Cosmic Colleagues - Ascended Master Messages Jasmuheen 2009-03-04 A selection of loving, timeless and insightful channeled messages through Jasmuheen to inspire and support all through these changing times. In this book Jasmuheen shares of her personal relationship with these ones. As Saint Germain once shared with her: The Master discerns which experience, he or she will have while dwelling in physical form in God's kingdom. The Master, through all realms of expression, creates around them in every now moment that which serves them fully in the awakened state in each now moment ...From Mother Mary: Spirit and reason go hand in hand and reason will deliver you to the embrace of spirit, for reason was birthed in spirit. Reason is like the sheep that come back home to the shepherd. Times of contemplation will allow you to make peace with all aspects of your Being; to recognize your humanness and love all parts of you without judgment. Remember that love is the only real power of lasting transformation.

John's Gospel Hermann Beckh 2021-11-10 That there is a living stream of Johannine Christianity can no longer be doubted. There is now an abundant literature from Rosicrucian and esoteric traditions - from the deepest prayer and meditation - that addresses the exalted nature of John the Evangelist as expressed through his Gospel, Letters and the Book of Revelation. Yet it fell to Hermann Beckh to elucidate clearly how the individual known as 'John' became the source of such undying love and wisdom in Christ. According to Rudolf Steiner, John was the ailing Lazarus, called from death to a new life as 'the disciple Jesus loved'. Beckh demonstrates how John's invaluable writings were based on personal spiritual knowledge and experience, expressing the divine work of the Cosmic Christ on human nature and on the Earth, leading far into the future. Whilst Beckh's authorship originated within the context of the emerging Christian Community founded in 1922, his profoundly original books could not be confined to its framework. Not only could Beckh tackle original texts in Tibetan, Sanskrit and Avestan, but - through his independent vision - he was able to establish new links with philosophical Alchemy, Jakob Böhme, Goethe, Nietzsche and Novalis. He thereby stands with these figures as a co-worker in a greater community. Having prepared the way with his Mark's Gospel of 1928, John's Gospel could be described as the capstone of Beckh's writings - as a triumphant announcement that theology and the study of John's Gospel have finally come of age. in a freshly revised translation by Alan Stott, the current volume is enhanced by a series of valuable addenda that shed further light on Beckh's significant achievements.

The Doctrine of Awakening Julius Evola 1996-02 Italian philosopher Julius Evola pares away centuries of adaptations to reveal Buddhist practice in its original context. Most surprisingly, he argues that the widespread belief in reincarnation is not an original Buddhist tenet. Evola presents actual practices of concentration and visualization, and places them in the larger metaphysical context of the Buddhist model of mind and universe.

Love is the Only Solution The Supreme Master Ching Hai 2021-07-24 In this booklet entitled “The Only Solution is Love,” international best-selling author, spiritual teacher, humanitarian and artist, Supreme Master Ching Hai, elucidates on the current situation in the world with regards to pandemics, climate change, conflicts and natural disasters. Furthermore, she explains the causes as well as the solutions. Through love for the animals, love for nature, each other, our families and even our enemies, we can create an Eden on Earth. The energy of LOVE will have a protective effect that will not only heal the planet but also elevate its inhabitants to higher state of consciousness. She goes on to urge us to turn our love into action to protect the meek, voiceless animals as well as all those who are in need. “Love can flourish or be destroyed even, though the essence of love can never be destroyed. There are deeds that can nourish love, there are deeds that can make love wither and die. I mean physical love. I mean the love in this realm. There are deeds that can make love grow, there are deeds that can make love diminish. We must cherish, treasure love if we find it. Support it. We have to support it with our thoughts and speech and actions.”

The 7 Initiatory Fires of Modern Manhood Hendrix Black 2023-05-09 Lost in the fervent call for men to “be more”, is the fact that man already is more than he’s ever been. Almost unreasonably more. Written with the goal of positively impacting the lives of 50 million men (and their families) for generations to come, The 7 Initiatory Fires of Modern Manhood is a practical guidebook and self-development path for modern men. At a high level, The 7 Initiatory Fires of Modern Manhood is built upon the premise that, contrary to popular belief, “initiation” into manhood hasn’t disappeared. It’s simply been misunderstood. And that as a modern man, the grounds for deep and permanent transformation are already present in everyday life. Namely in intimate relationships, fatherhood, pursuit of purpose, business and livelihood, thriving physically and mentally in an unhealthy world, thriving emotionally and spiritually in an unbalanced world, and expressing fully in a suppressed world All of these fires, when approached from a place of deep reverence, regenerative power, and expansive possibility, provide the accelerated growth and awakening that true initiation has always

Mastery Robert Greene 2012-11-19 'Machiavelli has a new rival, and Sun-tzu had better watch his back' - New York Times Around the globe, people are facing the same problem - that we are born as individuals but are forced to conform to the rules of society if we want to succeed. To see our uniqueness expressed in our achievements, we must first learn the rules - and then how to change them completely. Charles Darwin began as an underachieving schoolboy, Leonardo da Vinci as an illegitimate outcast. The secret of their eventual greatness lies in a 'rigorous apprenticeship': by paying close and careful attention, they learnt to master the 'hidden codes' which determine ultimate success or failure. Then, they rewrote the rules as a reflection of their own individuality, blasting previous patterns of achievement open from within. Told through Robert Greene's signature blend of historical anecdote and psychological insight and drawing on interviews with world leaders, *Mastery* builds on the strategies outlined in *The 48 Laws of Power* to provide a practical guide to greatness - and how to start living by your own rules. From the internationally bestselling author of *The 48 Laws of Power*, *The Art Of Seduction*, and *The 33 Strategies Of War*.

