

How To Get Girl Pregnant

What to Expect Before You're Expecting - Heidi Murkoff 2017-10-03

What to expect. . . the first step. Answers to all your baby-making questions. Are there ways to improve our chances of having a girl (or boy)? Does stress affect fertility? Should we be having sex every day? Every other day? Three times a day? I'm 37. Does that mean I'll have a harder time getting pregnant? How long should we keep trying to conceive before we get some help? What fertility treatments are available—and how will we be able to pay for them? Expecting to expect? Plan ahead. Here's everything you need to know to help prepare for the healthiest possible pregnancy and the healthiest possible baby. Filled with practical tips, empathetic advice, and savvy strategies, all designed to help you get that baby of your dreams on board faster. How to get your body into the best baby-making shape. Which foods feed fertility. Which lifestyle habits to quit and which to cultivate. All about baby-making sex, from timing to positions to logistics—and how to keep it sexy. Figuring out your fertility (and his). When to seek fertility help, and the latest on tests, treatments, and reproductive technology. Expecting to become a dad? This book has you covered, too. Plus, all about the family-building options for single women and same-sex couples.

A Single Girl's Guide To....Getting Pregnant - Utz Thegrate 2016-12-05

What is a woman's true purpose? Motherhood. Who is a woman's true love? Her child. Why does a woman need a man? She doesn't. Well, for sperm. When will women dominate the earth? Very soon. Where do the men belong? At their jobs making money to pay for our luxuries. How are babies made? Through a great deal of anger, sacrifice, and pain. Explore the JOYS of conceiving a child with a no-nonsense, practical approach. If you are ready to have a baby, but the expectations of the world are holding you back, your wait is over! Finally, a judgement-free, straight-forward guidebook for the single and un-single alike! It doesn't matter where your position in life is, when you are ready to have a baby, Utz will show you the way. Forget all the nonsense you've been fed your whole life about the "rules" for having a baby. Now you have a friend that believes in you and will help you fulfill your life-long destiny: to make a baby! Based on years of scientific research on the human woman's brain, and used to successfully impregnate approximately 2,657,200 women, Utz's program addresses not only the issue of not having a mate, but also how to work around this issue. In "Getting Pregnant," Utz presents a step-by-step guide that gives single women, as well as women in a childless relationship, the knowledge they need to get pregnant by any means necessary.

Start your journey to a beautiful baby girl today with The Gender Selection Manual!

Getting Pregnant For Dummies - Lisa A. Rinehart 2020-03-04

The hands-on guide that addresses the common barriers to achieving pregnancy and offers tips to maximize your potential for fertility For millions of people, starting a family is a lifelong dream. However, many face challenges in welcoming children into the world. According to the Centers for Disease Control and Prevention (CDC), approximately 12% of women in the US from ages 15 to 44 have difficulty getting pregnant or staying pregnant. A variety of factors exist that can contribute to infertility, such as ovulation disorders, uterine abnormalities, congenital defects, and a host of environmental and lifestyle considerations. But infertility is not just a female problem. For approximately 35% of couples with infertility, a male factor is identified along with a female factor, while in 8% of couples, a male factor is the only identifiable cause. Fortunately, there are many treatment options that offer hope. Getting Pregnant For Dummies discusses the difficulties related to infertility and offers up-to-date advice on the current methods and treatments to assist in conception. This easy-to-read guide will help you understand why infertility occurs, its contributing risk factors, and the steps to take to increase the chances of giving birth. From in vitro fertilization (IVF) to third party reproduction (donor sperm or eggs and gestational surrogacy) to lifestyle changes to understanding genetic information to insurance, legal and medication considerations, this book covers all the information you need to navigate your way to the best possible results. Packed with the latest information and new developments in medical technology, this book: Helps readers find real-life solutions to getting pregnant Covers the latest information on treatments for infertility for both women and men Offers advice on choosing the option best suited for an individual's unique situation Explains the different types and possible causes of infertility issues Provides insight to genetic testing information Provides suggestions for lifestyle changes that help prepare

for conception Getting Pregnant For Dummies is an indispensable guide for every woman trying to conceive and for men experiencing infertility issues.

