Woman William J. Robinson 2015-05 Woman: Her Sex and Love Life is a classic women's health volume by William J. Robinson. In the first chapter of this book I have shown, I believe convincingly, why sex knowledge is even more important for women than it is for men. I have examined carefully the books that have been written for girls and women, and I know that it is not bias, nor carping criticism, but strict honesty that forces me to say that I have not found one satisfactory girl's or woman's sex book. There are some excellent books for girls and women on general hygiene; but on sex hygiene, on the general manifestations of the sex instinct, on sex ethics--none.

Girl on the Net 2016-03-10 Part confessional, part drunken-rant-on-the-bus, Girl on the Net guides us through the lessons a thirty-something sex blogger has learned about sex and love. This book takes us on a journey that begins with a happy ending and goes swiftly downhill from there, dismantling some of our myths about romance along the way as she weaves her own relationship issues and surprises through candid personal stories and weird facts gathered from three years of sex blogging. This book explores key sexual issues facing men and women: porn, kink, commitment, the biological clock, why feminist men are hot! And how society dictates how we should conduct and feel in our significant relationships and whether sex and love should really go hand in hand, or whether happiness lies in following your true desire...

The Evolution of Desire David M. Buss 2016-12-27 A "drop-dead shocker" (Washington Post Book World) that uses evolutionary psychology to explain human mating and the mysteries of love If we all want love, why is there so much conflict in our most cherished relationships? To answer this question, we must look into our evolutionary past, argues prominent psychologist David M. Buss. Based on one of the largest studies of human mating ever undertaken, encompassing more than 10,000 people of all ages from thirty-seven cultures worldwide, *The Evolution of Desire* is the first work to present a unified theory of human mating behavior. Drawing on a wide range of examples of mating behavior — from lovebugs to elephant seals, from the Yanomamö tribe of Venezuela to online dating apps — Buss reveals what women want, what men want, and why their desires radically differ. Love has a central place in human sexual psychology, but conflict, competition, and manipulation also pervade human mating — something we must confront in order to control our own mating destiny. Updated to reflect the very latest scientific research on human mating, this definitive edition of this classic work of evolutionary psychology explains the powerful forces that shape our most intimate desires.

Black Girl In Love (with Herself) Trey Anthony 2021-01-05 Speaker, writer, and producer Trey Anthony breaks it down, giving black women a relatable voice and personalized "keeping it real" to-do list on how to practice self-love and self-care. Therapy is not just for white women-no matter what your momma told you! After a lifetime of never truly relating to the personal development experts because of the color of her skin, Trey Anthony has written the book she needed to read as a black woman trying to navigate a world filled with unique challenges that often acts like she doesn't exist. On the outside Trey Anthony was the overachieving, reliable, and strong black woman she was raised to be, but on the inside the pressure of sacrificing her own needs to please others was building. When her grandmother and mother raised her strong, they also unknowingly taught her that self-love and expressing emotions were weak, creating an unhealthy dynamic that had Trey facing burnout and rock bottom. In *Black Girl in Love (with Herself)*, Trey breaks down the lessons and tools that she used to heal her life, including how to: Set clear and healthy boundaries-even with the people who raised you Quit being the family ATM Sort out who is a real friend, and who is just there for parties and gossip Confront microaggressions at work without missing a beat Forget who black women are "supposed" to be And fall in love with yourself!

Roo's mother, semi-blind and a chronic invalid, lives most of the time in an imaginary world where she turns the grief of her husband's death and their bizarre relationship into the belief that theirs was a happy, conventional marriage. Roo cultivates an aloof manner and distances herself from close relationships to stave off memories of her childhood and of Eeede, the girl who entered her life as a six-year-old and left as a teenager--after one night that was to haunt and shape both their adult lives. When Kumar, a man much younger than her, enters Roo's life out of nowhere, she is intensely attracted to him--an attraction she believes is reciprocal. She begins an affair with this mysterious stranger, knowing that all affairs end messily. It is her secrets she wants to shield. But her secrets and this man are inextricably linked... Shinie Antony's sparse yet evocative prose gives strength to this haunting tale of twisted relationships.
