The Raw Essentials of Human Sexuality D.V. Bernard

2009-02-17 A detective takes what seems like an easy job to catch a cheating husband but he finds much more as he is drawn into the husband's web—and craves a new power that can only be achieved through sex. The story begins with a detective making love to his young, beautiful client. A month earlier, she had hired him to trail her husband, but they quickly became lovers. When the client asks him to kill her husband, the detective quickly realizes that he had been used—seducing him was only a step in her plan to end her husband's life. The detective declines her offer, but when she proposes to double his fee if he continues trailing the husband, he agrees. It seems like a simple enough proposition, but when he follows the husband on a business trip to Florida, his simple plan becomes complicated when he and the husband sit down to talk. But the complications don't stop there. Through a strange turn of events, the detective finds himself trapped by the husband and the only chance for freedom is the very act the detective wanted to avoid: he must kill the husband's wife. Full of suspense and intrigue, *The Raw Essentials of Human Sexuality* reveals that there is much more beneath the surface of these marital problems—lives are at stake for the sake of power and sex.

but when she proposes to double his fee if he continues trailing the husband, he agrees. It seems like a simple enough proposition, but when he follows the husband on a business trip to Florida, his simple plan becomes more complicated when he and the husband actually sit down to talk. The husband tells him a story, about his youth in the South, and the detective finds himself remembering a horror story his mother used to tell him -- about their kin fleeing from their demonic master the day the Union won the Civil War. Instinctively terrified, the detective runs from the husband. Just when he thinks he has escaped, a creature appears out of nowhere. He finds himself being devoured by darkness; and in the morning, he awakes feeling drained. When he looks in the mirror, it is as if years have passed. He looks old. To get back his youth, he finds he must submit himself to the husband's will. He follows along for a while, but when the husband tells him to kill the wife, and the detective finds himself in the same place he had started. To reclaim his soul, he must navigate the various demands and threats -- and the tightening noose of the law.

Sex, Gender, and Sexuality Abby L. Ferber 2009 There has been an outpouring of discussion and interest in recent years on gender and sexual identities in the disciplines of sociology and women's studies. Now, for the first time, there is a reader available that bridges the study of both gender and sexuality, providing a thorough examination of their interconnections. In an accessible format, the editors of *The New Basics* construct a new model for making sense of gender and sexuality by raising provocative questions such as: How has our understanding of the relationship among sex, gender, and sexuality changed over time? How are these concepts constructed differently across cultures? What is the difference between transgender, transsexual, and queer? How does class and race shape people's experiences and expressions of gender and sexuality? While exploring a wide range of issues, each piece makes the relationship among sex, gender, and sexual identities central to the analysis. *The New Basics* includes first-person accounts and narratives, poems, theoretical analyses, and critiques of existing research. Due to the evolution of thought and terminology in recent years, the editors have included a useful and unique glossary of basic and new terms.

Sexual Outlaw, Erotic Mystic Vere Chappell 2010-12-01 Sex, Magick, Aleister Crowley, Orgasms, Erotic Dances, Angelic Beings, Revolutionary Activism, Liberation, Persecution, Defiance, and Suicide. Persecuted by Anthony Comstock and his Society for the Suppression of Vice, this turn-of-the-century heroine was also a spiritualist who learned many secrets of high magick through her claimed wedlock to an angelic being. Born in Philadelphia in 1857, Ida Craddock became involved in occultism around the age of thirty. She attended classes at the Theosophical

Society and began studying a tremendous amount of materials on various occult subjects. She taught correspondence courses to women and newly married couples to educate them on the sacred nature of sex, maintaining that her explicit knowledge came from her nightly experiences with an angel named Soph. In 1902, she was arrested under New York's anti-obscenity laws and committed suicide to avoid life in an asylum. Now for the first time, scholar Vere Chappell has compiled the most extensive collection of Craddock's work including original essays, diary excerpts, and suicide letters--one to her mother and one to the public.
