Find your faction with this aptitude test! Ever wonder what faction you'd be placed in if you were a part of the bestselling Divergent series? Would you be dauntless like Christina, erudite like Caleb, or divergent like Tris? Filled with hundreds of personality questions, this book guides you through different scenarios to help you demonstrate your virtues, uncover your strengths, and discover your true faction. You'll go through the rigorous process of determining what group you belong to--the Abnegation (the selfless), Amity (the peaceful), Candor (the honest), Dauntless (the Brave), or Erudite (the intellectual)--or if you're divergent and best suited for more than one faction. Your results will also detail why you belong in that division and how your life will change upon initiation. Complete with advice for being the best member of your faction, The Unofficial Divergent Aptitude Test challenges you to prove that you have what it takes to live in Tris's world.

The Enneagram Test - Joy Maestri 2018-07-29
If you finally want to make peace with yourself, understand why you hate your co-worker and identify the traits that would make your crush

drool over you, then continue reading... I've always hated personality tests (probably except the ones about a certain Magic School and its 4 Houses). Anyways, they seemed like the perfect excuse to start labeling people instead of spending time getting to know them. One day, tired from the usual drama at work, I decided to hit the books and learn about ways to improve my communication with my co-workers. That's when I first came across the Enneagram. Having studied and used this personality typing system since has opened my eyes to a framework through which I could connect with myself and others in a way I would've never imagined. What benefits can I get from taking this Enneagram Test and finding my type? You can finally achieve peace of mind by understanding your inner conflicts. Don't quote me on this, but it's 99.99% likely that you'll also discover the Enneagram type of the people that mean the most to you. Thus, you will develop a greater affection and understanding for them (yes, this includes the annoying co-worker!) Get an edge over the competition by knowing the kind of traits that would make that hottie look your way more often. And the kind of traits that would make your boss give you a raise, or at least stop him or her from firing you. You will feel more secure and confident in social settings. After all, you'll finally understand what's happening in the different interactions you see. Most Enneagram tests can be difficult to interpret and use complex terminology to explain simple concepts. This book is just the opposite. In this book you will find: Enneagram types explained in plain English. Easily-digestible material even for beginners. No woo-woo. At least, very little of it. Wings and body parts? Yes, we also explain the sub-categories, no worries. A link for a print-ready PDF version of the Test. Educators, HR people, and students- I'm looking at you! A pretty accurate description of what love means for each of the 9 types. Tendencies each of the 9 types have regarding their work and career. Type-based suggestions for improved mental

health! Act now! Click the 'Add to Cart' button and find your Enneagram type today!

He Numbered the Pores on My Face - Scarlet Hiltibidal 2019-07-15

When Scarlet Hiltibidal was a teenager, plastic butterfly clips were all the rage. She couldn't understand why they didn't look the same in her "frizzy, bulbous hair" as they did on the blonde whose mom was a professional hair stylist. Back then, she would have sanctioned the destruction of scores of actual butterflies just to own the label "pretty butterfly clips girl." And so it goes for many girls like Scarlet who strive for self-worth yet struggle to find it. He Numbered the Pores on My Face is for teens who long for beauty, love, and rest. Any labels you long for today might as well be "looks good in butterfly clips" if you are not rooted in who Jesus says you are, because any self-centered identity is going to leave you in the same place: unfulfilled and unhappy. Girls will relate to Scarlet's stories as she discusses hottie lists, eating disorders, and haphazard beauty in a way that is both humorous and thought provoking. Through it all, she describes how she found peace by learning to see life not through a mirror but through a Savior who shapes who we were, who we are, and who we will be.
