The Beautiful List - Christine Virgin 2022-08-30

The Beautiful List is a timely conversation starter for middle grade girls longing to know that they are worthy just as they are, as well as a great resource for parents, teachers and caregivers who seek to support today's tween girls as they struggle to find what makes them uniquely beautiful. Twelve-year-old Serah Reynolds is living the dream life in suburbia until a chance encounter with confident seven-year-old Rachel awakens insecurities she never knew she had. Desperate to learn about real beauty, and whether she measures up, Serah creates a list of beautiful things—but finds her own name impossible to add to it.

As inquisitive as she is determined, Serah seeks to find where she does belong and embarks on a journey of self-discovery with the help of her best friend, Courtney, and her school counselor, Mrs. Caldwell. Along the way, her parents and siblings aren't much help as she struggles with her appearance, intelligence, friendship, girl drama, boys, and even bathing suits. And just when it seems like things can't get any worse, an accident leaves Serah scarred in more ways than one. Feeling betrayed and alone, Serah leans into her questions, faces her fears, and finds the answers she's been seeking all along.

The Mindful Freak-Out - Eric Goodman 2024-01-31

The Mindful Freak-Out is written for people who are suffering during emotionally painful moments, such as when:

- You are facing anxiety or panic that seems to take over your life.
- The ferocity of anger that you are feeling threatens to damage relationships.
- Your life feels

overwhelming, like you just can't take it anymore. When life serves you up an intensely distressing moment (and life will find a way), you are in a competition with your inner 'threat system' for control over you. Your threat system will try to take over and make you react impulsively. When this happens, you not only suffer from the painful emotion, but are left with distressing consequences. The Mindful Freak-Out presents strategies from Acceptance and Commitment Therapy (ACT) and Compassion Focused Therapy (CFT) to give you the evidence-based tools you need to face highly distressing moments. The goal of these strategies is to soothe your suffering while giving you the inner strength, wisdom, and commitment needed to face the emotional pain in a flexible way that you feel good about (rather than deeply regretting your words or actions later on). Loaded with practical advice, exercises, and information, this book will help you harness the power of mindfulness and

Guiding Kids Through the Tough Moments - Mark Le Messurier 2023-05-26

Families, classrooms, all kinds
of human groups are intricate,
evolving social and emotional
worlds. They exist to protect
and nourish but living in them
is not always easy. And, when
one of us is not doing well,
none of us are. This makes
them a delicate, dynamic,
messy, and endless work in
progress. This book centres
around those moments when
we must get involved, or call a
child out on an unsafe,
careless, or selfish action.
Pitched well beyond the

superficiality of making "happy
families" or "obedient classes,"
this book dives into the colour
and chaos of life. It provides
guidance for navigating the
commotion and the processes,
as well as the grit required in
the tougher moments. It's
these moments that reveal
what is really happening
between children and their
parents, educators, or carers.
The book outlines a special set
of attitudes and skills
described as using our "soft
eyes and warm hearts." In this
space, we hold a child or teen
accountable using an almost
counterculture mindset. One
that connects leadership and
strength directly with kindness.
This humane approach is more
likely to leave young people in
a position where they might
want to feel responsible, make
amends and changes, rather
than being forced to. If we are
to improve our relationships,
outcomes, and futures with this
generation of kids we must
commit to truthful
conversation, reflection, and
preparation. Written by trusted
author Mark Le Messurier, an

How To Get Your Crush To Notice You Through Social Media

experienced teacher, counsellor and public speaker, this is an essential guide for parents, carers, teachers, educational leaders, and allied health professionals responsible for the wellbeing of young people.
