John (2nd Edition) - Brian Simmons 2019-07-02

The Word is not just dead letters; it's the Living Expression of God--Jesus Christ. The Word came with skin on as the Perfect Man and the living manifestation of God's glory. The Gospel of John helps us meet this beautiful Christ. John is also the Gospel of believing. This book reveals that Jesus Christ is the Light of the World, the Savior, the King, the true Anointed One, the Living Bread, and the Loving Shepherd. While Matthew, Mark, and Luke give us the history of Christ, John unveils the mystery of Christ. Through his gospel we experience Jesus as the Lamb of God, the Good Shepherd, the Kind Forgiver, the Tender Healer, the Compassionate Intercessor, and the Great I Am. Who can resist this Man when he tugs on hearts to come to him? The Passion Translation of John's gospel will help you encounter the heart of God through Jesus as the loving God in flesh and blood.

Bad thoughts are just like cancer, they just grow on and on... In the middle of all this chaos and stagnant life, love can fill colours. But do we always give it a chance? Very often we make love stories which ends even before it could ever start. That's because we are just blank, any line in our book is a chapter. In the expectation less life, every acceptance is prayer which was never officially offered. Does it really matter? ...started together but not ended together? Is the end always meant to be content? Why do people still remember Heer and Ranjha, Laila and Majnu, Romeo and Juliet? Considering the fact that they have gone long back? What is it that still keeps them spry? Why do people still put a name to them?

The Secrets of Rome - Corrado Augias 2014-04-22

From Italy's popular author Corrado Augias comes the most intriguing exploration of Rome ever to be published. In the mold of his earlier histories of Paris, New York, and London, Augias moves perceptively through twenty-seven centuries of Roman life, shedding new light on a cast of famous, and infamous, historical figures and uncovering secrets and conspiracies that have shaped the city without our ever knowing it. From Rome's origins as Romulus's stomping ground to the dark atmosphere of the Middle Ages; from Caesar's unscrupulousness to Caravaggio's lurid genius; from the notorious Lucrezia Borgia to the seductive Anna Fallarino, the marchioness at the center of one of Rome's most heinous crimes of the post-war period, Augias creates a sweeping

account of the passions that have shaped this complex city: at once both a metropolis and a village, where all human sentiment-bravery and cowardice, industriousness and sloth, enterprise and laxity-find their interpreters and stage. If the history of humankind is all passion and uproar, then, as the author notes, "for centuries Rome has been the mirror of this history, reflecting with excruciating accuracy every detail, even those that might cause you to avert your gaze."