[A Bloke's Guide to Sex](#) - Blake Denbigh 2019-06-26

Are you a man who knows how to satisfy a woman in bed? If you were lucky, when you were 18, some 35-year-old woman who looked like Jennifer Lopez seduced you and spent a summer teaching you everything you needed to know. More likely, you had no sex at all until you were in your 20s and that was with a "nice" girl who knew even less than you did. So you've had to make do with the embarrassed mumbblings of your father when you were a teenager (who basically told you nothing), some sex education in school about how to avoid infections and not get a girl pregnant, the enthusiastic but ill-informed bragging of your mates in the locker room, and a misleading array of porn. You're still stuck trying to figure out how this sex thing actually works. You've had plenty of affairs or not so many, maybe been married or still are, and sometimes it's been good, sometimes not so good, and you're not sure why. What do women actually want? The man is supposed to just know. There are books, of course, but they're mostly instructions manuals with techniques, which may or may not work with the woman you're actually with (how are you supposed to know?--half the time, even she doesn't know), or they're by female doctors largely for women, with a few remarks thrown in for men. It's time, therefore, for some frank talk about sex from a male perspective, and that's what this book is about.

The Newly Non-Drinking Girl's Guide to Pregnancy - Jackie Rose 2007

Hilarious-and sound-advice on surviving 40 weeks without a drop! When you find out you're pregnant, you've officially crossed the line from Drinking for One to Eating for Two. Yes, the prospect of 40 long, long weeks without a single cocktail is enough to strike dread into the heart and fear into the belly of even the most moderate of drinkers. The Newly Non-Drinking Girl's Guide to Pregnancy is a hilarious and honest look at how to survive pregnancy without alcohol. From practical information on alcohol and pregnancy to fun advice on surviving birthdays, bachelorettes and barbecues sans cocktails and finding sobriety support at home, this is the perfect book for any party girl who finds herself pregnant. By including 50 fun recipes for mocktails to complete every month along the way, authors Jackie Rose and Dr. Caroline Angel give newly pregnant women insight into how to survive-if not thrive-while going the full 40 without alcohol.

Baby! Baby? Baby!? - Holly Kerr 2012-08

Thirty-five-year old kindergarten teacher Casey Samms has always dreamed about having her own baby. With her copy of A Young Woman's Guide to the Joy of Impending Motherhood on her bedside table, Casey has been steadily wading through the pool of eligible bachelors for years-with absolutely no luck. Now as she bids farewell to a cheating boyfriend and to dating in general, Casey just needs to figure out how to get pregnant without having a man in her life. Casey immediately discounts her male friends as potential fathers and decides to pursue having a baby the artificial way, even though her sister and friends do their best to try to talk her out of it. But Casey is determined to see her dream come to fruition and begins looking at every male as a potential donor. Just when she is beginning to give the word desperate an entirely new meaning, an old ex-boyfriend, David Mason, saunters back into her life. All Casey has to do now is try to convince him that he is the one who can help her become a mother. As Casey prepares to realize her lifelong dream, she is about to get the surprise of her life-a surprise that changes everything.

[The Babydust Method](#) - Kathryn Taylor 2016-03-30

What if you could choose the sex of your baby? There are many existing sex-selection methods out there, but parents have come to find out that these methods are confusing and unreliable. Kathryn Taylor introduces a natural sex-selection approach known as *The Babydust Method, * which is based on the latest scientific evidence. This book details the science behind the method, and explains how you can dramatically increase your chances of conceiving the sex of your choice. This book reveals the flaws in the Shettles method, O+12, egg polarity, pH, and acidic/alkaline/ion diets, and offers a brand new approach involving a combination of precise timing and frequency that has been proven to work in a published clinical study.

Exploring the Biological Contributions to Human Health - Institute of Medicine 2001-07-02

It's obvious why only men develop prostate cancer and why only women get ovarian cancer. But it is not obvious why women are more likely to recover language ability after a stroke than men or why women are more apt to develop autoimmune diseases such as lupus. Sex differences in

health throughout the lifespan have been documented. Exploring the Biological Contributions to Human Health begins to snap the pieces of the puzzle into place so that this knowledge can be used to improve health for both sexes. From behavior and cognition to metabolism and response to chemicals and infectious organisms, this book explores the health impact of sex (being male or female, according to reproductive organs and chromosomes) and gender (one's sense of self as male or female in society). Exploring the Biological Contributions to Human Health discusses basic biochemical differences in the cells of males and females and health variability between the sexes from conception throughout life. The book identifies key research needs and opportunities and addresses barriers to research. Exploring the Biological Contributions to Human Health will be important to health policy makers, basic, applied, and clinical researchers, educators, providers, and journalists-while being very accessible to interested lay readers.

