

Pink Triangle The Nazi War Against Homosexuals

Bent - Martin Sherman 1998

(Applause Books). Martin Sherman's worldwide hit play *Bent* took London by storm in 1979 when it was first performed by the Royal Court Theatre, with Ian McKellen as Max (a character written with the actor in mind). The play itself caused an uproar. "It educated the world," Sherman explains. "People knew about how the Third Reich treated Jews and, to some extent, gypsies and political prisoners. But very little had come out about their treatment of homosexuals." Gays were arrested and interned at work camps prior to the genocide of Jews, gypsies, and handicapped, and continued to be imprisoned even after the fall of the Third Reich and liberation of the camps. The play *Bent* highlights the reason why - a largely ignored German law, Paragraph 175, making homosexuality a criminal offense, which Hitler reactivated and strengthened during his rise to power.

Pink Triangle - Darwin Porter 2014

One hot summer night in 1945, three young writers came together for the first time. Each member of this pink triangle - Tennessee Williams, Gore Vidal and Truman Capote - was on the dawn of fame. They remained competitively and defiantly provocative throughout their writing careers. Initially hailed by critics, each of them would later be attacked for their contributions to literature. From the night they met emerged betrayals that evolved into the most flamboyant rivalries in literary history, and which have only been revealed in this extraordinary book.

A Companion to the Holocaust - Simone Gigliotti 2020-06-02

Provides a cutting-edge, nuanced, and multi-disciplinary picture of the Holocaust from local, transnational, continental, and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior, extremity, and moral action. A diverse range of disciplines - history, philosophy, literature, social psychology, anthropology, geography, amongst others - continue to make important contributions to its scholarship. *A Companion to the Holocaust* provides exciting commentaries on current and emerging debates and identifies new connections for research. The text incorporates new language, geographies, and approaches to address the precursors of the Holocaust and examine its global consequences. A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust's causes, unfolding and impact. Scholars draw on their original research to interpret current, agenda-setting historical and historiographical debates on the Holocaust. Six broad sections cover wide-ranging topics such as new debates about Nazi perpetrators, arguments about the causes and places of persecution of Jews in Germany and Europe, and Jewish and non-Jewish responses to it, the use of forced labor in the German war economy, representations of the Holocaust witness, and many others. A masterful framing chapter sets the direction and tone of each section's themes. Comprising over thirty essays, this important addition to Holocaust studies: Offers a remarkable compendium of systematic, comparative, and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural, social, and political legacies of the Holocaust Includes discussions on non-European and non-Western geographies, inter-ethnic tensions, and violence *A Companion to the Holocaust* is an essential resource for students and scholars of European, German, genocide, colonial and Jewish history, as well as those in the general humanities.

The Men With the Pink Triangle - Heinz Heger 2023-03-07

For decades, history ignored the Nazi persecution of gay people. Only with the rise of the gay movement in the 1970s did historians finally recognize that gay people, like Jews and others deemed "undesirable," suffered enormously at the hands of the Nazi regime. Of the few who survived the concentration camps, even fewer ever came forward to tell their stories. This heart wrenchingly vivid account of one man's arrest and imprisonment by the Nazis for the crime of homosexuality, now with a new preface by Sarah Schulman,

remains an essential contribution to gay history and our understanding of historical fascism, as well as a remarkable and complex story of survival and identity.

Pink Triangle Pages -

Scott Safier presents information on the history of the Nazi persecution of gay men and lesbians. Notes that the pink triangle has become one symbol of modern gay rights, but it originated in Nazi concentration camps during World War II. Provides excerpts of the Reich Penal Code related to gay men and lesbians. Posts a bibliography of related references.

The Nazi Extermination of Homosexuals - Frank Rector 1981

De vervolging van homo's tijdens de Tweede Wereldoorlog.

Queer in Europe during the Second World War - Régis Schlagdenhauffen 2018-09-18

At the height of the Second World War, Switzerland decriminalised homosexuality. At the same time, France chose to introduce a law punishing homosexual relationships in certain circumstances. These two examples illustrate contradictory attitudes adopted by European states towards homosexuals during the Second World War. Going beyond the issue of the persecution of homosexuals and the central role played by Nazi Germany between 1939 and 1945, this book is the first to examine the daily lives of homosexual men and women in wartime. By bringing together European specialists on the subject, it relates a different history, one which was indeed marked by repression but also by enlistment in armies at war and resistance groups, not to mention collaboration. Chapter by chapter, it enables us to better understand why the Second World War was a turning point for gays and lesbians in Europe and why our continent is a leader in the fight against discrimination. For the Council of Europe, this book contributes to two separate programmes, the Passing on the Remembrance of the Holocaust and Prevention of Crimes against Humanity programme and the Promoting Human Rights and Equality for LGBT People programme, within the framework of Committee of Ministers Recommendation CM/Rec(2010)5 on combating discrimination on grounds of sexual orientation or gender identity programme. It also continues work towards acknowledging all of the victims of the Nazi regime. Régis Schlagdenhauffen is a lecturer at the École des hautes études en sciences sociales (EHESS), head of the gender-based social history department, member of the Laboratory of Excellence "Writing a new history of Europe" (LabEx EHNE) and co-author of the Council of Europe pedagogical factsheets for teachers entitled "Victims of Nazism. A mosaic of fates" (2015).

