*Sexuality, Intimacy, Power* -  
Muriel Dimen 2013-06-17

Can contemporary psychoanalysis tell us anything about sexuality that is new and clinically meaningful? It most certainly can, answers Muriel Dimen in *Sexuality, Intimacy, Power*, a compelling attempt to revivify Freud's core interest, in "sexual impulses in the ordinary sense of the term." But there is nothing ordinary about Dimen's project. Drawing on contemporary relational theory, feminism, and postmodernism, she takes a sustained, sometimes irreverent, look at assumptions about psychosexuality. For Dimen, the shift from dualism to multiplicity that has reshaped a range of disciplines can also be brought to bear on our thinking about sexuality. She urges us to return to the

open-mindedness hiding between the lines and buried in the footnotes of Freud's writings, and to replace the determinism into which his thought has hardened with more fluid notions of contingency, paradox, and thirdness. By unveiling the colloquy among psychoanalysis, social theory, and feminism, Dimen challenges clinicians and academicians alike to rethink ideas about gender, eroticism, and perversion. She explores, among other topics, the relations between Lust and libido; the limitations of Darwinian thought in theorizing homosexuality; the body as projective test; and the intimate tangle of love and hate between women. Generous clinical examples illustrate the ways in which a radical re-

visioning of psychosexuality benefits therapists and patients alike. Mixing medium and message, Dimen draws on a variety of disciplines and styles to delineate the ambiguities, contradictions, and paradoxes that subtend sexuality in all its personal and clinical complexity. A brilliant example of contemporary psychoanalytic theory at its destabilizing best, *Sexuality, Intimacy, Power* is equally a historical document that will intrigue and enlighten students of women's, gender, and queer studies.

*Girls Make Media* - Mary Celeste Kearney 2013-08-21  
More girls are producing media today than at any other point in U.S. history, and they are creating media texts in virtually every format currently possible--magazines, films, musical recordings, and websites. *Girls Make Media* explores how young female media producers have reclaimed and reconfigured girlhood as a site for radical social, cultural, and political agency. Central to the book is an analysis of Riot Grrrl--a 1990s feminist youth movement from a fusion of punk rock and gender theory--and the girl power movement it inspired. The author also looks at the rise of girls-only media education programs, and the creation of girls' studies. This book will be essential reading for anyone seeking to understand contemporary female youth in today's media culture.

*The Quest to Feel Good* - Paul R. Rasmussen 2011-01-19  
Emotions, rather than simply being the result of random or

disordered biochemical processes, are adaptive mechanisms that are often overly relied upon as a function of basic learning processes. The Quest to Feel Good helps the reader understand that negative emotions serve a critical adaptive purpose that functions in relation to one's ultimate desire for a felt-positive state. Paul Rasmussen addresses the role of emotions as adaptive components, in combination with cognitive and behavioral processes, to our overall orchestration of life. To this end, the therapist is directed to use a client's negative affect as a means of guiding critical therapeutic conclusions and decisions. Rasmussen emphasizes an integration of the basic premises of Adlerian psychology with the evolutionary-imperative model presented by Theodore Millon (1990, 1999). This integration is used to explain the primacy of emotions in the manifestation of most clinical conditions. This critical integration and focus makes

the volume important, necessary, and unique to mental health professionals. Case examples and illustrations are also offered throughout the text.

### **How to Pick Up Women -**

Matthew Manson 2019-08-21  
Discover the art of instant attraction and become the type of man girls beg for! One rejection after another...Trust me, I know the feeling. Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went.

I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything. If you join me on this journey you will discover: - How to pick up women in an ethical way which leaves you BOTH happy and satisfied. - The things you NEED to improve about yourself in order to attract women instantly for the rest of your life. - A specially designed book structure containing clear lists, step by step guidelines and scenarios which you can easily remember and apply in your own life. - The biggest barriers you need to overcome in order to stop feeling anxious when approaching any woman. - How to make killer first impressions that will make women obsessed with you. - How to master the art of texting and never feel nervous or embarrassed after sending her a text. - How to keep a conversation going in a

natural and enjoyable way. - How to create a flirty vibe and sexual tension which will lead to some real action. - How to have a proper one-night stand which will make you stand out and make her come back for more. I'm going to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside your comfort zone...a lot. However, if you dedicate yourself to this, no matter how old you are, you will learn how to get women to become obsessed with you. I was the shyest kid in my school and now I can confidently approach any woman I want. If I could learn it, anyone can. If you want to break the cycle of getting rejected by beautiful women once and for all, then scroll up and Order Now!

**What Teenage Girl's Don't Tell Their Parents** - Michelle Mitchell 2011

As a parent you know that your 'child' is not just another teenager, struggling to grow up. She is your daughter. That in itself makes her the most

unique and important teenager in the world. But when your sweet little girl suddenly stops talking, won't do anything you tell her to do, and starts dressing like she stepped out of a celebrity magazine, you start wondering what went wrong. Michelle Mitchell has spent the last 10 years day-in, day-out, listening and talking with teenage girls about their lives, loves, hates and hopes. In this book she reveals that its what your daughter isn't telling you rather than what she does tell you that matters the most. Featuring an engaging and fresh voice, this book is full of straightforward advice in a complicated world. Its honesty, reality and practicality is ably illustrated by the many real anecdotes from teenagers themselves about their hectic everyday lives.