Getting Pregnant - Niels H. Lauersen 2010-06-15

Whether you are young and fertile, over 40 and having trouble conceiving, or anywhere in between, here is the best resource to help you get pregnant. The only must-have fertility book, Getting Pregnant, completely revised and updated, not only addresses the needs of those who cannot conceive but serves as the ultimate guide for anyone planning to have a baby, now or in the future. Addressing the newest, state-of-the-art medical treatments for infertility, Getting Pregnant gives you all the latest news on: eight brand-new fertility drugs donor eggs and donor sperm a new 15-minute in-office surgery that can double conception odds breakthrough technologies for preventing chronic miscarriage how both sex and lifestyle factors affect fertility, including the "Nine to Five" guide for protecting your reproductive health on the job Getting Pregnant also provides a wealth of practical information about the exercises, foods, and supplements that encourage a faster, healthier conception, as well as brand-new, all-natural techniques that influence the gender of your child. You'll also find a helpful six-month personal pregnancy planner that addresses all of your pre-conception health and medical needs. Don't miss the new chapters that focus on protecting, increasing, and extending fertility, while new frontiers in both the treatment of male fertility and the science of motherhood are explored.

[The Impatient Woman's Guide to Getting Pregnant](#) - Jean M. Twenge 2012-04-17

Comforting and intimate, this "girlfriend" guide to getting pregnant gets to the heart of all the emotional issues around having children—biological pressure, in-law pressures, greater social pressures—to support women who are considering getting pregnant. Trying to get pregnant is enough to make any woman impatient. The Impatient Woman's Guide to Getting Pregnant is a complete guide to the medical, psychological, social, and sexual aspects of getting pregnant, told in a funny, compassionate way, like talking to a good friend who's been through it all. And in fact, Dr. Jean Twenge has been through it all—the mother of three young children, she started researching fertility when trying to conceive for the first time. A renowned sociologist and professor at San Diego State University, Dr. Twenge brought her research background to the huge amount of information—sometimes contradictory, frequently alarmist, and often discouraging— that she encountered online, from family and friends, and in books, and decided to go into the latest studies to find out the real story. The good news is: There is a lot less to worry about than you've been led to believe. Dr. Twenge gets to the heart of the emotional issues around getting pregnant, including how to prepare mentally and physically when thinking about conceiving; how to talk about it with family, friends, and your partner; and how to handle the great sadness of a miscarriage. Also covered is how to know when you're ovulating, when to have sex, timing your pregnancy, maximizing your chances of getting pregnant, how to tilt the odds toward having a boy or a girl, and the best prenatal diet. Trying to conceive often involves an enormous amount of emotion, from anxiety and disappointment to hope and joy. With comfort, humor, and straightforward advice, The Impatient Woman's Guide to Getting Pregnant is the bedside companion to help you through it.

[The Conception Chronicles](#) - Patty Doyle DeBano 2005

Shares candid humor and practical advice on everything that goes along with trying to start a family, including dealing with fertile friends, surviving "sex on demand," and navigating the ins and outs of high-tech fertility treatments.

How to Have an Enjoyable Safe Sex With a Preg Lady - Felix Chrisantos 2020-12-17

I am of the opinion that taking a long break off sex, just because your

woman is pregnant, is completely, unnecessary. There is simply, no need to send sex on holiday for months, just because your woman is expecting a baby. It is important to know that ladies still retain the urge for sex even when they are pregnant. In some cases, they even become hornier. For this reason, if you are staying away from your woman just because she is pregnant, you will not only be sex-starving yourself unnecessarily, you will also be depriving your woman of the opportunity to have a rich and an enjoyable time of mind-blowing sex during this period. Yes, I understand you are only trying to be careful so you don't hurt or negatively affect her pregnancy. And that is the reason I have put this book together to help you and your woman enjoy a rich and an enjoyable pregnancy sex without causing any harm to her pregnancy. This book will reveal to you some nice techniques and sex positions that will guarantee a mind-blowing moment of sex for you both.

