the death of her husband, Emily is happy to find herself surrounded by friends and fellow Oxford peers at the rustic Chalet des Anglais in the French Alps. With no electricity, running water, or access by car, surely this trip will offer her the time and space she needs to heal. But before she makes it to the airport, Emily interrupts a break-in at her home, and on the first night at the chalet, she discovers an inappropriate sexual liaison between an undergrad and a colleague. When the student suddenly disappears, and Emily sees her deceased husband's number in her call history, she realizes she had better figure out who she can trust - or the next disappearance may be her own...

The Model - Harlow Layne 2023-07-31

The moment I heard Ryder's voice I was a goner. As a photographer, I was used to working with beautiful people, but Ryder Williams was the most perfect male specimen that had ever stood before me. I knew without a doubt it would take no time at all for him to be the next big thing...

or for him to steal my heart. Model and photographer, we shouldn't cross that line, but there was no stopping the passion we felt. Nothing else mattered. Not the age difference. Not that he was a client. Not even our pasts. After my assistant caught us together, he was gone. I tried to put him out of my head, until fate threw him back into my life and my bed. Time and time again we're brought together, should I keep fighting or finally accept what my heart wants? The Model is a stand-alone in the Love is Blind series. The series has crossover characters from each novel. It is not required to read the books in order, but it is recommended to enhance the reading experience.

We all have our secrets... _____ An eerie old Scottish manor in the middle of nowhere that's now hers. Ailsa Calder has inherited half of a house. The other half belongs to a man who disappeared without a trace twenty-seven years ago. Her father. Leaving London behind to settle her mother's estate, Ailsa returns to her childhood home nestled amongst the craggy peaks of the Scottish Highlands, accompanied by the half-sister she's never taken the time to get to know. With the past threatening to swallow her whole, she can't escape the claustrophobic feeling that the house itself is watching her, or ignore how animals take care never to set foot within its garden. And when Ailsa confronts the first night-time intruder, she sees that the manor's careless rugged beauty could cost her everything...

The Ship We Built - Lexie Bean 2021-05-25

The Ship We Built is an expertly told epistolary middle grade novel about a trans boy learning to stand up for himself--especially to those he loves--and the power of finding a friend who treasures him for all that he is. "Incredibly good; by turns raw, sweet, horrifying, tender, and hopeful."--Laurie Halse Anderson, NYT bestselling and award-winning author of *Speak* and *SHOUT* Sometimes I have trouble filling out tests when the name part feels like a test too. . . . When I write letters, I love that you have to read all of my thoughts and stories before I say any name at all. You have to make it to the very end to know. Rowan has too many secrets to write down in the pages of a diary. And if he did, he wouldn't want anyone he knows to read them. He understands who he is and what he likes, but it's not safe for others to find out. Now the kids at school say Rowan's too different to spend time with. He's not the "right kind" of girl, and he's not the "right kind" of boy. His mom ignores

him. And at night, his dad hurts him in ways he's not ready to talk about yet. Then Rowan discovers another way to share his secrets: letters. Letters he attaches to balloons and releases into the universe, hoping someone new will read them and understand. But when he befriends a classmate who knows what it's like to be lonely and scared, even at home, Rowan realizes there might already be a person he can trust right by his side.

More Than a Body - Lexie Kite 2020-12-29

Drs. Lindsay and Lexie Kite know firsthand how hard filtering out media influence is when it comes to self-image. Both struggled as young women to overcome the expectations of body size and shape, but were able to learn to love, appreciate, and reclaim their own bodies, eventually earning their PhDs in body image resilience. The twin sisters founded the nonprofit Beauty Redefined and have made it their mission to help other women see themselves without societal expectations distorting their self-perception. *More than a Body* is a self-help book focused on going beyond body positivity, showing how a mindset focused on appearance sets women up for insecurities and self-judgement. In this book, they offer an action plan for readers to combat that mindset, and instead learn how the body can be "an

instrument, not an ornament," with practical, actionable steps to take when consuming media, exercising, practicing self-reflection and self-compassion, and finding a purpose in life.
