found out on their own, sometimes in shocking ways. Their stories represent a wide spectrum of women's life experiences with crossdressers, transgenderists, transsexuals who are nonoperative, pre-operative, and post-operative, families without children, families with children at home, and families with children who have left home. But these women share one thing in common: each has decided to stay in her relationship, exploring her new life with an open, yet cautious, heart. Some of the voices heard

in *Head Over Heels*: “While putting my clothes on, I found a sales receipt on the bureau from K-Mart for shoes, a bra, and stockings. My immediate thought was that my husband had a girlfriend.” “He dressed for me one night and it was the worst experience of both our lives. I was shocked and he knew it and that hurt him.” “My siblings had been aware of Trish's transsexualism for several years when she went full-time. They have told me that while I will always be welcome in their homes, Trish is not.” “My husband may think differently, but I do have a sexual identity. Actually, I'm real clear about it—I am a woman and he is a man. I do not allow him to crossdress in the bedroom. I married a man; therefore, I will sleep with a man.” *Head Over Heels* also includes historical and current information about resources and support for wives of gender-variant people, and a substantive introduction that includes basic information about sexual and gender identity and related issues.

*Transvestites and Transsexuals*  
- Richard F. Docter 2012-12-06  
The objective of this book is to propose a theory of transvestism and secondary transsexualism, and to provide information concerning these behaviors. My view of these topics is much like that of Benjamin (1966) and nearly all other gender researchers. It holds that a syndrome of similar behaviors can be identified, ranging from fetishism through transvestism, transgenderism, and secondary transsexualism. But description is one thing and explanation of causes is another. I agree with other gender researchers (e. g. , Green & Money, 1969; Stoller, 1985c) who have concluded that the causes of transvestism and transsexualism remain largely unknown. But the fact that we cannot fully explain the origins of transvestism or secondary transsexualism does not mean that a comprehensive theory is impossible. Indeed, excellent theoretical statements have been proposed concerning each of these topics

(Ban croft, 1972; Buckner, 1970; Buhrich & McConaghy, 1977a; Money & Ehrhardt, 1972; Ovesey & Person, 1973, 1976; Person & Ovesey, 1974a,b; Stoller, 1968a, 1974, 1985c). It is with considerable respect, therefore, that we acknowledge both the strong shoulders on which we stand, and also the more practical fact that we have drawn heavily upon the many contributions of these researchers. The approach I have adopted has the same scientific difficulties that confronted all of these previous workers.

[Into the Closet: Gender and Cross-dressing in Children's Fiction](#) - Victoria Flanagan  
2013-08-21

*Into the Closet* examines the representation of cross-dressing in a wide variety of children's fiction, ranging from picture books and junior fiction to teen films and novels for young adults. It provides a comprehensive analysis of the different types of cross-dressing found in children's narratives, raising a number of significant issues relating to

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2020-09-07 by guest

the ideological construction of masculinity and femininity in books for younger readers. Many literary and cultural critics have studied the cultural significance of adult cross-dressing, yet although cross-dressing representations are plentiful in children's literature and film, very little critical attention has been paid to this subject to date. *Into the Closet* fills this critical gap. Cross-dressing demonstrates how gender is symbolically constructed through various items of clothing and apparel. It also has the ability to deconstruct notions of problematizing the relationship between sex and gender. *Into the Closet* is an important book for academics, teachers, and parents because it demonstrates how cross-dressing, rather than being taboo, is frequently used in children's literature and film as a strategy to educate (or enculturate) children about gender.

**Sex and Gender** - David E. Newton 2017-05-12  
Geared toward high school

students, undergraduate students, and general readers, this reference work provides a thorough and unbiased treatment of sex, gender, and transgenderism—social issues of particular importance in today's world. *Sex and Gender: A Reference Handbook* is a single-volume book that introduces a variety of personal, social, political, and ethical issues of concern to every young adult in the United States today. Written in a style that is accessible and engaging for student readers and researchers, this book examines subjects that are rarely discussed for readers of this age group, providing authoritative information on topics such as gender roles, gender development, and gender inequality; body image; sexual differentiation in humans; the range of human affectional expression; sex education; and LGBT discrimination. Readers of this reference book will examine a number of important current issues relating to sex and gender, such as

on 2020-09-07 by guest

transgenderism, gender dysphoria, same-sex attraction, the development of gender roles, the changing perspectives on these topics, and other controversial and unresolved issues in American society today. The book also includes a Data and Documents chapter that contains laws, courts cases, and other primary documents that relate to current issues involving sex and gender.