My Summer Bump - Laura Pauley 2010

My Summer Bump When I discovered I was pregnant I quickly found myself single, homeless and jobless. This book is my diary. An honest and personal account of everything I went through from the moment I discovered I was pregnant, to being dumped and having to move half way across the country. It shows what it's like to go through a pregnancy alone. The pain that you suddenly feel when something pregnancy-related speaks of the fairytale couple, that your not part of, is like a different kind of pain to any other. You feel as though you did something wrong. To go to the appointments, scans, antenatal classes, buy and make equipment, set up a new home and life for just you and your baby; to have to think of names, birthing partners, and make all the decisions yourself, to have no one to go out at 1am to get you ice cream, because that is what you happen to be craving. You will see an intimate look at the relationship with the father, how he reacted, why he reacted, and how that one person's actions can manipulate power over you and turn you into a different person. This book will want to make you scream, laugh, and cry at the page. In a diary account, will the father come back? Or more importantly, as I grow and come to terms with being a single mother, will I let him? If you are going through a pregnancy alone, if you are pregnant but in a relationship, if you are not pregnant but want to follow a story of a girl who finds herself pregnant, dumped, then homeless, to have to then pick herself up and start again; you will want to read this book. It has something for everyone.

Pregnant Girl - Nicole Lynn Lewis 2021-05-04

A NPR BOOKS WE LOVE 2021 Selection "[T]his book is so much more than a memoir . . . Her prose has the power to undo deep-set cultural biases about poverty and parenthood."—New York Times Book Review An activist calls for better support of young families so they can thrive and reflects on her experiences as a Black mother and college student fighting for opportunities for herself and her child. *Pregnant Girl* presents the possibility of a different future for young mothers—one of success and stability—in the midst of the dismal statistics that dominate the national conversation. Along with her own story as a young Black mother, Nicole Lynn Lewis weaves in those of the men and women she's worked with to share a new perspective on how poverty, classism, and systemic racism impact teen pregnancy and on how effective programs and equitable policies can help teen parents earn college degrees, have increased opportunity, and create a legacy of educational and career achievements in their families. After Nicole became pregnant during her senior year in high school, she was told that college was no longer a reality—a negative outlook often unfairly presented to teen mothers. Nicole left home and experienced periods of homelessness, hunger, and poverty. Despite these obstacles, she enrolled at the College of William & Mary and brought her 3-month-old daughter along. Through her experiences fighting for resources to put herself through college, she discovered her true calling and founded her organization, Generation

Hope, to provide support for teen parents and their children so they can thrive in college and kindergarten—driving a 2-generation solution to poverty. *Pregnant Girl* will inspire young parents faced with similar choices and obstacles that they too can pursue their goals with the right support.

Trying to Get Pregnant (and Succeeding) - Marisa Peer 2012-09-01 Marisa Peer's unique brand of hypnotherapy is truly life changing the proof is overwhelming her last book has over 245 five star customer reviews, with readers saying again and again how their lives have completely turned around since reading Marisa's book. Now in her fantastic new book *Trying to Get Pregnant (and Succeeding)* Marisa gives you the tools to get pregnant quickly and easily in a programme that is effortless and rewarding. Marisa's tried and tested programme is a natural way to increase your fertility. Her powerful hypnotic language and effective techniques mean that just reading the book enables you to change negative thought patterns that have been suppressing and blocking your fertility without you knowing it. Marisa uses her revolutionary method of reprogramming the brain to alter any blocks related to pregnancy, birth and motherhood. Unlike other books, not only does her programme naturally boost fertility but it can do so by your next cycle. If you want to have a baby the most important tool to boost your fertility is your mind. This book offers hope for all women with fertility issues, so if you are struggling with unexplained infertility or secondary infertility Marisa's brand new book shows you how to get pregnant fast. With Marisa's proven programme you can increase your fertility, improve your ability to conceive naturally, or with IVF, and then carry your perfect baby to full term.

Contraception & Pregnancy - Donna Lange 2014-09-02

You're not a little kid anymore. As a young adult, you have important decisions to make. Your growing independence and your developing sexuality are part of the thrill and joy of being a teen—but these factors also mean you have to take responsibility for your own life. Your parents can't do it all for you Some teenagers choose to have sex—and others wait. Some teens who opt for sex will also opt for contraception—but others will not. Others will get pregnant even while using contraception. Once pregnant, teens have still more difficult decisions to make about abortion, adoption, and parenthood. These are all life-changing decisions. This book will give you the facts you need to make thoughtful and informed choices in this important area of your life. At whatever level you're at right now—whether you're exploring the basic facts about sexuality, choosing whether to have sex now or wait, deciding on a form of birth control that's right for you, or needing to learn more about pregnancy and the decisions it involves—each chapter offers you the information you need in an easy-to-read package. Then it's up to you to take responsibility.
