Richtig kommen - Dr. Laurie Mintz 2018-09-17

Sex ist erst so richtig gut ... wenn beide Partner sich gleichberechtigt fühlen und gemeinsam zum Orgasmus kommen. Doch nur über Penetration zum Höhepunkt zu gelangen, klappt nicht immer und ist auch nur halb so schön. Ein reizvoller und für viele unentdeckter Weg zu tollem Sex ist der klitorale Orgasmus bei Frauen. Die Psychologin und Sexualwissenschaftlerin Dr. Laurie Mintz hat sich in Forschung und Therapie damit beschäftigt und entschlüsselt in diesem Buch alles, was man darüber wissen muss: was der Körper braucht, welche Techniken funktionieren und wie es alleine und zu zweit Spaß macht. Für alle, die erfahren wollen, was es heißt, richtig zu kommen!

Why Beulah Shot Her Pistol Inside the Baptist Church - Clayton Sullivan 2004-05-01

Raised in the Primitive Baptist Church, Beulah Buchanan at age 16 marries the much older deacon Ralph Rainey to escape from her oppressive parents, thus jumping from the frying pan into the fire. Over the next six years, Beulah works in her domineering husband's cafe all day and cooks him dinner at home every night, dutifully attends church, and falls into an affair with the preacher. When she embarrasses her husband by not cooking enough food for the ravenous visiting revival preacher, Ralph "chastises" Beulah with his belt. When he tries to beat her again on another occasion, she fights back and locks him in the cooler at his cafe, where he freezes to death. This sounds like and is a Southern Gothic tragedy, but it is told in Beulah's voice, which is innocently hilarious. Beulah is an original, but readers who liked Clyde Egerton's Raney and Mark Childress's Crazy in Alabama will hear familiar echoes of those Southern women protagonists.

Rescuing Sex From the Christians - Clayton Sullivan 2006-03-27

A look at the ways that the Christian religion has maligned sex and some suggestions for Christians to think differently about sex.>

Confessions of a Heretic - Brent Mccay 2012-05-17

The Embrace of Eros - Margaret D. Kamitsuka 2010-01-19

The topic of sexuality intersects directly with the most contested historical, theological, and ethical questions of our day. In this edgy yet profound volume, noted scholars and theologians assay the Christian tradition's classic and contemporary understandings of sex, sexuality, and sexual identity. The project unfolds in three phases: contemporary assessments of the Christian tradition, new thinking about eros and being human religiously, and new perspectives on classic mysteries in light of eros and embodiment.

Communication and the Globalization of Culture - S. Nick

Mohammed 2011-09-16

Communication and the Globalization of Culture: Beyond Tradition and Borders, by Shaheed Nick Mohammed, examines the modern and historical evolution of conceptualizations of culture as well as the concept of culture itself. The book suggests that modern corporate globalized media technologies do not destroy culture, but rather force us to re-think how we have conceptualized the differences, uniqueness, and similarities between the other and ourselves.

A Short Life Well Lived - Tom Sullivan 2011-06-28

Brian O'Connor is a successful lawyer, loving husband, and devoted father. He also happens to be blind. Driven his entire life to be independent, Brian has achieved much, but he has been so busy proving his triumph over blindness that he hasn't stopped to consider how his carefully crafted life can all come crashing down in an instant. When his young son is diagnosed with cancer, the long ensuing battle brings Brian to his knees as he comes to terms with his own limitations and his need for faith.

Green Christianity - Mark I Wallace 2010-09-10

The central message of this book is that religion has a special role to play in saving the planet. Religion has the unique power to fire the imagination and empower the will to break the cycle of addiction to nonrenewable energy. The environmental crisis is a crisis not of the head but of the heart. The problem is not that we do not know how to stop climate change but rather that we lack the inner strength to redirect our culture and economy toward a sustainable future. Only a bold and courageous faith can undergird a long-term commitment to change. This book is a call to hope, not despair--a survey of promising directions and a call for readers to discover meaning and purpose in their lives through a spiritually charged commitment to saving the Earth.

The Debilitating Duo - Roche Coleman 2023-10-02

Is it possible to violate God's moral law without experiencing guilt and shame? Can a person silence their conscience from the strange emotions that emerge when one sins? An examination of the original design of humanity in the imago Dei suggests one cannot sin and avoid the debilitating duo. Humanity is created to live within the moral structure established by God. Therefore, a violation of the divine laws, which is sin, leads to guilt and shame. The strange emotions were innate sensation imparted to humanity to stop rebellion against the moral laws and to compel an offender to acknowledge the offense through the confession of sin. Unconfessed sin debilitates the physical and mental functions of a person created in the image of God. Guilt and shame are the strange emotions that serve as mental guardians for an individual as well as for the society in general. The duo was given as silent deterrents to immoral behaviors.

Rescuing Jesus from the Christians - Clayton Sullivan 2002-03-01

A serious attempt to free Jesus from the confining garments of both New Testament studies and orthodox Christianity, to discover a better understanding of Jesus.

Prostitution in Medieval and Early Modern Literature - Albrecht Classen 2019-07-18

Using an interdisciplinary approach and incorporating sources from across the entire European continent dating from the early Middle Ages to the sixteenth century, this book examines the phenomenon of prostitution in a variety of contexts and highlights the extent to which the institution mattered for both the higher and the lower classes.

Точка наслаждения - Лори Минц

Это книга о природе женского оргазма. Автор провозглашает равенство оргазмов и рассказывает о способах его достижения.

The Case for Marriage - Linda Waite 2002-03-05

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and

provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com

The Philosophy of Sex - Raja Halwani 2022-02-28

With 7 new essays, the 8th edition of this best-selling text examines the nature, morality, and significance of contemporary sexual phenomena. Topics include love; desire; rape; masturbation; sex online; homosexual, asexual, queer, and transgender issues; polyamory; paraphilia; drugs and sex; objectification; BDSM; and sex and race.

Christian Doctrine and the Grammar of Difference - Janice McRandal 2015

Rees argues that the doctrinal narrative of creation, fall, and redemption provides resources to resolve the theological impasse of difference in contemporary feminist theology. The divine economy reveals a God who enters into history and destabilizes fixed binaries and oppressive categories. As created subjects, we are sustained, affirmed, and drawn back into the Triune life, patterns present in liturgy, prayer, and practices of contemplation. The grammar of Christian faith cannot ultimately be uncovered except in prayer, opened beyond itself to a source of life and giving.

Ethics in a Christian Context - Paul L. Lehmann 2006-11-21

In this contemporary classic originally published in 1963, Paul Lehmann answers the central question posed time and again to Christians throughout the ages: what am I as a believer in Jesus Christ and a member of his church to do? Lehmann argues that while principles for moral action can be rules of thumb, there are no absolute moral norms beyond the general norm of love. Lehmann contends that Christians are to act in every situation in ways that are consistent with God's humanizing purposes, but what that means changes from context to context and requires strong, faith-shaped discernment. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors through reflection on classic works in the field.
