The Law of Attraction - Esther 2009-11

The Law of Attraction This book presents the powerful basics of the original Teachings of Abraham. Within these pages, you'll see how all things, wanted and unwanted, are brought to you by this most powerful Law of the Universe: the Law of Attraction (that which is like unto itself, is drawn). You've most likely heard the sayings "like attracts like," "Birds of a feather flock together," or "It is done unto you as you believe" (a belief is only a thought you keep thinking); and although the Law of Attraction has been alluded to by some of the greatest teachers in history, it has never before been explained in as clear and practical terms as in this latest book by best-selling authors Esther and Jerry Hicks. Here, you'll learn about the omnipresent Laws that govern this Universe and how to make them work to your advantage. The knowledge that you'll absorb from reading this book will take all the guesswork out of daily living. You'll finally understand just about everything that's happening in your own life, as well as the lives of those you're interacting with. This book will help you joyously be, do, or have anything that you desire! Esther and Jerry Hicks, the authors of *Ask and It Is Given* and *The Amazing Power of Deliberate Intent*, produce the leading-edge Abraham-Hicks teachings on the art of allowing our natural Weil-Being to come forth.

"Conservative Christians in the United States today are feeling the fire thrown at them by liberal influencers who are pressuring Americans to pick up a left-wing agenda and abandon biblical values. Now is not the time for the church to stay quiet on the issues that will determine America's future. This is the moment for the church to reject the left's muzzle and turn the tide for this nation"--Dust jacket flap.

Difficult Empathy and Rhetorical Encounters - Eric Leake 2023-08-04

Difficult Empathy takes up the question of empathy as fundamentally a rhetorical concern, focusing on the ways we encounter and understand one another in what we read and write, hear and say. The book centres around the argument that empathy as a rhetorical event occurs not simply in the minds of individuals but as a product of the rhetorical situations, practices, cultures, and values in which we engage. Rather than identifying empathy as a cure-all, or jettisoning the concept altogether, the author acknowledges empathy's potential as well as its limitations by focusing on what makes empathy a hard and ultimately worthwhile

practice. This nuanced and original study will interest scholars working at the intersection of rhetoric and composition with empathy, as well as those studying empathy in fields such as critical and cultural theory, politics, media analysis, social psychology, and the cognitive humanities.

Hypnosis - Michael Robbins Blair 2020-05-28

In this introduction I'll say this: I've seen a lot of repeating patterns happening in the world of influence and persuasion. People who are more influential and persuasive seem to acquire greater material riches in life. I used to think that some people simply possessed qualities and attributes which made them this way. In other words, some people were destined for success while others weren't. This belief isn't true anymore for me. I've disproved it personally, and I've known others who have disproved it too. Persuasion, mind control call it what you like covert or conversational hypnosis is within all of our grasp. Use the information in this book to influence others easily and quickly without their knowledge, get what you need in minutes from anyone. Use self hypnosis to change your life. Rid yourself of unwanted baggage quickly and easily. This guide will help you practice this natural and powerful technique. Become a happier and better balanced person in hours. You see we've all read books or watched movies that captivated us, held us in suspended reality, until which time the book or movie ended. After you've finished reading the book or watching the movie there are all these things happening inside of you at the neurological level. One part of you is bewildered, not knowing what to think or how to feel. Another part may wish the story had never ended. Another part may feel drawn to take action or investigate something related to what you just read or watched. Even your own personality, values, ideas, identity, persuasions, and so forth may change as a result of one BREAKTHROUGH book or movie.

Magnetic Partners - Stephen Betchen 2010-05-18

Do you and your partner argue about the same things over and over again? Are you often confused about

why your partner is so angry with you? Are things getting worse and worse even though you've tried everything you can think of to make them better? In this breakthrough guide to repairing romantic relationships, therapist and marriage researcher Dr. Stephen Betchen presents a powerful new explanation of what leads to this kind of escalating conflict in couples and how you can repair your relationship and find a whole new level of happiness. Based on his extensive experience as a couples' therapist, Dr. Betchen has discovered that the prevailing idea that opposites attract is wrong. Instead, one of the strongest forces that attracts people to one another is that they share a hidden, inner conflict in their lives—an unconscious struggle within themselves that each of them developed growing up—which he calls a "master conflict." The fact that a couple shares a master conflict acts as an almost magnetic force of attraction, but, over time, master conflicts often begin to push a pair apart—many of the very things you most appreciated about each other start to grate on you, producing increasing hostility. The good news is that by identifying the master conflict that you share, you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship. Often, just the realization that you have this hidden conflict acts as a powerful cure, allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both. From his years of work with couples, Betchen has identified the nineteen most common master conflicts—such as getting your needs met vs. caretaking; giving vs. withholding; commitment vs. freedom; power vs. passivity—and for each he provides vivid stories of couples who have struggled with them, as well as simple tests that help you to: • Identify the core master conflict that is causing your relationship problems • Understand the origins of your conflict and how it drew you to your partner • Diagnose how the conflict is now pushing you apart • Come to new terms with the conflict to save your relationship As Dr. Betchen writes, knowledge of a master conflict is power, and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict, but also to bring your relationship to a new level based on deeper understanding, ultimately leading to greater fulfillment and long-term resilience. Sexual Identity - Mark A. Yarhouse 2003

Most people who attempt to change their homosexual attractions and behaviors experience only partial success despite their best efforts. Written for Christians whose beliefs and values support their work towards chastity, this book offers a unique look at how they can manage and develop their sexual identity through a number of practical strategies.

By God's Design - Judith Hartzell 2015-03-09

What happens when a man finds himself sunk in a downward spiral of risky homosexual acts and he knows no way to escape? And when he is about to lose his prestigious and profitable career, along with his marriage, and even his life? The answer would have been certain tragedy for Alan Medinger if not for a praying wife and the mercy of God. Restored and inspired, he went on to establish a ministry for same-sex-attracted people (Regeneration of Baltimore, Maryland), where he and his wife, Willa, influenced hundreds to turn from homosexuality and seek holiness. Through their work with Exodus International, they influenced thousands more. When quarrels and dissension affected Exodus in Alan's last years, he predicted its demise and explained how ministries would continue to succeed without it. Through Alan and

Willa Medinger's story in *By God's Design*, you will learn the truth about homosexuality, its causes, its healing, and how the church can help.

[THE FACES OF VIOLENCE](#) - George B. Palermo 2011-12-01

Thoroughly revised and rewritten, this new Second Edition addresses the manifestations of violence with an unusual clarity and down-to-earth objectivity that studies poverty, drugs, access to guns, joblessness, poor education, inadequate housing, and the lack of stability that comes from an integrated family. Doctor Palermo has spent a lifetime observing criminal violence as a psychiatrist for Milwaukee County. He is well known for his plainspoken, unpretentious testimony in the trial of serial killer, Jeffrey Dahmer. The author takes the position that there is an absence in the United States of a coherent culture, of its material obsession, the destructiveness of welfare, the disintegration of the family unit and how all these forces have come together to perpetuate and increase violence in our daily lives. Although the book deals with crimes against the physical person, other forms of criminal behavior that have recently appeared on the social scene are explored, such as Internet crimes, white-collar crimes, and identity theft. It is a must read for all those professionals in the psychiatric, criminological, and forensic fields.
