1-Page-Classics - Nathan Coppedge 2012-02-22

1-Page-Classics is written by a dimensional philosopher. It includes renditions of mysteries and philosophies ranging from the Tao Te Ching, to the Orphic Mysteries, Mandate of Heaven, and the nature of Ambergris. It also has literary merits through the authors interesting accounts of prior lives as Rip Van Winkle, the Burner of Alexandria, and Pippin son of William Tell.

Valuable for its eclectics, it is also valuable for

its philosophical accounts of Modal Realism, Wittgensteins Tractatus, and the stoic manual The Enchiridion; Topics are chosen for their integrity as well as broadness; there is even a translation of Simone d Beauvoirs The Second Sex; The author also takes a unique viewpoint on topics ranging from Archeology to Mathematics, with many of his works having original intellectual merits. The book includes potential study packages such as Cultures, Logic, and Miniature Linguistic Treatises. It also includes writings on the subject of Wonders of the World and Signs of the Zodiac; Compact, complex, and alphabetized, calling this book intellectual would be an understatement, but it has value as pleasure reading too.

[The Other Girls](#) - Lola Pridemore 2011-08

Sometimes, you're just chosen... After their father passes away, Adele and her younger sisters, Eliza and Cecelia, are sent to prestigious Bancroft House. However, once they get over the impressive appearance of the school, they soon realize that the house is divided between the rich girls and "the other girls." And they belong with "the other girls." This means that they're not there to study but to work. This requires long hours in the flower factory with little to eat. After a while, Adele realizes that she and her sisters must find a way out of Bancroft House. However, she's too young to leave on her own and soon gives up hope. That is, until Jolene turns up. Jolene is a ghost who was a once a powerful young witch. She offers Adele a solution to her problem-magic. With no other alternative, Adele concedes and soon starts on her path to becoming a witch. But what Adele doesn't realize is that Jolene is using her to gain power so that she can seek revenge on the person who murdered her. The Other Girls is a young adult paranormal novel about a witch, a ghost and a mystery.

Clueless Girl Troubles - Bjorn J. Peeters
2023-07-01

Her former rich-girl life is a smoking crater... time for a fresh start! After her dad kicked her out, Lorette Howland's life took quite the turn. Instead of a penthouse and a no-limit credit card, she's now the not-so-proud owner of a building full of mold and trouble, and sleeps on a blanket on the floor. The world thinks she'll soon be found in some dirty back alley. Dead from booze and being too damn clueless to live in the real world. Even her few friends think she's heading full speed for disaster. But Lorette never gave a damn what other people thought of her. And she's not about to start. Now that she has come to terms (sort of) with her new situation, Lorette is ready to start turning both her life and her nightmare building into a jaw-dropping success! First on the list: making sure she has a less shameful place to pee and an actual bed to sleep in! However, as her own life entangles with that of her new friends and her tenants, Lorette finds out that living in the real world is more complicated than just finding out where furniture comes from. --- KEEP YOUR MILLIONS, DADDY! is an epic twelve-book comedy series following the adventures of former out-of-control rich girl party princess Lorette Howland, as she tries to flip a nightmarish 20-floor apartment building—not to mention her own life! If you're looking for a joke-filled series you can get happily lost in, an endearing cast of funny and quirky characters, and a mix of funny and heartwarming moments showing the value of friendship, love, and never ever giving up... then this is the series for you!

Popular media present a vast array of stories about women and men. What impact do these images and ideas have on people's identities? The new edition of *Media, Gender and Identity* is a highly readable introduction to the relationship between media and gender identities today. Fully revised and updated, including new case studies and a new chapter, it considers a wide range of research and provides new ways for thinking about the media's influence on gender and sexuality. David Gauntlett discusses movies such as *Knocked Up* and *Spiderman 3*, men's and women's magazines, TV shows, self-help books, YouTube videos, and more, to show how the media play a role in the shaping of individual self-identities.
