Contemporary scholars have begun to explore non-normative sexual orientation, gender identity, and gender expression in a growing victimization literature, but

very little research is focused on LGBTQ communities' patterns of offending (beyond sex work) and their experiences with police, the courts, and correctional institutions. This Handbook, the first of its kind in Criminology and Criminal Justice, will break new ground by presenting a thorough treatment of all of these under-explored issues in one interdisciplinary volume that features current empirical work.

Lesbian, Gay, Bisexual and Trans People (LGBT) and the Criminal Justice System - Charlotte Knight 2016-05-23

This book explores the experiences of lesbian, gay, bisexual and trans (LGBT) communities as victims, offenders and staff within the criminal justice system. It draws on both emerging and existing LGBT research and campaigns to identify and explore issues relevant to the criminal justice system,

including: agencies of the criminal justice system, victimisation, domestic violence and abuse, transgender experiences, LGBT people as offenders, international perspectives and the personal experiences of LGBT people. Charlotte Knight and Kath Wilson trace the legislative journey toward equal treatment before and after the Wolfenden Report. They consider why, for example, lesbians are over represented on death row in the US, how the prosecution characterises them and what part homophobia might play in offending and in sentencing. They raise important questions about the causes of, and responses to, same-sex domestic violence and abuse and how the system delivers justice to trans people. Sodomy laws and the treatment of LGBT people worldwide are also considered and models of good practice are offered. Their insights will be of interest to practitioners, policy makers and scholars of the criminal justice system,

particularly those concerned with the rights of LGBT communities.

Captive Genders - Eric A. Stanley 2015-10-01

"Captive Genders is an exciting assemblage of writings—analyses, manifestos, stories, interviews—that traverse the complicated entanglements of surveillance, policing, imprisonment, and the production of gender normativity. Focusing discerningly on the encounter of transpersons with the apparatuses that constitute the prison industrial complex, the contributors to this volume create new frameworks and new vocabularies that surely will have a transformative impact on the theories and practices of twenty-first century abolition." —Angela Y. Davis, professor emerita, University of California, Santa Cruz "The contributors to *Captive Genders* brilliantly shatter the assumption that the antidote to danger is human sacrifice. In other words, for these thinkers: where life is precious life is precious."

—Ruth Wilson Gilmore, author of *Golden Gulag: Prisons, Surplus, Crisis, and Opposition in Globalizing California*
"Captive Genders is at once a scathing and necessary analysis of the prison industrial complex and a history of queer resistance to state tyranny. By analyzing the root causes of anti-queer and anti-trans violence, this book exposes the brutality of state control over queer/trans bodies inside and outside prison walls, and proposes an analytical framework for undoing not just the prison system, but its mechanisms of surveillance, dehumanization and containment. —Mattilda Bernstein Sycamore, author of *Why Are Faggots So Afraid of Faggots?* *Captive Genders* was the first book of its kind. It remains the touchstone for studies of trans and gender-queer people in prison. It has been revamped to appeal to recent broadened interest. With a new Foreword by CeCe McDonald and essay by Chelsea Manning.

Women's Prison - Gene

Kassebaum 2017-07-28
A thoroughly researched pioneering work based on personal interviews with inmates and prison personnel and on data compiled from questionnaires and inmate record files, *Women's Prison* reveals that homosexual liaisons are the primary foundation of the social structure of female inmates; shows that homosexual behavior can be a superficial kind of adjustment to particular situational privations; amplifies and broadens the application of earlier findings on men's prisons; opens the way for future studies involving the delineation of homosexual roles in the free community. This study began with both of the authors' interest in gathering data on women in prison to see whether there were female prisoner types consistent with the reported characteristics of male prisoners. Early in the course of this study it became apparent that the most salient distinction to be made among the female inmates was between those who were and

those who were not engaged in homosexual behavior in prison, and further, of those who were so involved, between the incumbents of masculine and feminine roles. It has become increasingly apparent that prison behavior is rooted in more than just the conditions of confinement. Unlike their male counterparts who establish the so-called inmate code, women prisoners suffer intensely from the loss of affectional relationships and form homosexual liaisons as the primary foundation of their social organization. The great majority of homosexually involved inmates have their first affair in prison, returning to heterosexual roles outside prison. Women's Prison is a revealing study of social structure and homosexuality for sociologists; of vital interest to social workers, parole officers and chaplains dealing with female inmates as well as penologists and criminologists; and provocative reading for the non-specialist.

First published in 1993. This book looks at the stress of gay and lesbian workers within the work world, and for that reason alone deserves its place on a list of recommended mental health, psycho-social health readings. However, more than this major factor merits consideration. Issues that are core to the identity of any person must be examined from the particular position of the homosexual worker and career seeker, and include such fundamental concepts as fairness, self-esteem, economics, survival, the need and right to participate in the

Macho Love - Jacobo Schifter
2014-01-14

Macho Love: Sex Behind Bars in Central America is the first in-depth study of sexual culture and AIDS in Latin prisons.

Psychologists, social workers, criminologists, and AIDS specialists will discover how the interplay of sexual ideals, prostitution, manipulation, resistance, and power relationships among prisoners and some staff are based on money, sex, drugs, and violence. *Macho Love* gives you a stirring and emotional look at the various risks and dangers lurking in the Latin American prison culture and discusses how Costa Rican and Central American prisons are improving the situation with new intervention programs. Fascinating and informative, *Macho Love* explores the dangerous Latin prison culture as it discusses: new HIV/AIDS prevention programs implemented in some Costa Rican and Central American

prisons the frequency and types of prostitution and rape in prison drug and alcohol addiction and their effects on the spread of HIV/AIDS an understanding of why rehabilitation programs fail or succeed the lack of opportunities to work or to study that leaves the inmates vulnerable to the only freedom they have left--sex why a "cachero," or a man who penetrates another man, is not considered a homosexual and often refuses to wear a condom, which tremendously increases the risk of HIV/AIDS *Macho Love* explores the life-threatening sexual culture in prisons to bring you the realities of the Latin prison culture. This revealing book examines the different types of relationships which occur in prisons and the factors that place inmates at risk for contracting the HIV virus, such as not wearing a condom because of intoxication due to drugs and alcohol. *Macho Love* also shows you how the new HIV/AIDS intervention programs in Costa Rica are

combatting these serious problems to lower HIV infection rates and avoid the spread of this deadly and

dangerous disease.
