Practising Spiritual Intelligence - Awdhesh Singh
2014-11-05

Spiritual Intelligence refers to the intuitive knowledge of the self, others, situations and techniques to achieve the desired objectives. Hence it can be called the soul of all intelligences. Spiritual Intelligence enhances our

power to inspire others by transforming their souls in such a way that their desires and aspirations are aligned in a single direction. Soul is beyond all reason and intellect. It is, in fact, the source of mind and intellect. One who knows his soul knows the universe, since soul is nothing but the microcosm of the universe. This book explains this body-soul continuum and suggests practical steps to evolve

through the body-senses-mind-intellect to reach our soul. Welcome to this new path of spiritual evolution.

The Angry Therapist - John Kim 2017-04-18

Tackling relationships, career, and family issues, John Kim, LMFT, thinks of himself as a life-styledesigner, not a therapist. His radical new approach, that he sometimes calls "self-help in a shot glass" is easy, real, and to the point. He helps people make changes to their lives so that personal growth happens organically, just by living. Let's face it, therapy is a luxury. Few of us have the time or money to devote to going to an office every week. With anecdotes illustrating principles in action (in relatable and sometimes irreverent fashion) and stand-alone practices and exercises, Kim gives readers the tools and directions to focus on what's right with them instead of what's wrong. When John Kim was going through the end of a relationship, he began blogging as *The Angry Therapist*, documenting his personal

journey post-divorce.

Traditional therapists avoid transparency, but Kim preferred the language of "me too" as opposed to "you should." He blogged about his own shortcomings, revelations, views on relationships, and the world. He spoke a different therapeutic language — open, raw, and at times subversive — and people responded. The *Angry Therapist* blog, that inspired this book, has been featured in *The Atlantic Monthly* and on NPR.

I Need Your Love - Is That True? - Byron Katie 2008-09-04

Byron Katie's extremely simple programme called *The Work* was explored in her previous, hugely popular, book, *Loving What Is*. In it she explained how easy it is to be confused by the mental gymnastics we all play in our minds, and how looking closely at our thoughts - and whether they are true - can bring us a life of integrity and happiness. Her second book questions everything we have been taught to think and do to find love and approval

and shows how to make the transition to an effective, non-manipulative way of connecting with others. When you live your life focused on thoughts such as 'I need a man' or 'She doesn't care about me' you live in fear and end up lonely, stressed, heartbroken and depressed. However, when you start to explore *The Work*, you can begin to enquire into many of the unquestioned beliefs you have lived by, and can begin to change. Through 'I Need Your Love - Is It True?' readers can explore what happens in their mind when they believe they need love, appreciation and approval. When they realise the truth of what's really going on inside them there is no doubt they can find real love and mutual understanding, especially with the help of Byron Katie's wisdom and compassion.

Mama Gena's School of Womanly Arts - Regena Thomashauer 2002-05-01
Mama Gena's School of Womanly Arts shows women how celebrating their sensuality can help them

achieve their dreams—"think of it as *The Power of Positive Thinking* as interpreted by Anais Nin" (The New York Times). Relationship expert Regena Thomashauer teaches the lost "womanly arts" of identifying your desires, having fun no matter where you are, knowing sensual pleasure, befriending your inner bitch, flirting (in a way that makes your day, not just his), and more—because making pleasure your priority can actually help you reach your goals. So if you need a refresher course in fun—and you know you do—come to Mama.

Why Don't We Fall in Love?

Part I - Ibrahim W. Buhari
2018-04-06

Love, this is about love. You can't be taught to love, that doesn't exist. The only way to know love is to learn it, learning through happiness and sadness, through the good and bad, through pleasure and pain and through the beauty of others. Whether you're with someone or alone you need love. Self-love, friendship love,

family love and unconditional love is what you need to experience. You need to understand the realness of love and what it brings. It makes you nervous, it makes you feel special, it brings mistakes, it clouds your vision, it knocks you down and lifts you right back up. This is about understanding that love is the most beautiful thing in life.

