Punk 57 Penelope Douglas 2016 "MISHA I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. *Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--Amazon.com

Frank Zappa, Captain Beefheart and the Secret History of Maximalism Michel Delville 2005 A comparative account of the musical and cultural acts of Zappa and his cohort, collaborator and antagonist Captain Beefheart. experiments of California freakdom through the dada blues of Beefheart, mapping out the pleasures of imaginative excess. The Buddha and the Borderline Kiera Van Gelder 2010-08-01 Kiera Van Gelder's first suicide attempt at the age of twelve marked the onset of her struggles with drug addiction, depression, post-traumatic stress, self-harm, and chaotic romantic relationships-all of which eventually led to doctors' belated diagnosis of borderline personality disorder twenty years later. The Buddha and the Borderline is a window into this mysterious and debilitating condition, an unblinking portrayal of one woman's fight against the emotional devastation of borderline personality disorder. This haunting, intimate memoir chronicles both the devastating period that led to Kiera's eventual diagnosis and her inspirational recovery through therapy, Buddhist spirituality, and a few online dates gone wrong. Kiera's story sheds light on the private struggle to transform suffering into compassion for herself and others, and is essential reading for all seeking to understand what it truly means to recover and reclaim the desire to live.

Reading Eustathios of Thessalonike Filippomaria Pontani 2017-02-20 Despite the relevance of Eustathios to both Classical and Byzantine studies, no monograph and no collective volume in English has yet been devoted to his figure. This book attempts to fill in this gap by addressing the various facets of his output - above all his commentaries on Homer, Dionysius the Periegete, Pindar, and the Iambic Canon on the Pentecost; but also his historiographical work, his speeches and his theological production receive due attention. The book also tackles several aspects of Eustathios' style (proverbs, allusions, etc.), and the meaning of his work in the context of his historical moment. Addressed at specialists but also at graduate students with an interest in the reception of Classical antiquity and in Byzantine civilisation, the volume gathers papers by leading scholars from various countries, and it opens up new paths of research in

several areas of philology and history, above all by interweaving and juxtaposing Eustathios' dimension as an Homerist and an immensely learned classical scholar with his capacities as an orator, a highly praised teacher, a rhetorically refined writer of Greek prose, an historian of his own turbulent times, and an archbishop who had to fulfil his everyday duties.

Sex and Sensibility in the Novels of Alan Hollinghurst Mark Mathuray 2017-05-26 Winner of the British Association for Contemporary Literary Studies (BACLS) 2017 Edited Collection Prize This book is a challenging and engaging collection of original essays on the novels of Alan Hollinghurst, Britain's foremost gay writer and the English novel's master stylist. The

essays engage the precarious and shifting relationship between sex and literary sensibility in his novels and, thus, also attempt to establish the parameters of a new critical discourse for future research on Hollinghurst's novel, queer theory and the contemporary literary representations of masculinity and sexuality. By coupling the consideration of Hollinghurst's aesthetics, his sensuously evocative style, to an interrogation of the social, political and sexual currents in his texts, the contributors of this collection provide distinctive interpretations of Hollinghurst's novels, from Hollinghurst's uncovering of a gay artistic heritage to his re-signification of earlier English literary styles, from his engagement with the Symbolist fin de siècle to his critique of aestheticism, etc., whilst paying close attention to the formally innovative qualities of his texts.

The Optical Unconscious Rosalind E. Krauss 1994-07-25 The Optical Unconscious is a pointed protest against the official story of modernism and against the critical tradition that attempted to define modern art according to certain sacred commandments and self-fulfilling truths. The account of modernism presented here challenges the vaunted principle of "vision itself." And it is a very different story than we have ever read, not only because its insurgent plot and characters rise from below the calm surface of the known and law-like field of modernist painting, but because the voice is unlike anything we have heard before. Just as the artists of the optical unconscious assaulted the idea of autonomy