Gender Blending - Bonnie Bullough 1997

A diverse collection of some 50 papers discussing cross-gender behavior, from cross-dressing to altering one's sex through hormones and surgery. Topics range from the emergence of the transgender phenomenon to literary treatments of cross-dressing and legal issues.

Annotation copyrighted by Book News, Inc., Portland, OR  
*Male Femaling* - Richard Ekins 2002-11

This unique and fascinating book, meticulously and systematically develops a theory of male femaling which has major ramifications for

both the field of 'transvestism' and 'transsexualism' and for the analysis of sex and gender more generally.

**Crossdressing in Context, Vol. 1 Dress & Gender** -

Gregory G. Bolich 2007-11

The first in a five volume set, this book reestablishes dress as a foundational context for crossdressing. This major study demonstrates the interplay between sex, gender, and clothes, especially as these relate to transgender behaviors, of which crossdressing is the best-known.

*Gender Play in Mark Twain* - Linda A. Morris 2007

Huckleberry Finn dressing as a girl is a famously comic scene in Mark Twain's novel but hardly out of character--for the author, that is. Twain "troubled gender" in much of his otherwise traditional fiction, depicting children whose sexual identities are switched at birth, tomboys, same-sex married couples, and even a male French painter who impersonates his own fictive sister and becomes engaged to

Downloaded from

on 2020-09-07 by guest

another man. This book explores Mark Twain's extensive use of cross-dressing across his career by exposing the substantial cast of characters who masqueraded as members of the opposite sex or who otherwise defied gender expectations. Linda Morris grounds her study in an understanding of the era's theatrical cross-dressing and changing mores and even events in the Clemens household. She examines and interprets Twain's exploration of characters who transgress gendered conventions while tracing the degree to which themes of gender disruption interact with other themes, such as his critique of race, his concern with death in his classic "boys' books," and his career-long preoccupation with twins and twinning. Approaching familiar texts in surprising new ways, Morris reexamines the relationship between Huck and Jim; discusses racial and gender crossing in Pudd'nhead Wilson; and sheds new light on Twain's difficulty in depicting the most

famous cross-dresser in history, Joan of Arc. She also considers a number of his later "transvestite tales" that feature transgressive figures such as Hellfire Hotchkiss, who is hampered by her "misplaced sex." Morris challenges views of Twain that see his work as reinforcing traditional notions of gender along sharply divided lines. She shows that Twain depicts cross-dressing sometimes as comic or absurd, other times as darkly tragic--but that even at his most playful, he contests traditional Victorian notions about the fixity of gender roles. Analyzing such characteristics of Twain's fiction as his fascination with details of clothing and the ever-present element of play, Morris shows us his understanding that gender, like race, is a social construction--and above all a performance. Gender Play in Mark Twain: Cross-Dressing and Transgression broadens our understanding of the writer as it lends rich insight into his works.

**Male-to-Female  
Crossdressing in Early**

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2020-09-07 by guest*

**Modern English Literature -**

Simone Chess 2016-04-14

This volume examines and theorizes the oft-ignored phenomenon of male-to-female (MTF) crossdressing in early modern drama, prose, and poetry, inviting MTF crossdressing episodes to take a fuller place alongside instances of female-to-male crossdressing and boy actors' crossdressing, which have long held the spotlight in early modern gender studies. The author argues that MTF crossdressing episodes are especially rich sources for socially-oriented readings of queer gender—that crossdressers' genders are constructed and represented in relation to romantic partners, communities, and broader social structures like marriage, economy, and sexuality. Further, she argues that these relational representations show that the crossdresser and his/her allies often benefit financially, socially, and erotically from his/her queer gender presentation, a corrective to the dominant idea

that queer gender has always been associated with shame, containment, and correction. By attending to these relational and beneficial representations of MTF crossdressers in early modern literature, the volume helps to make a larger space for queer, genderqueer, male-bodied and queer-feminine representations in our conversations about early modern gender and sexuality.

**Cross Dressing, Sex, and Gender** - Vern L. Bullough 1993

Not only surveys cross dressing and gender impersonation throughout history and in a variety of cultures but examines the medical, biological, psychological, and sociological findings that have been presented in modern scientific literature.

Sex and Gender - Robert J. Stoller 1968

A Freudian psychoanalyst looks at several variations from standard sex and gender: transsexuals, cross-dressers, people with unusual sex-scripts, homosexuals, bisexuals, people assigned to