Never Chase Men Again -
Bruce Bryans 2015-06-06

Discover How to Get the Guy You Want and Avoid Dead-End Relationships If a man doesn't take you seriously he may feel compelled to have a good time with you. Unfortunately, this good time will last until you finally realize you're being taken for a ride or until Mr. Time-Waster moves on to the woman he REALLY wants. In cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of "player-proof" dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. How to Keep a Man

Interested Without Playing Games or Becoming His Doormat Many dating advice books for women tout the idea that a high level of confidence is key when dealing with men. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize with men, having confident body language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't do anything to keep a man interested in her for the long-term. How to Date a Man to Keep Him Calling and Falling

For You Women with strong personal boundaries are principle-centered, not men-centered or romance-centered. To them, their personal values, such as giving and receiving unconditional love, are more important to them than needing to be with any one particular guy. When a woman has strong personal boundaries she doesn't make excuses because of a man's handsomeness, status, wealth, race, background, promises, sexual chemistry, etc. She sticks to her guns and refuses to settle for dating situations that might cause her distress or jeopardize her future happiness. This book was designed to show women how men appraise female behavior in order to determine a woman's level of self-respect and therefore, her value as a romantic partner. In it, you'll discover the timeless seduction secrets and dating rules for women that will help you avoid those dating mistakes that make could make a woman appear desperate, needy, commonplace, or even

"unqualified" for a serious commitment to a great guy. Here's what you're going to learn inside: The most powerful form of male seduction that can KEEP a woman helplessly "addicted" to chasing a man. How to keep a man interested by doing the one thing MOST women are terrified of doing when they find a great guy. An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to "rebuff" undesirable male behavior and get the guy you want to either take you seriously or take a HIKE! A simple "Ego-Popping" phrase that burns into a man's memory, keeps you STUCK on his mind, and makes him DESPERATE to see you again. How to seduce a man and MELT his heart by overwhelming him with the ONE THING only the RIGHT woman can give him. A dangerous and common dating mistake that FORCES a man to disappear or "log out" of a relationship...for GOOD. Foolproof dating rules for women (the "Nice Girls") who

feel that men CONSTANTLY take advantage of their love and kindness. And much, much more... Would You Like to Know More? Get started right away and discover how to get the guy and keep him interested in you without playing games. Scroll to the top of the page and select the "buy button" now.

The Woman Every Man Wants -

Bianca Gold 2017-06-03

During our whole life, we experience the worst and the best from everyone we encounter, never knowing about how much these experiences affect our life. We grow more positive or negative, depending on the amount of negativity or positivity received from life experiences. But are

we victims or martyrs? Do we deserve such things? The answer to any of such questions will define who we are, what we do, and the decisions we make. These decisions, however, will reflect back in our identity, reinforcing what already exists. There's no such thing as being stronger or weaker, but merely more unaware of our own power and responsibility towards existence, or a false pride about what our life is all about. Lack of answers define a strong ideal and value, and not the opposite. This is what we see in beautiful women that can't get a date, marry and have children with the man they dream about. They start developing the idea that men don't appreciate them, that men only love bitches and, as so, they become more depreciative of themselves. And once this happens, they find other explanations to deny the failure within their ego. That answer will revert at blaming others or circumstances, namely, by saying that men are losers,

pathetic and purely sexual, or attributing all their problems to childhood. The problem in all these equations, is not related to what happens, but to whom we become. To look at such woman and say that she doesn't have a relationship isn't as important as to say that she doesn't love herself. These answers, that they can provide towards such arguments, are merely illusions that they can't recognize anymore from within, because they've lost their sense of purpose. Such answers are related to the belief that they're superior to men in intellect and independency. But the superiority of intellect and independency doesn't always translate in the same manner in emotional maturity and loving connections. This is why this book was written, to teach women how to love themselves more, gain a more realistic sense of female pride and find their ideal man and marriage. **The Five Love Languages** - Gary Chapman 2009-12-17 Marriage should be based on love, right? Grief Is a Journey - Kenneth J. Doka 2016-04-12

"A new, compassionate way to understand grief as an individual and ongoing journey"--

The 30-Day Journey to

Loving the Woman in Me -

Reyna Joy Banks 2020-01-22

"What is keeping you from falling in love with you?" You may not be able to answer this question just yet, but I challenge you to write it down in your journal, and when it comes to the appointed time . . . You will be able to answer this question and allow God to restore all that was lost so you can begin to love again, and most of all love you just the way you are! *The 30-Day Journey to Loving the Woman in Me* is a day-by-day process to help you take the steps necessary to be released into loving you in the way that is needed in order to be free, healed, and able to love others all around you past your own understanding. Most of you are thinking, "I do love myself, I love me some me, I am all for me, and I take care of me!" I can go on and on about what you think loving yourself is . . . My question to you now is, "How do you know you truly, genuinely and whole heartedly love you?" Before you answer that question take a look back

on your past seasons in life and even some of your current seasons in your life. Step by step and day by day, I with God's guidance will help you get to that place by taking you on a journey of understanding the truth of what it takes to truly and wholeheartedly loving you. You may not want to go to certain places emotionally, but if you really want a change to come, you have to go to some of the most uncomfortable, darkest places and moments that tainted your love for you, and the love that God is offering to you and allow God to shine his light on each wound and each scar so you can be wiped clean and set free to love and be loved for eternity.

