While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. Why I Am Not a Muslim - Ibn Warraq 2010-09-30

Those who practice the Muslim faith have resisted examinations of their religion. They are extremely guarded about their religion, and what they consider blasphemous acts by skeptical Muslims and non-

Muslims alike has only served to pique the world's curiosity. This critical examination reveals an unflattering picture of the faith and its practitioners. Nevertheless, it is the truth, something that has either been deliberately concealed by modern scholars or buried in obscure journals accessible only to a select few.

Sex and Marriage in Islam - Mukund Guru 2016-04-07

This book comes into existence for the sole purpose of illuminating the masses, those within and without Islam about the concepts in Islam related to two interrelated topics: sex and marriage. As interrelated as they may be in effect, whereas Islam seems to hold marriage in the highest regard, a certain stigma seems to have attached to sex. Be it the burning issues of subjugation of women in Islamic societies or the barbaric, archaic methods of punishing those that indulge in prohibited sexual activities, certain Islamic practices have naturally been at the receiving end of the collective disgust of many. In this book, however, we have abstained from expurgation, thereby approaching each sub-topic within the broader umbrellas from both points of view, classical and modern. Therefore, to complement the prescribed views of Islam that speak against homosexuality, a chapter titled 'LGBT in Islam' has been included to highlight the efforts of LGBT people within Islam who strive to change the ancient mindset still propagated by certain members of the faith. In order to highlight the sheer variety of the culture that has its roots in the middle east, we have included marital practices from countries as varied as India/Pakistan to Indonesia/Malay in order for

our readers to understand the great diversity that Islam is capable of fostering.

Sexual Ethics and Islam - Kecia Ali 2016-01-07

Stoning. Slavery. Honour Killings. Homosexuality. In the context of Islam, these topics are frequently discussed but little understood. When debated, such emotive issues often spark heated argument rather than reasoned deliberation. In this lucid and carefully constructed collection of essays, feminist academic Dr Kecia Ali examines classical Muslim texts and tries to evaluate whether a just system of sexual ethics is possible within an Islamic framework. Seeking to avoid polemical argument, Ali inspects key themes such as consent and control, which are crucial to any understanding of either traditional Islamic sexual ethics or the possibilities for progressive transformation in these ideals. Suitable for undergraduates and the interested reader alike, *Sexual Ethics and Islam* is an essential tool for understanding modern Islam in today's increasingly sexualised world.

Sexuality in Islam - Abdelwahab Bouhdiba 2013-02-01

Originally published in 1985. Beginning with the Qur'an, Abdelwahab Bouhdiba confronts the question of male supremacy in Islam, and the strict separation of the masculine and the feminine. He gives an account of purification practices, of Islamic attitudes towards homosexuality, concubinage, legal marriage and of the sexual taboos laid down by the Qur'an. He assesses present-day sexual practice, including eroticism, misogyny and mysticism and concludes that the sexual alienation - and even oppression - of modern Muslim women is the result not of the Islamic vision of sexuality, but of social and economic pressures.

Book on Marriage and Relationships

No Truth Without Beauty - Leena El-Ali 2021-12-01

In this comprehensive open access book, written for readers from any or no religious background, Leena El-Ali does something remarkable. Never before has anyone taken on every last claim relating to Islam and women and countered it not just with Qur'anic evidence to the contrary, but with easy-to-use tools available to all. How can a woman's testimony be worth half of a man's? How can men divorce their wives unilaterally by uttering three words? And what's with the obsession with virgins in Paradise? Find the chapter on any of the seventeen topics in this book, and you will quickly learn a) where the myth came from and b) how to bust it. The methodology pursued is simple. First, the Qur'an is given priority over all other literary or "scriptural" sources. Second, the meaning of its verses in the original Arabic is highlighted, in contrast to English translations and/or widespread misunderstanding or misinterpretation.

Intimacy and the Sacred - Habeeb Alli 2011-07-11

Intercourse with ones spouse is part of being human. Alli has taken such a subject which has cultural taboos all around it, and brought it to the reader with religious light. Something that is rare in the English language. A must read. Tahir Anwar, Imam, U.S.A. "Sex is a normal function of life...so normal that every single human being owes its existence to it. However because of the insanity that has gripped the world in terms of porn this book acts as sane voice. Sex is sacred and we need to take back the sheets from the porn industry. Many young people are drawn to porn and what is learnt from its pages/screens is all wrong. Women are to be respected. And in the arena of love/sex between married people only true knowledge can bring joy. This book carrying such knowledge should be required reading by all young people as it discusses the topic of intimacy in a halal manner". Like a Garment - Yasir Qadhi 2019-03-04

As- Salaam Alaikum! I welcome you to our 'Like A Garment' e-book, an initiative that seeks to educate Muslims to find conjugal bliss in their marriages. The name of this project came from one of the most beautiful, poetic and profound metaphors of the Qur'an. Allah states, "Permitted for you, during the night of the fast, that you approach your wives. They are your garments, and you are their garments" [al-Baqarah; 187]. In this verse, each spouse is described as a 'garment' to the other. The famous exegete Ibn Jarir al-Tabari (d. 311) stated that this description most aptly described the act of intimacy between the spouses, for during that act, each spouse sheds his or her other garments and then wraps around the other, taking the place of clothes. Al-Qurtubi (d. 671) also comments on this metaphor, and adds that just as clothes protect their wearer from the external elements, similarly each spouse protects the other from external passions that would harm a marriage. Combining between the various explanations of this beautiful metaphor found in the books of tafseer, we can derive many meanings from it: - The act of procreation is so intimate that it is literally as if one of the spouses covers up the other, just as clothing covers up one's body. Another euphemism that the Qur'aan uses for the sexual act is the verb ghashsha, which means 'to cover up, to envelop'. - One primary purpose of clothing is to conceal one's nakedness, since this nakedness (or 'awrah) is embarrassing to display, and should be hidden from the eyes of others. Similarly, each spouse conceals the other spouse's faults, and does not reveal them to others. - Clothing protects one from the external elements, such as heat and cold. Similarly, spouses protect one another from external desires that originate from many different sources. By satisfying these desires within the confines of marriage, external passions are removed. - Clothing is the primary method through which humans beautify themselves. Without clothing, one is incomplete and naked. Similarly, spouses beautify and complete one another; when a person is not married, he or she is not yet complete and has not reached his or her full potential. Marriage is an essential part of being fully human, just like clothes are an essential part of being fully civilized. - Clothes are only worn in front of others, and are not necessary in front of spouses. It is only in front of one's spouse that the other spouse can discard his or her garments. - Clothes are the closest thing to one's body. Nothing comes between a person and his or her clothes. So the analogy of spouses being 'like clothes to one another' implies such a closeness - there is nothing, literally and metaphorically, that should come between spouses.

Love and Sex in Islam - Abdullah R. Muhametov 2013-04-15

Everything you wanted to know about sex and love in Islam, but were hesitant to ask about: polygamy, contraception allowed by Sharia, oral and group sex, homosexual marriages and also the relationship with jinns, masturbation and mysteries of martial relations - all that is allowed and all that is prohibited in sexual relations in this noble and pure religion. Many people both in the West and Russia continue to have a mistaken illusion that love, sex and variability of relations between man and woman are either suppressed in Islam or in contrary exceed all norms of decency. The book is an insight into this matter. The Muslim man is perceived as an ideal type of an always ready sexual partner. Love and Sex in Islam lifts the veil covering the delicate theme, in which the phenomena seeming incompatible turn out to be good neighbors.
