[Feminist Literary and Cultural Criticism](#) - Java Singh 2022-06-19

Feminist Literary and Cultural Criticism explores inter-disciplinary connections across Cultural Anthropology, Geography, Psychology, and feminist literary criticism to develop a theoretical framework for spatial criticism. Using the spatial gynocritics framework developed in the book, it analyzes selected texts from five different genres—short-story, novel, film, cartoons, and OTT series, created by women. The creators discussed in the book constitute a transnational collectivity of women that shares common concerns about gender, environment, technology, and social hierarchies. They comprise a geographically and linguistically diverse group from India, Uruguay,

Spain, Argentina, and the USA. The book offers immense potential for a comparative study on numerous aspects, among which the present work concentrates on the treatment of Space, demonstrating that spatial logic and grammar are essential elements of the feminist praxis. The book reveals the unexamined potential in the women creators' praxis of destabilizing, decentring, and destroying the ascribed centres around which social arrangements are structured. Moreover, the book offers valuable analytic tools that add to scholarship in literary theory, comparative cultural studies, comparative literature, gender studies, feminist criticism, and interdisciplinary humanities. It is an indispensable aid to students and faculty in these areas of study, enabling them to critique

texts from a fresh perspective.

This coursebook offers an exciting new approach to teaching criminal law to graduate and undergraduate students, and indeed to the general public. Each well-organized and student-friendly chapter offers historical context, tells the story of a principal historic case, provides a modern case that contrasts with the historic, explains the legal issue at the heart of both cases, includes a unique mapping feature describing the range of positions on the issue among the states today, examines a key policy question on the topic, and provides an aftermath that reports the final chapter to the historic and modern case stories. By embedding sophisticated legal doctrine and analysis in real-world storytelling, the book provides a uniquely

### **Literature Suppressed on Sexual Grounds,**

**Fourth Edition** - Dawn Sova 2019-08-01

When Tolstoy's *The Kreutzer Sonata* was banned from distribution through the mail (except for first class) in 1890, New York street vendors began selling it from pushcarts carrying large signs reading "Suppressed!" In 1961, the United States Supreme Court pondered whether D.H. Lawrence's *Lady Chatterley's Lover* was lewd or literary. In 1969, the novel was required reading in many college literature courses. Changing sexual mores have moved many formerly forbidden books out of locked cabinets and into libraries and classrooms. *Literature Suppressed on Sexual Grounds, Fourth Edition* examines the issues underlying the suppression of more than

120 works deemed sexually obscene. Entries include: *America: The Book* (Jon Stewart) *An American Tragedy* (Theodore Dreiser) *The Arabian Nights* (Sir Richard Burton, trans.) *The Art of Love* (Ovid) *The Bluest Eye* (Toni Morrison) *Forever* (Judy Blume) *Gossip Girl* series (Cecily von Ziegesar) *How the Garcia Girls Lost Their Accents* (Julia Alvarez) *Lady Chatterley's Lover* (D.H. *Literature Suppressed on Religious Grounds, Fourth Edition* - Margaret Bald 2019-08-01

Censorship of religious and philosophical speculation is as old as history and as current as today's headlines. Many of the world's major religious texts, including the Bible, the Talmud, the Koran, and others, have been suppressed, condemned, or proscribed at some time. Works of secular literature that touch upon religious beliefs or reflect dissenting views have also been suppressed. *Literature Suppressed on Religious Grounds, Fourth Edition* profiles the censorship of many of these works. These include the frequently challenged Harry Potter series, which critics accuse of promoting witchcraft and anti-family themes, as well as Philip Pullman's *His Dark Materials* trilogy and Dan Brown's *The Da Vinci Code*. Entries include: *The Age of Reason* (Thomas Paine) *The Analects* (Confucius) *The Battle for God* (Karen Armstrong) *The Bible* *Children of the Alley* (Naguib Mahfouz) *Critique of Pure Reason* (Immanuel Kant) *The Da Vinci Code* (Dan Brown) *Dialogue Concerning the Two Chief World Systems* (Galileo Galilei) *Discourse*
