[The Book of Pook - Pook 2018-03-19](#)

The complete collection of writings by the legend himself! A few years ago there was a man who posted on a PUA forum called So Suave and had his own blog called Pook's Mill. His basic message was that the PUA techniques were too simple, and focused on external manipulations, and focusing on others rather than

focusing on yourself and your own masculinity. Sadly Pook disappeared from the scene, but his teachings live on in this ebook.

**Mothers of Conservatism** - Michelle M. Nickerson 2014-09-07

Mothers of Conservatism tells the story of 1950s Southern Californian housewives who shaped the grassroots right in the two decades following World War II. Michelle Nickerson describes how red-hunting homemakers mobilized activist networks, institutions, and political consciousness in local education battles, and she introduces a generation of women who developed political styles and practices around their domestic routines. From the conservative movement's origins in the early fifties through the presidential election of 1964, Nickerson documents how women shaped conservatism from the bottom up, out of the fabric of their daily lives and into the agenda of the Republican Party. A unique history of the American conservative movement, Mothers of Conservatism shows how housewives got out of the house and discovered their political capital.

*Finishing School for Women* - Roman Plastich 2014-05-06

The smallest things can create tension. If you have an argument, you might have been taught never to go to bed angry, and he might have been taught to sleep on it because after rest the brain is more rational. Nobody is right or wrong here, but two different approaches can cause further disagreements. That is a small example. When it comes to making extra money or going to the kids soccer game, having a bigger house or having more time with the kids, sharing and helping each other or dividing chores these situations can really create a divide between partners. Personality plays a big part too active adventurer compared to couch potato, nature lover compared to big-city lover. Clashes in personalities can be enough to make a couple miserable after many years of compromising and giving in. Yes, you may go through rough times sometimes, but don't you think you would choose to be with someone because you are happier with that person in your life than you would be on your own? Women have a right to have their needs fulfilled, to receive affection from a man, to receive as much love as they give. Many relationships turn into a struggle for power, but it doesn't have to be that way for men or women. In this guidebook geared for women but useful for anyone, you can learn how to find common ground with your partner. But to do so, you first need to know what you're really seeking in a relationship. By examining what motivates yourself and your partner, you'll be equipped to answer critical questions: If you're single, should you try meeting people in person or online? Why in the world would someone cheat if he or she has a loving partner? How can you fix a broken relationship? When is it time to abandon a partner? Too often, instead of working toward a

common goal, people avoid doing what they don't want to do, and they lose out on having a real partner. But when you find a true teammate, you'll be more satisfied with life and better equipped to accomplish your goals. Stop selling yourself short, and start getting what you want out of relationships with the tools, insights, and strategies in *Finishing School for Women*.
