[Surprised by Oxford](#) - Carolyn Weber 2013-02-04

"Well written, often poignant and surprisingly relatable." - Kirkus Reviews "A hugely readable journey of cultural and spiritual discovery, sparkling with wit and wisdom." - Alister McGrath "Carolyn Weber's memoir reads like a fast-paced novel. I loved the humor, skillful use of language and her compelling account of her steps to finding God at Oxford. I was totally captivated from beginning to end." - Marilyn Meberg Surprised by Oxford is the memoir of a skeptical agnostic who comes to a dynamic personal faith in God during graduate studies in literature at Oxford University. Carolyn Weber arrives at Oxford a feminist from a loving but broken family, suspicious of men and intellectually hostile to all things religious. As she grapples with her God-shaped void alongside the friends, classmates, and professors she meets, she tackles big questions in search of Truth, love, and a life that matters. From issues of fatherhood, feminism, doubt, doctrine, and love, Weber explores the intricacies of coming to faith with an aching honesty and insight echoing that of the poets and writers she studied. Rich with illustration and literary references, Surprised by Oxford is at once gritty and lyrical; both humorous and spiritually perceptive. This savvy, credible account of Christian conversion and its after-effects follows the calendar year and events of the school year as it entertains, informs, and promises to engage even the most skeptical and unlikely reader.

"Surprised by Oxford is a sprightly contribution to the genre of spiritual memoirs in the vein of C.S. Lewis's Surprised by Joy and Lauren F. Winner's Girl Meets God. Carolyn Weber is an unconventional thinker whose engagingly told faith journey will speak to folks who still believe that thoughtful people cannot be Christian." - Lyle W. Dorsett

[Dangerous Gifts](#) - Ozan Ozavci 2021

From Napoleon Bonaparte's invasion of Egypt in 1798 to the foreign interventions in the ongoing civil wars in Syria, Yemen, and Libya today, global empires or the so-called Great Powers have long assumed the responsibility to bring security in the Middle East. The past two centuries have witnessed their numerous military occupations to 'liberate', 'secure' and 'educate' local populations. They staged first 'humanitarian' interventions in history and established hitherto unseen international and local security institutions. Consulting fresh primary sources collected from some thirty archives in the Middle East, Russia, the United States, and Western Europe, Dangerous Gifts revisits the late eighteenth and nineteenth century origins of these imperial security practices. It explicates how it all began. Why did Great Power interventions in the Ottoman Levant tend to result in further turmoil and civil wars? Why has the region been embroiled in a paradox-an ever-increasing demand despite the increasing supply of security-ever since?

It embeds this highly pertinent genealogical history into an innovative and captivating narrative around the Eastern Question, emancipating the latter from the monopoly of Great Power politics, and foregrounding the experience of the Levantine actors. It explores the gradual yet still forceful opening up of the latter's economies to global free trade, the asymmetrical implementation of international law in their perspective, and the secondary importance attached to their threat perceptions in a world where political and economic decisions were ultimately made through the filter of global imperial interests.

[Mistresses](#) - Linda Porter 2020-04-16

According to the great diarist, John Evelyn, Charles II was 'addicted to women', and throughout his long reign a great many succumbed to his charms. Clever, urbane and handsome, Charles presided over a hedonistic court, in which licence and licentiousness prevailed. Mistresses is the story of the women who shared Charles's bed, each of whom wielded influence on both the politics and cultural life of the country. From the young king-in-exile's first mistress and mother to his first child, Lucy Walter, to the promiscuous and ill-tempered courtier, Barbara Villiers. From Frances Teresa Stuart, 'the prettiest girl in the world' to history's most famous orange-seller, 'pretty, witty' Nell Gwynn and to her fellow-actress, Moll Davis, who bore the last of the king's fifteen illegitimate children. From Louise de K roualle, the French aristocrat - and spy for Louis XIV - to the sexually ambiguous Hortense Mancini. Here, too, is the forlorn and humiliated Queen Catherine, the Portuguese princess who was Charles's childless queen. Drawing on a wide variety of original sources, including material in private archives, Linda Porter paints a vivid picture of these women and of Restoration England, an era that was both glamorous and sordid.

