Exploring Morality and Sexuality in Asian Cinema -

Peter C. Pugsley 2016-04-15

This ground-breaking book explores the moral dimensions of sexual imagery in contemporary, general-release Asian films. It examines debates that arise over aesthetic styles and the cultural and traditional influences that determine the content and impact of these films. The social and regulatory environments for filmmakers across Asia reflect distinct national and cultural differences. In just the past decade, for instance, Indian cinema has rapidly moved from

representations of coy and submissive female protagonists to highly eroticized leading ladies unafraid of flaunting their sexuality. On the other hand, the cinema emerging from the Chinese mainland has been much more circumspect in its representations of overt sexuality, at times in conflict with other Chinese cinemas from Hong Kong and Taiwan. This use of sexual imagery or morally questionable film content raises on-going debates into censorship and the use of state or industry controls to protect certain sectors of society from exposure to particular

narratives or images. Film, like all forms of art, fulfils a number of aesthetic functions for local, regional and international audiences. As distribution and technological advances make Asian films more readily available across the globe, an understanding of the different aesthetics at play will enable readers of this book to recognize key cultural motifs in representations of onscreen sexuality and the surrounding controversies found in cinematic texts from Asia.

Chasing Bliss - Lexi Blake
2019-04-23

Re-released in a second edition with new content. Gemma Wells came to Bliss, Colorado, after a scandal cost her everything. Utterly lost, the disgraced attorney built walls so high that she thinks no one can get through them. She's given up on love, friendship, and all matters of the heart.

Jesse McCann and Cade Sinclair have floated through life, enjoying the world around them, but never allowing themselves to become a part of it. One look at the pretty

attorney and Jesse realizes he's finally found a reason to stay put. Cade isn't so sure. He's crazy about her, but he also knows he doesn't deserve her. As they begin to find their way together, a dark secret from Gemma's past threatens to wreck their futures. Her ex-fiancé is back, bringing danger with him, and their time is running out. Jesse and Cade have to melt this Ice Queen's heart, or she might not leave Bliss alive.

Sexuality and Being in the Poststructuralist Universe of Clarice Lispector - Earl E. Fitz
2001-08-15

The protagonists of the novels and stories of Clarice Lispector exemplify and humanise many of the issues central to poststructuralist thought. This work demonstrates that poststructuralism offers insights into all aspects of Lispector's writing.

Talking with Teens about Sexuality - Beth EdD Robinson
2021-02-16

When Dr. Robinson asked her freshman psychology students what today's parents need to

Downloaded from
legacy.opendemocracy.net
on 2020-12-21 by guest

know about teens and sex, they said parents do not have a realistic view of the world their children live in. A healthy sexual identity requires more than just a list of what not to do. In today's culture of sexual identity confusion, ubiquitous pornography, and #MeToo, teenagers need to know how to protect themselves as well as how to treat others. Talking with Teens about Sexuality will help you understand your teen's world and give you effective strategies in the midst of cultural pressures. Drs. Robinson and Scott provide scientifically reliable and biblically based information about gender fluidity, types of intimacy, online dangers, setting boundaries, and much more. Along the way, the book provides useful conversation starters and insightful guidance. Don't let fear keep you from engaging in vital conversations. Learn how to talk to your teen with knowledge and confidence, guiding them toward a sexually healthy future.

Microsoft Publisher 2002 -

Shelley Gaskin 2003-03
This book provides a unique introduction to Microsoft Publisher that allows the reader to learn this software quickly with as little effort as possible. Featuring an easy-to-use text and excellent organization, Microsoft Publisher is about solving business problems, not about learning software features. It employs Microsoft-recommended "procedural syntax," ensuring that the user does the right thing in the right place. Organized into "lessons", this book covers such topics as getting started, working with text, working with graphics, design sets, tables and mail merge, and creating a website. For any reader that needs to utilize Microsoft Publisher to meet their business needs.

Information Systems and Neuroscience - Fred D. Davis
2020-10-26

This book presents the proceedings of the virtual conference NeuroIS Retreat 2020, June 2-4, hosted in Austria, reporting on topics at the intersection of information

systems (IS) research, neurophysiology and the brain sciences. Readers will discover the latest findings from top scholars in the field of NeuroIS, which offer detailed insights on the neurobiology underlying IS behavior, essential methods and tools and their applications for IS, as well as the application of neuroscience and neurophysiological theories to advance IS theory.

Doctor Hubbard's Sex Facts for Men and Women - Bob

Berkowitz 2009-10-06

Reprinted in the original for the first time in 75 years Listen to Dr. Hubbard! Keep your virtue! In the battle to retain her purity, a young woman's path is beset with dangers and traps. If he permits himself to look at suggestive pictures or indulge in lewd fantasies, a young man brings about thoughts that may cause his ruin. The man a woman should marry should be healthy, clean minded, and strong—not a weakling! On your wedding night, husbands must be tender and appreciate that their little

wife has had a day of excitement and nervous strain. Did you know? Babies grow within the mother's body—babies are not brought by the stork nor in the doctor's black bag.

Transgressive Sex - Hastings Donnan 2012-02-15

Sex is often regarded as a dangerous business that must be rigorously controlled, regulated, and subjected to rules. Sexual acts that defy acceptable practices may be seen as variously defiling, immoral, and even unnatural. They may challenge and subvert both cultural preconceptions and the social order in a politics of sexual transgression that threatens to transform permissible boundaries and restructure bodily engagements. This collection of essays explores acts of sexual transgression that have the power to reconfigure perceptions of bodily intimacy and the social norms of interaction.

