The Shade of Night - Allysson Fugitt 2015-03-10

Mary Shane comes home from school one day to find her mother beaten to unconsciousness, this leads her on a perilous journey to find her father, the man that has spent her entire life on the run, always nothing more than a shadow. She must play his deadly game, become the very darkness he hides in, if she ever wants to have a chance at the love she found and the normal life she used to take for granted. As Mary Shane makes her way into the deadly world her father lives in, a world where people have seemingly magical powers and always seem to be one step ahead of you, she discovers that maybe his frequent disappearances and constant paranoia were justified. She finds herself

forced to make dangerous decisions and do things she never in her worst nightmare had to face. With the government chasing her every footstep, she must find her father before they do if she ever hopes to survive this wild ride and earn the right to live. She discovers that everything she's ever experienced is because of her father and as she begins to put the pieces together she wonders if there is more to this story than anyone else knows.

How to Attract Women - Zac Miller 2020-03-08

Can I Ask You a Question?

What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that...

While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all

was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect

with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact

techniques to employ to handle each situation, which will keep a woman interested in you.

Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report,

with her... ☐☐ Do you know that text a girl could be SIMPLE? Would you like to learn it? If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men

fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much

into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message -

Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term relationship... AND MORE!
