The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Models Mark Manson 2017-09-11 "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, The Subtle Art of Not Giving A F*ck, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In Models he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, Models is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

Would He Be a Good Father? - The 10 Hidden Qualities Women Want in a Man Jack Ruger 2019-07-11 Have you ever felt like you hit it off with a woman but she just ended up ghosting you? It's frustrating. It's humiliating. It hurts. You probably didn't see it coming, but what makes women do this? The truth is you most likely didn't have what she was looking for. I'll explain. Let me preface this by saying, dating is a numbers game. Generally speaking, men approach many women and women are approached by many men. The more people you date, the higher the chances are of you finding the right person. That being said, due to advancements in technology, women have more options available to them today than ever before and dating has become extremely competitive for men. Women are also naturally hyper-intuitive. In a study of 90,000 people that were shown different photographs of people's faces, women drastically outperformed men when it came to reading subtle expressions. The combination of unlimited options available to women and their hyper-intuitive nature means women have the ability to pick and choose around, searching for the highest value man they can get. It seems unfair, but that's the reality of modern dating. What does that mean for you? It means you need to prove that you have what it takes to be a good partner. Having a deep understanding of what women value in a partner will give you a HUGE advantage over other guys. What do you think of when asked, "what do women find attractive?" Looks, humor, intelligence, commonality? Yes, all of these things do matter, BUT they are only the surface level. What most men don't realize is that the deciding qualities that will make a high-value woman want to be with you are below the surface. "Would he be a good father?" will help you discover the qualities women look for to separate high-value men from low-value men. Here are the 10 hidden qualities covered in "Would he be a good father?" The simplest quality that instantly shapes her desire to give you her time. One of the most overlooked qualities guys end up paying for when she moves on.