I, Pierre Seel, Deported Homosexual - Pierre Seel 2011-04-26

On a fateful day in May 1941, in Nazi-occupied Strasbourg, seventeen-year-old Pierre Seel was summoned by the Gestapo. This was the beginning of his journey through the horrors of a concentration camp. For nearly forty years, Seel kept this secret in order to hide his homosexuality. Eventually he decided to speak out, bearing witness to an aspect of the Holocaust rarely seen. This edition, with a new foreword from gay-literature historian Gregory Woods, is an extraordinary firsthand account of the Nazi roundup and the deportation of homosexuals.

Behold a Pale Horse - Lannon D. Reed 1985

An Underground Life - Gad Beck 1999

That a Jew living in Nazi Berlin survived the Holocaust at all is surprising. That he was a homosexual and a teenage leader in the resistance and yet survived is amazing. But that he endured the ongoing horror with an open heart, with love and without vitriol, and has written about it so beautifully is truly miraculous. This is Gad Beck's story.

Pink Triangle Legacies - William Jake Newsome 2022-09-15

Pink Triangle Legacies traces the transformation of the pink triangle from a Nazi concentration camp badge and emblem of discrimination into a widespread, recognizable symbol of queer activism, pride, and

community. W. Jake Newsome provides an overview of the Nazis' targeted violence against LGBTQ+ people and details queer survivors' fraught and ongoing fight for the acknowledgement, compensation, and memorialization of LGBTQ+ victims. Within this context, a new generation of queer activists has used the pink triangle—a reminder of Germany's fascist past—as the visual marker of gay liberation, seeking to end queer people's status as second-class citizens by asserting their right to express their identity openly. The reclamation of the pink triangle occurred first in West Germany, but soon activists in the United States adopted this chapter from German history as their own. As gay activists on opposite sides of the Atlantic grafted pink triangle memories onto new contexts, they connected two national communities and helped form the basis of a shared gay history, indeed a new gay identity, that transcended national borders. *Pink Triangle Legacies* illustrates the dangerous consequences of historical silencing and how the incorporation of hidden histories into the mainstream understanding of the past can contribute to a more inclusive experience of belonging in the present. There can be no justice without acknowledging and remembering injustice. As Newsome demonstrates, if a marginalized community seeks a history that liberates them from the confines of silence, they must often write it themselves.

The Hidden Holocaust? - Günter Grau 2013-08-21

The persecution of lesbians and gay men by the Nazis is a subject that has been constantly debated during the last decade, providing a theme for books, articles, and plays. Until recently the discussion has remained speculative: most of the relevant documents were stored in closed East German archives, and access was denied to scholars and researchers. As a result of the unification of East and West Germany, these archives are now open. *Hidden Holocaust*, by the German scholars Gunter Grau and Claudia Shoppmann of Humboldt University, Berlin, demonstrates that the eradication of homosexuals was a declared goal of the Nazis even before they took power in 1933, and provide proof of the systematic anti-gay campaigns, the methods used to justify discrimination, and the incarceration, mutilation and murder of gay men and women in Nazi concentration camps. A chilling but groundbreaking work in gay and lesbian studies.

The Men with the Pink Triangle - Heinz Heger 1980

The first, and still the best known, testimony by a gay survivor of the Nazi concentration camps translated into English, this harrowing autobiography opened new doors onto the understanding of homosexuality and the Holocaust when it was first published...

Branded by the Pink Triangle - Ken Setterington 13-04-15

Before the rise of the Nazi party, Germany, especially Berlin, was one of the most tolerant places for homosexuals in the world. Activists, including Thomas Mann and Albert Einstein, campaigned openly for the rights of gay men and women, and tried to repeal the old existing law against homosexuality. But all that would change when the Nazis came to power and existence for gay people turned into one of fear. Raids, arrests, prison sentences and expulsions became the daily reality. When the concentration camps were built, homosexuals were imprisoned along with Jews and any other groups the Nazis wanted to suppress. The pink triangle, sewn onto prison uniforms, became the symbol of the persecution of homosexuals, a persecution that would continue for many years after the war. A mix of historical research, first person accounts, and individual stories bring this time to life for readers. Stories of bravery in the face of inhuman cruelty, friendship found in the depths of despair in the camps, and the perseverance of the human spirit will both educate and inspire.