and visual mastery, Rosalind Krauss abandons the historian's voice of objective detachment and forges a new style of writing in this book: art history that insinuates diary and art theory, and that has the gait and tone of fiction. The Optical Unconscious will be deeply vexing to modernism's standard-bearers, and to readers who have accepted the foundational principles on which their aesthetic is based. Krauss also gives us the story that Alfred Barr, Meyer Shapiro, and Clement Greenberg repressed, the story of a small, disparate group of artists who defied modernism's most cherished self-descriptions, giving rise to an unruly, disruptive force that persistently haunted the field of modernism from the 1920s to the 1950s and continues to disrupt it today. In order to understand why modernism had to repress the optical unconscious, Krauss eavesdrops on Roger Fry in the salons of Bloomsbury, and spies on the toddler John Ruskin as he amuses himself with the patterns of a rug; we find her in the living room of Clement Greenberg as he complains about "smart Jewish girls with their typewriters" in the 1960s, and in colloquy with Michael Fried about Frank Stella's love of baseball. Along the way, there are also narrative encounters with Freud, Jacques Lacan, Georges Bataille, Roger Caillois, Gilles Deleuze, and Jean-François Lyotard. To embody this optical unconscious, Krauss turns to the pages of Max Ernst's collage novels, to Marcel Duchamp's hypnotic Rotoreliefs, to Eva Hesse's luminous sculptures, and to Cy Twombly's, Andy Warhol's, and Robert Morris's scandalous decoding of Jackson Pollock's drip pictures as "Anti-Form." These artists introduced a new set of values into the field of twentieth-century art, offering ready-made images of obsessional fantasy in place of modernism's intentionality and unexamined compulsions.

Pioneer to the Past (Abridged, Annotated) Charles Breasted
2016-01-20 The challenging and exciting life of James Henry Breasted spanned the most important years of the early western exploration of ancient Egypt. He was at the center of turbulent and world-changing events, including World War I and the discovery of the tomb of Tutankhamun by Howard Carter. An immensely talented scholar, he explored the Nile Valley and its antiquities in the late 19th and early 20th centuries, recording inscriptions and participating in digs with men like Petrie. At his side was his wife, as well as his son Charles, who wrote this admiring work about the life and times of his father. James Breasted was consulted with by such men as General Allenby during WWI. When Howard Carter discovered Tut's tomb in 1922, one of the first men he and his patron, Lord Carnarvon, contacted was Breasted. He not only saw the tomb shortly after its discovery, his effort to mediate between Carter and the Egyptian government when Carter was later locked out of the tomb is detailed here. You cannot understand ancient Egypt or modern Egyptology without knowing about Breasted's remarkable life. He was the founder of the Oriental Institute at the University of Chicago. For the first time, this long out-of-print volume is available as an affordable, well-formatted book for e-readers, tablets, and smartphones. The World of William Clissold Herbert George Wells 1926

Essays Plutarch 1992 Born at the very heart of Greece—between Athens and Apollo's shrine at Delphi—in the mid-40s of the first century CE, Plutarch combined an intense love of his locality and family with a cosmopolitan outlook that embraced the whole Roman Empire. His encyclopaedic writings form a treasure trove

of ancient wisdom, yet his strong religious feelings and deeply humanist temperament give them all a compelling and individual voice. Whether he is offering abstract speculation or practical ethics, fresh and arresting reflections on anger and flattery, military versus intellectual glory or the reasoning powers of animals, Plutarch's charm and personality constantly shine through. Above all, concludes Kidd, his essays remain magnificently readable, works that 'can still entertain, instruct, stimulate and educate us and also introduce us to one of the most attractive characters in classical literature'.

Accelerando Charles Stross 2010-11-04 His most ambitious novel to date, ACCELERANDO is a multi-generational saga following a brilliant clan of 21st-century posthumans. The year is some time between 2010 and 2015. The recession has ended, but populations are ageing and the rate of tech change is accelerating dizzyingly. Manfred makes his living from spreading ideas around, putting people in touch with one another and leaving a spray of technologies in his wake. He lives at the cutting edge of intelligence amplification technology, but even Manfred can take on too much. And when his pet robot cat picks up some interesting information from the SETI data, his world - and the world of his descendants - is turned on its head.