When Carolyn Weber moved to Oxford University to study, she didn't expect to find God there. But she did. As she grappled with her newest and most important relationship, she also found that there was another invitation: to think bigger about love. In this book we follow Weber through courtship and into marriage and parenthood. Now a literature professor, Weber reflects on her relationship with a sometimes-absent father and how that has shaped her. Through her personal story, as well as spiritual, theological, and literary reflection, Sex and the City of God explores what life looks like when we choose to love God first.

Sex and the Ancient City - Andreas Serafim 2022-05-09

This volume aims to revisit, further explore and tease out the textual, but also non-textual sources in an attempt to reconstruct a clearer picture of a particular aspect of sexuality, i.e. sexual practices, in Greco-Roman antiquity. Sexual practices refers to a part of the overarching notion of sexuality: specifically, the acts of sexual intercourse, the erogenous capacities and genital functions of male and female body, and any other physical or biological actions that define one's sexual identity or orientation. This volume aims to approach not simply the acts of sexual intercourse themselves, but also their legal, social, political, religious, medical, cultural/moral and interdisciplinary (e.g. emotional, performative) perspectives, as manifested in a range of both textual and non-textual evidence (i.e. architecture, iconography, epigraphy, etc.). The insights taken from the contributions to this volume would enable researchers across a range of disciplines - e.g. sex/gender studies, comparative literature, psychology and cognitive neuroscience - to use theoretical perspectives, methodologies and conceptual tools to frame the sprawling examination of aspects of sexuality in broad terms, or sexual practices in particular.

A Time of Gifts - Patrick Leigh Fermor 2010-10-10

INTRODUCED BY JAN MORRIS '[This] gloriously ornate account of that epic journey is a classic' ROBERT MACFARLANE 'The feeling of being lost in time and geography with months and years hazily sparkling ahead is a prospect of inconjecturable magic.' In 1933, aged eighteen, Patrick Leigh Fermor set out on his 'great trudge', a year-long journey by foot from the Hook of Holland to Istanbul. Three decades later he wrote *A Time of Gifts*, the sparkingly original account of the first part of this youthful adventure, which took him through the Low Countries, up the Rhine, through Germany, down the Danube, through Austria and Czechoslovakia, and as far as Hungary. Alone, carrying only a rucksack and with a small allowance of only a pound a week, Fermor had planned to sleep rough - to live 'like a tramp, a pilgrim, or a wandering scholar' - but a chance introduction in Bavaria led to comfortable stays in castles, and provided a glimpse of the old Europe of princes and peasants. Hailed

as a masterpiece, *A Time of Gifts* is in part a coming-of-age memoir, but it is also a rich and compelling portrait of a continent that - despite its resplendent domes and monasteries, its great rivers and grand cities - was soon to be swept away by war, modernisation and profound social change. 'Not only is this journey one of physical adventure but of cultural awakening. Architecture, art, genealogy, quirks of history and language are all devoured -- and here passed on -- with a gusto uniquely his' COLIN THUBRON, SUNDAY TIMES 'One of the most romantic books of the twentieth century, Patrick Leigh Fermor's account of a long walk across Europe is also a literary treasure, a rich blend of action and observation' GUARDIAN

Love in Africa - Jennifer Cole 2009-08-01

In recent years, scholarly interest in love has flourished. Historians have addressed the rise of romantic love and marriage in Europe and the United States, while anthropologists have explored the ways globalization has reshaped local ideas about those same topics. Yet, love in Africa has been peculiarly ignored, resulting in a serious lack of understanding about this vital element of social life—a glaring omission given the intense focus on sexuality in Africa in the wake of HIV/AIDS. *Love in Africa* seeks both to understand this failure to consider love and to begin to correct it. In a substantive introduction and eight essays that examine a variety of countries and range in time from the 1930s to the present, the contributors collectively argue for the importance of paying attention to the many different cultural and historical strands that constitute love in Africa. Covering such diverse topics as the reception of Bollywood movies in 1950s Zanzibar, the effects of a Mexican telenovela on young people's ideas about courtship in Niger, the models of romance promoted by South African and Kenyan magazines, and the complex relationship between love and money in Madagascar and South Africa, *Love in Africa* is a vivid and compelling look at love's role in African society.
