*Online Dating Bliss in 5 Simple Steps* - Max Editorial 2023-01-30

LIGHTNING PROMOTION "\*\*\*\*\*"Online dating is not all fun and games and there are a lot of things that a person has to know about online dating before one gets into the intricacies of it. Online dating may seem to be the simplest thing in the world but it is not. It should be viewed in all earnestness or things could go haywire. Every game has its rules and unless you know all the rules you just can't become a good player and eventually a winner. Sizes, builds, shapes, features... they are all so different! And that is just about the external appearances. And when it comes to character, it becomes a very different story altogether. Take a trip down memory lane, go back to your classrooms and look around. A classroom is one place where we get to interact with a lot of different people on a very close basis. We get to rub shoulders and corners with very different people and we get to know them on a one to one basis. So how many of your classmates did you genuinely like? I don't mean like them as classmates but as people. Was it easy to get along with all of them? That is why we often end up with best friends or clichés in classrooms. We do not and do not have to like everybody. The tastes and interests of one person might match with ours while the tastes and interests of another person may be at complete loggerheads with ours. So when it comes to dating, it is very much the same story. But over here there are some strings attached. Unlike in a classroom contact, most people go on dates with a more impressive purpose, and that is to find life mate. There are a hundred and one things that should match before two people decide to spend the rest of their lives with each other. Many people are of the opinion that they do not need any help with dating. They may be right because nobody knows a person's tastes and likes better than the person himself or herself. Maybe

most of us do not need any help in making the right choice but isn't it good to get a few pointers on the dating process as such, particularly on Online dating? It is with this objective that this matter was prepared so that the thousands who are now availing of Internet dating may get the best out of it.

*The Manual* - Steve Santagati 2007-05-29

How many times have you and your friends asked one another these questions without ever coming up with any good answers? Your girlfriends just tell you what you want to hear. At the end of the day, the only person who can give you insight into man problems is—that's right—a man! But guys have hidden agendas. What guy would give up all

his dating advantages by spilling the goods? Steve Santagati would. A self-confessed serial dater and Bad Boy, Steve is telling all for the benefit of womankind. Every guy is at least part Bad Boy, and in *The Manual*, this prime specimen reveals what every woman needs to know to counter Bad Boy tactics, both amateur and professional. Steve is never condescending or callous, but honest, perceptive, and street-smart. His guidance is straightforward and his insights are dead-on, giving women tools they can immediately put to work. Discover what you may not want to know but need to know about: •The Heart of the Bad Boy (i.e., the nature of the beast) •The Male Mind: how he sees you and how you can make this work to your advantage •Guys on the Hunt: the male modus operandi, from the grocery store to Home Depot •When Boy Meets Girl: how to handle dating, from flirting to "sext" messaging to learning his weaknesses •Mating: so you've got him . . . should you keep him? Why learn from a Bad Boy instead of, say, a psychologist? Because there's no replacement for "in the field" experience. You'll benefit from (and laugh at) stories of real things Steve has done in relationships with women as well as of women turning the tables on him when he least expected it. The book also includes a question-and-answer section, in which Steve explores some of the toughest dating issues. To understand Steve is to understand the Bad Boy, and that will take you a long way in understanding all men. Find out how much more fun dating can be when you get the upper hand on Bad Boys . . . for good.

You Don't Need A Man! - Lana Otoy 2019-09-24

Are You Single? Good! Professional dating coach and dating advice blogger, Lana Otoya knows that you don't need a man. Your life is perfectly fine just the way it is. You have good friends. You have a good job. You're successful. And most importantly... You don't want a relationship just for the sake of having one. As a modern woman, you need a relationship for more than just the ability to get a credit card. You need a strong man who knows how to take the lead. To have someone take care of you rather than you always taking care of everyone else. But finding a man isn't really a problem for you. There are a lot of men who want to date you. Lots of messages from men on Tinder or Match.com. Weird men talking to you at the bar or hitting on you at the gym. They're everywhere! The problem isn't that you have trouble finding somebody... It's.. That you're having trouble finding somebody good. Somebody who is worth your time. You want a man who is serious. A good communicator. A man who asks you out on a date, arranges the time and place and actually meets you there. And if you can't find him, who cares! You've got a good life going anyway... ..but it would be nice... So what's so hard about finding him? Well.... Swiping on the apps is frustrating and disappointing. It takes up too much time and is emotionally draining. You feel your eyes drooping after reading bad profile after bad profile. Shallow texting conversations take all the humanity and romance out of dating. You've come to expect the last-minute date cancellations and ghosting but when it happens, it still hurts. You've pretty much given up and left your love life to destiny or chance. If this sounds familiar, you'll be happy to know that - I've been in the professional dating scene for years and it has taught me something very interesting. There really is an easier way. A faster way to get out of the dating scene and into a healthy relationship with a high-quality man. The method takes a little work, it's not magic wand, but with a minimal effort, you'll find the man who checks off all your boxes. In my book you will discover: Science based facts that will make online dating easier and more fun Why staying single is the best thing to do for your romantic relationships. How to read a man's personality so you can divorce-proof your future marriage. The final answer to the question: "Am I being too picky?" What compatibility

really means and how to know if you have it with your new man The reason you're overthinking and questioning everything when it comes to men The personality traits that have made you successful in life but unsuccessful at dating The one statistic that will give you the motivation you need to keep swiping The science based reason why men ghost you I am not interested in just hooking you up with some man. I never want you to settle. There IS a man out there who checks off all your boxes, but he's a needle in the haystack. And if you're looking for a needle in a haystack, it doesn't hurt to get better at looking. So, if you're satisfied with your current life but think it would be nice to add a good man to the picture, go ahead and hit the "add to cart" button. You won't be disappointed!