Hell and Back Tim Parks 2012-02-07 In this brilliant collection

of essays, Tim Parks, a celebrated novelist and master of the essay form, offers a wide range of wonderfully challenging and always provocative reflections on literature and the art of writing. Parks turns his attention to classic authors such as Dante, Leopardi, Borges, Beckett, and Christina Stead; contemporary writers including Vikram Seth and Salman Rushdie; and the late W. G. Sebald and José Saramago, along with a dozen others. The lead essay on Dante sets the tone for the entire collection: erudite, contemplative, witty, and meticulous, it constantly offers new insights into *The Inferno*, that most celebrated of all poems. In *Hell and Back*, Tim Parks reminds us just how exciting the essay form can be.

Bringing Light to Twilight G. Lost Libraries J. Raven 2004-01-31 This pioneering volume of essays explores the destruction of great libraries since ancient times and examines the intellectual, political and cultural consequences of loss. Fourteen original contributions, introduced by a major re-evaluative history of lost libraries, offer the first ever comparative discussion of the greatest catastrophes in book history from Mesopotamia and Alexandria to the dispersal of monastic and monarchical book collections, the Nazi destruction of Jewish libraries, and the recent horrifying pillage and burning of books in Tibet, Bosnia and Iraq.

A Thread of Deepest Black Finn Marlowe 2012-03-06 When his mortal enemy shows up on his doorstep asking an unspeakable favor, Killian Frost is curious. What could drive a shape-shifter to beg a werewolf for an honorable death in the line of duty--defending humans from soul-stealing Lycans? Moreover, why ask Killian, who has kept his own feet off that dark path? Colton Dcarie's conflicted heart can take no more of the violent hunts

that consume his humanity. Death would be a mercy, but the price is impossibly simple: one night of submission in Killian's bed. Yet as Killian extracts payment in flesh and pleasure, Colton finds himself giving all that's demanded of him and more, feeling something he hasn't felt in a long time. Alive. And Killian discovers the hidden cost of sleeping with the enemy. To keep the balance between light and dark, Bella Luna binds his Lycan blood with a quest to unravel a conspiracy threatening all his kind. If he's brave enough, he'll discover a love that means more than the power of a dead man's soul.

Androgyny in Modern Literature T. Hargreaves 2004-11-10

Androgyny in Modern Literature engages with the ways in which the trope of androgyny has shifted during the late nineteenth and twentieth-centuries. Alchemical, platonic, sexological, psychological and decadent representations of androgyny have provided writers with an icon which has been appropriated in diverse ways. This fascinating new study traces different revisions of the psycho-sexual, embodied, cultural and feminist fantasies and repudiations of this unstable but enduring trope across a broad range of writers from the fin de siècle to the present.

The Word that Causes Death's Defeat Anna Andreevna Akhmatova 2004-01-01 Anna Akhmatova (1889–1966), one of twentieth-century Russia's greatest poets, was viewed as a dangerous element by post-Revolution authorities. One of the few

unrepentant poets to survive the Bolshevik revolution and subsequent Stalinist purges, she set for herself the artistic task of preserving the memory of pre-Revolutionary cultural heritage and of those who had been silenced. This book presents Nancy K. Anderson's superb translations of three of Akhmatova's most important poems: *Requiem*, a commemoration of the victims of Stalin's Terror; *The Way of All the Earth*, a work to which the poet returned repeatedly over the last quarter-century of her life and which combines Old Russian motifs with the modernist search for a lost past; and *Poem Without a Hero*, widely admired as the poet's magnum opus. Each poem is accompanied by extensive commentary. The complex and allusive *Poem Without a Hero* is also provided with an extensive critical commentary that draws on the poet's manuscripts and private notebooks. Anderson offers relevant facts about the poet's life and an overview of the political and cultural forces that shaped her work. The resulting volume enables English-language readers to gain a deeper level of understanding of Akhmatova's poems and how and why they were created.