The Men with the Pink Triangle - Heinz Heger 2010-11

The first, and still the best known, testimony by a gay survivor of the Nazi concentration camps translated into English, this harrowing autobiography opened new doors onto the understanding of homosexuality and the Holocaust when it was first published in 1980 by Gay Men's Press. *THE MEN WITH THE PINK TRIANGLE* has been translated into several languages, with a second edition published in 1994 by Alyson Books. Heger's book also inspired the 1979 play *Bent* by Martin Sherman which was filmed as the 1997 movie of the same name, directed by Sean Mathias.

The Pink Triangle - Richard Plant 2011-04-01

This is the first comprehensive book in English on the fate of the homosexuals in Nazi Germany. The author,

a German refugee, examines the climate and conditions that gave rise to a vicious campaign against Germany's gays, as directed by Himmler and his SS—persecution that resulted in tens of thousands of arrests and thousands of deaths. In this Nazi crusade, homosexual prisoners were confined to death camps where, forced to wear pink triangles, they constituted the lowest rung in the camp hierarchy. The horror of camp life is described through diaries, previously untranslated documents, and interviews with and letters from survivors, revealing how the anti-homosexual campaign was conducted, the crackpot homophobic fantasies that fueled it, the men who made it possible, and those who were its victims, this chilling book sheds light on a corner of twentieth-century history that has been hidden in the shadows much too long.

Hitler's Furies - Wendy Lower 2013

A history of German women in the Holocaust reveals their roles as plunderers, witnesses, and actual executioners on the Eastern front, describing how nurses, teachers, secretaries, and wives responded to what they believed to be Nazi opportunities only to perform brutal duties.

Essential Prosperity - Napoleon Hill 2022-11-08

The ultimate collection of books for life-changing success It's time to stop living your life on the margins and claim the financial success you deserve. *Essential Prosperity* is a treasury of wisdom that will empower you to move from a life of want—defined by debt, fear, and missed possibilities—to one of true success. You have the power and potential to create the life of abundance you've always imagined and *Essential Prosperity* will show you how. *Essential Prosperity* includes fourteen life changing books from the thought leaders and teachers whose work has changed the world, including: - *The Richest Man in Babylon* by George S. Clason - *Think and Grow Rich* by Napoleon Hill - *Power of Your Subconscious Mind* by Joseph Murphy - *As a Man Thinketh* by James Allen - *Science of Getting Rich* by Wallace Wattles - *The Game of Life* by Florence Scovel Shinn - *The Golden Key* by Emmet Fox - *The Go-Getter* by Peter B. Kyne - *How to Live on 24 Hours a Day* by Arnold Bennett - *Acres of Diamonds* by Russell Conwell - *Creative Mind and Success* by Ernest Holmes - *The Secret of Success* by William Walker Atkinson - *The Life Power and How to Use It* by Elizabeth Towne - *Prosperity* by Annie Rix Militz These experts speak from every background—from self-help and spirituality to finance and business—each of them sharing the secrets to building life changing wealth and prosperity.

Gay Berlin - Robert Beachy 2014-11-18

An unprecedented examination of the ways in which the uninhibited urban sexuality, sexual experimentation, and medical advances of pre-Weimar Berlin created and molded our modern understanding of sexual orientation and gay identity. Known already in the 1850s for the friendly company of its “warm brothers” (German slang for men who love other men), Berlin, before the turn of the twentieth century, became a place where scholars, activists, and medical professionals could explore and begin to educate both themselves and Europe about new and emerging sexual identities. From Karl Heinrich Ulrichs, a German activist described by some as the first openly gay man, to the world of Berlin's vast homosexual subcultures, to a major sex scandal that enraptured the daily newspapers and shook the court of Emperor William II—and on through some of the very first sex reassignment surgeries—Robert Beachy uncovers the long-forgotten events and characters that continue to shape and influence the way we think of sexuality today. Chapter by chapter Beachy's scholarship illuminates forgotten firsts, including the life and work of Dr. Magnus Hirschfeld, first to claim (in 1896) that same-sex desire is an immutable, biologically determined characteristic, and founder of the Institute for Sexual Science. Though raided and closed down by the Nazis in 1933, the institute served as, among other things, “a veritable incubator for the science of tran-sexuality,” scene of one of the world's first sex reassignment surgeries. Fascinating, surprising, and informative—*Gay Berlin* is certain to be counted as a foundational cultural examination of human sexuality. *The Pink Swastika* - Scott Eric Lively 2002

In 1995, we published the 1st Edition of *The Pink Swastika* to counter historical revisionism by the homosexual political movement which had been attempting since the 1970s to fabricate a “Gay Holocaust” equivalent to that suffered by the Jews in Nazi Germany. Fifteen years have passed, but our research into this topic has never stopped.
