### **Rebuilding Catholic Culture**

- Ryan Topping 2013-01-18

Rarely does a book come along that so succinctly explains the decline of modern culture, articulates a defense of the Church's teachings, and offers a hope-filled path for building a civilization grounded in Catholic truth. In these pages, Dr. Ryan Topping does all three, pulling back the curtain on the false philosophies of the secularists and showing that in the West today the most formidable threat to freedom is not failing economies or Islam,

but secularism. Our best

~~New Oxford Review - 1999~~

defense, he claims, is a vibrant Catholic culture, and our best hope for creating it lies in the principles found in the Catechism of the Catholic Church. This book takes you on a masterful journey through the relevant portions of the Catechism, distilling sophisticated theological concepts into words that are simple, clear, and direct, while unpacking its core teachings on faith and morals that nurture true civilizations. In *Rebuilding Catholic Culture*, you'll also discover sensible ways to begin restoring Catholic culture -- right now -- in your own life and family, and in our larger communities as well: in the theater, the classroom, in our hospitals, and even in the public square. This profoundly accessible book will renew your confidence in the world-transforming character of our Creed and in the potency of our Faith to shape and redefine the culture of the West.

**A Chicken's Guide to Talking Turkey with Your Kids About Sex** - Kevin Leman  
2009-10-14

You're already establishing a track record with your kid by how you listen, by what you say when you're angry, and by how you treat your spouse. We like to surprise parents who ask us, "When do I start talking about sex?" The answer is, you've already started. As difficult as talking with your child about sex, peer pressure, and self-image may seem, you can do it—and you must. Your child's future depends on it. Fortunately, you've got plenty of guidance and insight

available in ~~A Chicken's Guide~~ to Talking Turkey with Your Kids about Sex. Family psychologist Dr. Kevin Leman and sexuality educator Kathy Flores Bell guide you safely along the sometimes rocky road of pubescence as your child heads toward adolescence. This practical and engaging book covers his or her development not just from the waist down, but also from the neck up, where the important decisions about sex are made. Illustrated with real life scenarios, this book is filled with practical knowledge and biblical wisdom. It is a book of firsts: first bra, first shave, first period, first nocturnal emission, first school dance, first discussion about relating to the opposite sex. A Chicken's Guide takes on the difficult things parents face with their kids today, such as dating relationships, sexual activity and "rite of passage" attitudes, STDs, molestation, and more. Leman and Bell take you beyond sex education and frank conversations to cultivating a relationship with

your child. Get ready to acquire some unanticipated life skills in the process. Moms, discover how to buy that first athletic supporter for your son in Little League. Dads, learn how to navigate the feminine hygiene aisle at the supermarket for your daughter. You'll do more than meet your child's physical needs. You'll create the trust, support, and security he or she needs in your relationship. And in turn, you'll gain a credible voice on such intimate topics as what sexual intercourse is and why to abstain from sex until marriage. With Bell's expert yet simple knowledge of the dynamics of human sexuality and Dr. Leman's winsome, lighthearted approach, you'll gain confidence for those difficult but essential talks. Here are the tools you need to help your kids not only understand their growing bodies, but cope with the temptations and social pressures that go with them.

Keeping You & Your Kids Sexually Pure - La Verne Tolbert Ph.D. 2007-01-22  
La Verne Tolbert, author of *Keeping Your Kids Sexually Pure*, offers solid advice and biblical wisdom for parents, youth workers, teachers, and church workers. In the midst of a society bombarded with sexual messages, Tolbert

suggests that "we speak with one voice: sexual experimentation is unacceptable." Dr. Tolbert has over 25 years experience as an abstinence educator, plus she and her husband have raised a daughter of their own. With lots of stories and examples, she writes in an honest, down-to-earth language every reader will appreciate. This book is a must for parents who long to protect their children.

*The Education of Eros* - Dennis L. Carlson 2012-05-22

*The Education of Eros* is the first and only comprehensive history of sexuality education and the "problem" of adolescent sexuality from the mid-20th century to the beginning of the 21st. It explores how professional health educators, policy makers, and social and religious conservatives differed in their approaches, and battled over what gets taught about sexuality in schools, but all shared a common understanding of the adolescent body and adolescent desire as a problem

that required a regulatory and disciplinary education. It also looks the rise of new social movements in civil society and the academy in the last half of the 20th century that began to re-frame the "problem" of adolescent sexuality in a language of rights, equity, and social justice. Situated within critical social theories of sexuality, this book offers a tool for re-framing the conversation about adolescent sexuality and reconstructing the meaning of sexuality education in a democratic society.

[Catholic Sexual Morality -](#)

Robert L. Fastiggi 2018-01-04  
Many people today believe that the traditional Catholic view of sex is antiquated, unrealistic, and potentially harmful. In Catholic Sexual Morality, Dr. Robert Fastiggi asks whether the permissive sexual attitude of today's culture is really contributing to deeper love,

— better relationships, and true happiness for men, women, children, and families. He begins with the example of St. Augustine who recognized he was a slave to lust and in need of true freedom. Fastiggi then examines the foundations for Catholic sexual morality in Scripture, reason, and human experience. The hope is that people will realize that the Catholic Church is not "against sex" but sees sexual intimacy as something so beautiful and life-giving that it requires the stability of marriage for its true and rightful expression. Catholic Sexual Morality is grounded in the belief that the church's teachings on sex correspond to God's plan for human happiness. These teachings are challenging, and the church understands how easy it is to fail in sexual matters. God's mercy, however, is more powerful than human weakness and sin. This book explains the reasons why the Catholic Church teaches as she does on matters such as pornography, masturbation, fornication, adultery,

contraception, divorce, and homosexual acts. It presents these teachings in a realistic way with full recognition of the reasons why people reject them. The ultimate desire is to help people understand that Catholic sexual morality is not a creation of church leaders but a response to what God has made known to us in Sacred Scripture and the natural law. In a world filled with infidelity, divorce, wounded children, and broken hearts, the wisdom of traditional Catholic sexual morality deserves a more sympathetic view--not just because it is Catholic but because it is true.

*Winning Spiritual Battles: High School Group Study* - Jim Burns  
2011-12-06

Many youth leaders today feel as if they have their hands full in helping their teens grow into godly young men and women in a culture that glorifies

~~worldliness. But the fact is the~~ temptations of our surrounding culture are a symptom of a deeper threat: spiritual attack. Now pastors and leaders can equip their teens to stand firm against the enemy. *Winning Spiritual Battles Uncommon High School Group Study*, one of the *Uncommon* series of group studies created by veteran youth minister Jim Burns, includes 12 sessions of interactive Bible study that will guide young people to root themselves in salvation, discover their identity in Christ, and pray God's Word against spiritual attack. Inside the book you'll find a special download link for additional reproducible student handouts and options for every session to tailor each study to your group's unique needs.