Spirit Animals and the Wheel of Life Hal Zina Bennett 2001-02-01 Though our ancient ancestors had a deep spiritual connection to the natural world, most modern humans have lost that connection, resulting in ever-increasing ecological assaults on our planet. As environmental quality continues to worsen, we must find a way to spiritually reconnect with Mother Earth--before it is too late. "Ecospiritualism" is a form of spirituality that embraces, and takes responsibility for, the natural world we live in. One of the most practical, enjoyable, and simple ways of reclaiming our ecospiritual connection with Mother Earth is journeying with the spirits of animals just as our ancestors did thousands of years ago. Animals, most intimately connect with Mother Earth, are the perfect guides to the ancient wisdom we have lost. Mole, eagle, badger, wolf, bear, mountain lion--each animal has its place on the sacred medicine wheel; each has knowledge vital to the future of our Earth and to rediscovering our rightful place in it. In *Spirit Animals*, author Hal Zina Bennett offers an accessible form of "spiritual orienteering" in which personal power animals are the guides and teachers, and shamanism is the means by which we work with and learn from them.

- A great and innocent but nevertheless thrilling paranormal teen romance. Must read!!
(reviewsbyjules) Interview with the author Q: How did you get the ideas for this book? A: I love books like Harry Potter, Twilight, and The Hunger Games but so far, I've only always concentrated on writing contemporary romances. When I was traveling through South East Asia the weird, twisted roots in the jungle inspired me that there could be a whole different world inside ours and so I tried to add a paranormal element to my romance writing and turn it into an urban fantasy romance. Q: So, are there more books by you, which your readers can enjoy? A: Well, there's the sequel of Heart of Power (Rise of the Siren). Inside "Heart of Power: Awakening of the Siren", you will find a link that will let you download it for free. Plus, I wrote another romance novel. "A sketch of what you mean to me" is a cancer love story and was published in February 2017. Q: You work a full-time job? So, when do you find the time for writing? A: Anytime I can get. On the train, before work, after work, in airports, on a plane. Sometimes I feel a bit anti-social because I much rather would want to be home writing instead of going out on a Friday evening. I have to find a balance but I feel like writing gives me more energy because it's something I really want to do. Q: You mentioned planes and airports. Do you like to travel? A: I love exploring beautiful places and I use every chance I can get to travel. I also try to keep up to date with my travel blog, which you find on my website www.swissmissontour.com Q: Who will like the Heart of Power Series? A: People who enjoy reading an urban fantasy mystery or a paranormal teen romance. However, I wouldn't say it's a young adult novel only. If you like Vampire books, I'd say the chance is big that you also like Siren books. I hope I can give something new to the readers since Siren's aren't yet as explored as vampires. I address topics like having to leave your family and friends and finding your way in a new environment, how while growing up and even as an adult you are faced with choices every day and it's important that

you make a decision but that you also accept the consequences and of course, in Heart of Power, you will find the million butterflies, which you feel when you find the right guy for you and the insecurities love brings. Ebook categories: Urban fantasy romance, paranormal teen romance This book is very original and unique, in the sense that offers us a new, fresh, and modern glance at what it would be like for a Siren to exist and try to live among us a normal life. I loved S. L. Giger's take on the matter, how she presented us with the struggle Serena, who was now called Nathalie, as her old self is supposed to be dead, faced in her new life. The writing was easy, fast-paced, and smooth, and I would totally love to get to know more about Nathalie's story! (review by Caterina)

immune system? What steps can you take to maintain your love and power during this pandemic? Is reincarnation a universal truth? Is the Other world a reality? You will discover the answers to these mysteries, and many others, within Seven Steps. One word. The key to awakening our hearts and minds, one word--Love. Love means oneness, the glue that binds the universe together. Seven Steps are a journey of love, of heart. It is a search for truth as well as a quest for the ultimate reality of wholeness or oneness. In our journey of spirit, we must embrace the mysteries of the earth and heaven for transformation. We need to experience the moment to moment magic of life. We need to laugh and discover joy, possibly within the simple things of life, and release the burdens that accumulate from our life's passage and this pandemic. The world and us all ebb and flow through cycles of change. It is inevitable, and the only thing that is predictable. Step out of your present situation for a moment and ask yourself, what can I become? How does my journey progress from this point forward? Yes, it is a struggle, but we can do it. In every crisis, lies great opportunity. This is our opportunity to build a better future. We need to think about what we wish to create. We need to set a goal and take small, disciplined steps in order to achieve it--this is our Seven Steps. The knowledge presented in this book, and my other five books, will revolutionize our thinking about ourselves, others and nature so that we will come to see the common thread which binds us all together, and we will perceive the enormous potential we have for awakening and the creation of a new humanity. We are standing on the threshold of a new consciousness of radical nonduality, bubbling under the surface, its energies waiting to be united and unleashed. Together we can achieve this. We can get through this pandemic. Our Seven Steps are a beginning voyage into the deep mystery of yourself and everything else. It is the discovery of your own nature and being. The Seven Steps are not a quick fix or instant awakening. It takes commitment, focus, persistence,
