Do you find yourself constantly making plans with friends that fall through? Are you more likely to see your friends' social media posts than their faces? You aren't alone. Making and maintaining friendships during adulthood can be hard--or, with a bit of intention and creativity, joyful. [The Guyde](#) - Howie Reith 2016-11-19

The *Guyde* is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The *Guyde* is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The *Guyde* is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

F#*ck the Insecurities - J C Ragners 2020-08-03

Have a Heart-to-Heart With Your Insecurities and Make Them get Off For Good. For as long as humans have existed, they have been preyed upon by a powerful enemy. One that targets both males and females, old and young. It doesn't care how much money you have, where you live, or how successful you are. It can sicken your mind, make your day a living hell, and hinder your career. And it affects every single person on the planet. Yes, we're talking about self-doubt. It is one of the strongest feelings in the world, one that can take down even the most powerful individuals and can cause mayhem in anyone's life. There are many causes of insecurity, and it doesn't manifest the same in everyone. Some people hide themselves behind baggy clothes because they don't feel pretty enough. Others stay at home and avoid social events, worried that they might say something "stupid" and embarrass themselves. No matter what form your insecurity takes, the result is always the same: you are missing out on life. You could be out there, making friends, finding love, getting promoted, if your self-doubt wasn't holding you back. It's a tough rival to beat. But just like any other predator, self-doubt has a natural enemy, one that conquers it every time: confidence. Yes, confidence is the king of the jungle. Once you arm yourself with it, you're ready for the battle, and insecurities have no chance against this power. But becoming a strong, confident individual is easier said than done. Or is it? In this book, you'll discover: Simple techniques to break free from those hardwired negative thoughts that are poisoning your mind How to stop comparing yourself to others and eliminate destructive pangs of jealousy Why being perfect sucks, and how you can use your imperfections to your advantage Shocking revelations on self-sabotage, and how to recognize when you're doing it (hint: prepare to be surprised) How to use powerful tools such as CBT and self-talk to fight social anxiety, and rejoin the world How you are unconsciously projecting your insecurity to others by acting a certain way Strategies for boosting your defense mechanism and creating a shield of confidence no insecurity can penetrate And much more. A healthy dose of self-doubt has never hurt anyone. In fact, research suggests it can even help you progress and make you a better, more confident individual. But insecurities are subtle. They start slow, like you hiding your tummy on a beach, or avoiding public speaking. If left unchecked, they can grip you extremely fast and leave you vulnerable, self-conscious, and unsure in your own abilities. But if you react in time and employ confidence as your ally, self-doubt doesn't stand a chance. If you're ready to meet your insecurities on the battlefield, and emerge victorious, then scroll up and click the "Add to Cart" button right now.