Considering issues such as domestic violence, child prostitution, health and sex,

Downloaded from
legacy.opendemocracy.net
on 2020-12-21 by guest

teenage sex, and sex with animals across a range of settings from contemporary Oceania, the Pacific, South Africa, and southeast Asia to Euro-America, this book should interest all those who question the "naturalness" of sex, including public health workers, clinical practitioners and students of sex, sexuality, and gender in the humanities and social sciences.

Gender-Biased Sex Selection in South Korea, India and Vietnam - Laura Rahm
2019-07-18

This book provides an in-depth analysis of the influence of public policy on sex selection. Three Asian countries were chosen for the comparative policy analysis, namely South Korea, India and Vietnam that share in common a historical legacy of son preference, high levels of sex imbalances and active policy response to curbing the growing demographic masculinization of their nations. The research based on the data collected from field work in the three countries shows that despite

the adoption of very similar anti-sex selection policies the outcomes have been markedly different for each of the three countries. These unexpected diverse outcomes are explained partly by their different historical and cultural contexts, and partly to the different social, political and economic institutions and dynamics. This monograph offers careful and detailed explanations of both within and across country diversities in policy outcomes, pointing to the importance and the limits of cross-national policy learning and adoption, and raising questions about the efficacy of international organizations' current approaches to global policy and knowledge transfer.

Exploring the Dimensions of Human Sexuality - Jerrold S. Greenberg 2014

Why It Sells - Marcel Danesi
2007-09-21

Marcel Danesi is an entertaining and insightful tour guide to decoding the messages woven into the advertisements, commercials,

Downloaded from

A history of activism against the commercial sexual exploitation of American youth from the 1970s to 2015.

Handbook of the New Sexuality Studies - Steven Seidman
2007-03-12

As the field of sexuality studies has become a growth area in

academia and classes on sexuality studies are incorporated into various disciplines, the expanding book market has been filled with specialist oriented texts which are often theoretically focused and contain too many summaries for an undergraduate audience.

Addressing this imbalance, this key new volume presents the field of sexuality in an accessible and engaging way for undergraduates. Breaking new ground, both substantively and stylistically, this book offers students, academics and researchers an accessible, engaging introduction and overview of this emerging field. Its central premise is to explore the social character of sexuality, the role of social differences such as race or nationality in creating sexual variation, and the ways sex is entangled in relations of power and inequality. Through this novel approach, the field of sexuality is considered, for the first time, in multicultural, global, and comparative terms and from a truly social

Downloaded from
legacy.opendemocracy.net
on 2020-12-21 by guest

perspective. This important volume consists of over fifty short and original essays on the key topics and themes in sexuality studies, and interviews with twelve leading scholars in the field which convey some of the most innovative work being done. Each contribution clearly conveys the latest research with examples. Ideal for students of gender and sexuality studies, this topical and timely volume will be an invaluable resource to all those with an interest in sexuality studies.

Rock to Riches - Andrew Chapman 2008

When business gets tough, the tough get rockin' -- rock solid business advice from the world's most solid rock stars
Labor Relations Reporter - 1988

[Introducing the New Sexuality Studies](#) - Nancy L. Fischer 2016-07-11

Introducing the New Sexuality Studies is an innovative, reader-friendly anthology of original essays and interviews

that introduces the field of sexuality studies to undergraduate students. Examining the social, cultural, and historical dimensions of sexualities, this anthology is designed to serve as a comprehensive textbook for sexualities and gender-related courses at the undergraduate level. The book's contributors include both well-established scholars, including Patricia Hill Collins, Jeffrey Weeks, Deborah L. Tolman, and C.J. Pascoe, as well as emerging voices in sexuality studies. This collection will provide students of sociology, gender, and sexuality with a challenging and broad introduction to the social study of sexuality that they will find accessible and engaging.

Economics, Sexuality, and Male Sex Work - Trevon D. Logan 2017-01-11

This book provides the first economic analysis of the billion-dollar male sex work market in the United States.

Sex Offenders - Fabian M. Saleh 2021

"In his annual lecture to second

year medical students, Dr. Fred Berlin describes an interview he had, early in his career, with a man whom he was evaluating following the man's arrest for child sexual abuse. Halfway through the interview, the arrested man interrupted Dr. Berlin's questions and said, You know, Doctor, your society takes a newborn baby boy; gathers family and friends, takes a knife and without any anesthesia cuts skin off the tip of his penis. This is accepted as a religious act. I bend over and kiss that same penis, and I am arrested as a child sexual abuser. Can you explain that to me? (Berlin, 2000)"--

Gender and Sexuality in Contemporary Popular

Fantasy - Jude Roberts
2016-06-03

This book explores the ways in which contemporary writers, artists, directors, producers and fans use the opportunities offered by popular fantasy to exceed or challenge norms of gender and sexuality, focusing on a range of media, including television episodes and series, films, video games and multi-

player online role-play games, novels and short stories, comics, manga and graphic novels, and board games. Engaging directly with an enormously successful popular genre which is often overlooked by literary and cultural criticism, contributors pay close attention to the ways in which the producers of fantasy texts, whether visual, game, cinematic, graphic or literary texts, are able to play with gender and sexuality, to challenge and disrupt received notions and to allow and encourage their audiences to imagine ways of being outside of the constitutive constraints of socialized gender and sexual identity. With rich case studies from the US, Australia, UK, Japan and Europe, all concentrating not on the critique of fantasy texts which duplicate or reinforce existing prejudices about gender and sexuality, but on examining the exploration of or attempt to make possible non-normative gendered and sexual identities, this volume will appeal to scholars across the social