The Other Side of Sadness -

I Love Myself - Shivani

2013-06

When did we stop loving ourselves? Throughout their lives, women have been told to put others first and to judge themselves based on what others think. Too many women race desperately through life, trying to please others. Author Shivani once lived that life. She became an engineer, but that life didn't fulfil her. To make matters worse, she was in an unhappy relationship. Despite a successful career and her work as an international keynote speaker, Shivani, like many women, struggled with issues of self-esteem and self-love. During a trip to Nepal, Shivani realised that in order to know happiness, she had to learn to put herself first. Now a successful speaker author and mentor, she seeks to inspire every woman who has endured low self-esteem, abuse, betrayal, and more. Loving yourself is not a selfish act. By investing in your own selfworth, you can become a better mother, partner, grandmother, businesswoman,

or employee. By putting yourself first, you can actually help others more effectively and joyfully. Women who truly love themselves are a great benefit and gift to their families, children, employers, and communities. The relationship you have with yourself is the longest and most important relationship you will have in your life. Are you ready to truly let go of your past? Are you ready to truly believe in yourself? Are you ready to evolve into the loving woman you've always wanted to be?

She Comes First - Reclaim Your Power! - a Guide for Sassy Women Who Want to Get Back in Control of Their Life - Brian Nox 2017-11-04

An empowering book about standing your ground while dating, in marriage, in your career, and anywhere else. As an author and a coach who has been helping women for more than a decade, I noticed some women were in trouble. Not just in their relationships, some had unfulfilling jobs, didn't get paid what they were worth, had

always dreamt of starting their own business but never did, felt lonely even though they had a husband and kids... the list goes on and on. So many women try to be the perfect girlfriends, wives, mothers, friends, sisters, colleagues, business owners, bosses, and more. They love to serve and want to succeed in the many roles they have to play. They are compliant, even to the people who don't really deserve that kind of treatment. They give it all they have, every single day. Regardless of their tremendous efforts, some women get little in return. They feel used. They get men that keep flaking out, careers that don't feel meaningful, and possibly a body that starts to feel and look more and more tired. Did you ever notice that burnout tends to afflict women much more often than men? There's a reason for that, as you'll learn. This should stop. Some women seem to have found a loophole, a backdoor in the current system. There are women out there who have designed the life they live. I

call these women the high-value women. This value has nothing to do with money. It turns out the high-value woman follows a set of strategies and principles. I'll share them with you throughout this book. You might have seen and met her. She's the woman who is self-employed, doing the thing she loves, and making a living off of it. She's the woman who might have decided to have a normal career, with a twist. It's the type of career she enjoys and she is actually appreciated for the hard work and hours she puts into it. When she speaks, others listen, even the men in her office with over-inflated egos. Her job almost never feels like work and is deeply fulfilling. It doesn't cost her energy; she gets energy from it. When she wakes up, she can't wait to get started with her day. She is the woman who has found and created herself a loving relationship with a man she loves. She is also the woman who is happily single, the woman who doesn't need a man to be happy. She has a

supportive circle of great friends, and she has the time to hang out with them, even when she has kids. She knows how to set the world to her hand, so it seems, and some women wonder how she does it. That's what this book is about, I'll uncover her strategies. I've been studying and interviewing her for so long now that I can't wait to share everything with you. We'll dive in what to do in your romantic relationships, in your career, in your personal life, and most importantly, in your own mind. I'm sure you already are a high-value woman in many ways. Some parts of the book will reaffirm that you're on the right track; others will provide a new way of thinking to take you to the next level. Are you curious to find out how the high-value woman does it all? Then hit the buy button at the top of this page and start your high value woman journey right away!

A Spectacular Catastrophe -

When Dushka Zapata comes across any perspective in life that she finds useful or that

The Beloved Does Not Bite -

Debra Dudek 2017-07-06

In this new monograph, author Debra Dudek defines a new era of vampire texts in which vampires have moved from their iconic dark, feared, often seductive figure lingering in alleys, to the beloved and morally sensitive vampire winning the affections of teen

protagonists throughout pop culture. Dudek takes a close look at three hugely-popular vampire series for young adults, drawing parallels between the TV series *Buffy the Vampire Slayer*, the *Twilight* Saga novels/films, and *The Vampire Diaries* TV series/book series. By defining a new era of vampire texts and situating these three series within this transition, *The Beloved Does Not Bite* signals their significance and lays the groundwork for future scholarship on the flourishing genre of paranormal romances for young adults.
